

July 28, 2010 Procurement Subcommittee summary

- I. Review of Specifications: Draft specifications for the following items were reviewed, finalized, and the sub-committee voted to present them for review by the Interagency Committee at its next meeting:
  - a. Industrial and Institutional Cleaning Products
    - i. General Purpose Cleaner
    - ii. Glass Cleaner
    - iii. Bathroom Cleaner
    - iv. Carpet Cleaner
    - v. Hand Soap & Cleaner
  - b. Photovoltaic panels
  - c. Non-cfl fluorescent lamps
  - d. Treated road salt
  
- II. Review of Advisory Council Recommendation on Chemicals
  - a. DEC staff presented a Powerpoint pertaining to the recommendation. The presentation fostered discussion of the purpose of the recommendation and the various ways the Interagency Committee could respond to it.
  - b. Members discussed the potential benefits and drawbacks of adopting the Recommendation or some variation thereof. Members discussed the source documents that the Council utilized.
  - c. Members further considered what actions the EO4 Interagency Committee might take to address the Council's recommendations. Members discussed alternatives that included adoption of the Recommendation as is and potential adoption of an alternative approach toward chemicals that is loosely informed by the Recommendation.
  - d. Members concluded that additional discussion was needed at a future meeting
