**SUBJECT:** GM RECALL (POLICE IMPALA)

**TO ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:**

General Motors (GM) has announced a recall of certain model year 2008-2012 Chevrolet Impala police vehicles because the front lower control arms in the suspension may fracture, which could lead to sudden changes in handling and loss of steering control. These vehicles were sold by Hoselton Chevrolet under the above noted contract awards. GM will begin notifying owners of the recall on August 21, 2012, however, any contract users affected by this recall may contact the Chevrolet owner center at 866-694-6546 or their local authorized Chevrolet dealer today to schedule the replacement of both front lower control arms, free of charge.

Non-police Impala sedans have different suspension parts and are not affected by this recall.
