OGS to Begin Work on Upper Swan Street

On Monday, January 30, 2012 the Office of General Services (OGS) will begin scheduled work on the Swan Street Parking Garage and upper Swan Street roadway. The project is scheduled to be completed in October.

While the street will remain open for vehicle traffic, parking will not be allowed in front of the Swan Street Building. The visitor's spots outside the daycare center will not be affected.

Jersey barriers will be set up to protect the work area and redirect traffic and a temporary pedestrian sidewalk will be set up outside of the work zone.

Traffic signs and an electronic message board at the corner of Madison Avenue and South Swan Street will provide updated information about changes in traffic patterns.

The existing CDTA bus stop will be relocated approximately 150 yards south. CDTA will post new signage identifying the stop.
