

Approved 2/10/09

Traffic Safety Products

Covered Products:

Traffic Cones, Channelizer Drums, Flexible Delineator Posts

Definitions:

Postconsumer Material: A material or finished product that has served its intended use and has been diverted or recovered from waste destined for disposal, having completed its life as a consumer item. Postconsumer material is a part of the broader category of recycled materials.

Specifications:

Traffic safety products shall, to the maximum extent practicable, be composed of a minimum of 50% total recycled rubber or plastic material content and a minimum of 10% postconsumer content.

Item	Total Recycled	Post Consumer
Traffic Cones	50%	10%
Channelizer Drums w/ 25lb. base	50%	10%
Channelizer Drums w/ 40lb. base	50%	10%
Flexible Delineator Posts	50%	10%

The recommended recycled materials content levels are based on the dry weight of the raw materials, exclusive of any additives such as adhesive binders or coloring agents.
