

Question #	IFB Document Name	Document Section (Name or number)	Vendor(s) Question (rephrased)	Proposed OGS Response
1	IFB_Main	I.2.1	Lot I - Instrumentation: Item # 9, Screening Devices A/S - Intoximeters no longer manufactures the Alco-Sensor but does manufacture the Alco-Sensor III, which is the same product but provides a three digit reading, instead of a two-digit reading. Please confirm the Alco-Sensor III meets the requirements for the bid and will be an accepted instrument to bid.	For Lot I, Item #9 - The Alco-Sensor III meets the requirements set forth in this solicitation. "Alco-Sensor" has been replaced with "Alco-Sensor III".
2	IFB_Main	I.2.2	Lot II - Mouthpieces: Item # 25 & Item # 26, Mouthpiece - Please confirm that one of these is the regular mouthpiece and the other is a restricted mouthpiece for use with the Alco-Sensor and Alco-Sensor III	Item 26 shall state " (Restricted) ".
3	IFB_Main	I.3	Per previous Contract Update (Award Number 20737) dated November 16, 2012, two vendors were listed as no longer participating contractors and are now noted in Section I.3 of Bid 22699, as approved manufacturers. Please confirm this to be correct.	A vendor should bid in accordance to terms and conditions outlined in this solicitation.
4	IFB_Main	V.2	Method of Award: Bidders are encouraged to offer optional pricing for Item # 32. Our company offers a dry gas refill program with an attractive price relative to the initial purchase price of the tanks. These aluminum tanks are refillable and can be recycled. Do we have the opportunity to bid this option in the current price schedule for all Items 33 through 37? If so, where and how should we provide pricing and details when we submit our offering?	For this solicitation, a refill program is not included.
5	IFB_Main	V.2.1	Evaluation Process: Please confirm that the lowest qualified bidder will be chosen for each line item within each lot, therefore making it possible to have multiple awards per lot.	Yes, as stated in Section V.2 - Method of Award. "Award shall be made by Item based on low bid for Lots I - V on a determination of the lowest price bid by a responsive and responsible bidder."
6	IFB_Main	VI.7	Supplier/Manufacturer Certificate: The IFB read that bids will only be accepted from the manufacturer of Lot IV.	Bids from an authorized distributor and/or manufacturer will be considered. The specific quality requirements (i.e. accreditation) applies to the manufacturer, regardless of the distributor.
7	Attachment 1 - Price Pages	Lot I	Please note that on Item 11 that Intoximeters is the Manufacturer Name of the AS IV Screening Device, not "MPD, Inc (CMI)".	Attachment 1 - Price Pages, Lot I, Item 11 the manufacturer has been changed to read "Intoximeters".
8	IFB_Main	I.3	What is the process for enlisting products and devices that are not already listed as an approved and evaluated product?	A vendor who has their instrument evaluated and included on the National Highway Traffic Safety Administration/Department of Transportation Complying Products List, may contact Ms. Lisa Lee, NYS Division of Criminal Justice Services (DCJS), by e-mail at lisa.lee@dcjs.ny.gov to obtain guidance for submittal.
