Commodity, Service and Technology EO4 Specifications Priorities
The Interagency Committee on Sustainability and Green Procurement
Tentatively Approved on July 22, 2008

The Interagency Committee has developed this tentative list of categories and products as required by Executive Order No. 4, *Establishing A State Green Procurement and Agency Sustainability Program*. Specifications that will promote greener procurement contracts will be researched, drafted and issued for use by state agencies, public authorities and public benefit corporations based on the final list. The list continues to be subject to further review, consideration and deliberation[s] by the Interagency Committee and some products on the list may *not* be included in the final list. The Interagency Committee plans to issue the final list at its August 26, 2008 meeting.
