

HOW TO USE MACRO DIGITAL TECHNOLOGY, INC.'s SUBCONTRACTORS:

Macro Digital Technology Corp. has always been committed to providing the highest quality, cost effective solutions to its clients. To furnish turnkey solutions the use of our partnering subcontractors can be utilized:

This additional work may require, but not be limited to, the utilization to the following subcontracting services to accommodate the overall design requirements to provide a turnkey solution:

- General Contractor specialists to install, modify, and/or furnish material for structural changes, painting, patching, etc. as necessary.
- Electrical subcontractors to install, modify, and/or furnish materials for electrical systems including, but not limited to raceway, cabling, line voltage supply, control trenching, pole installation, etc. as necessary
- Locksmiths to install, modify, and/or furnish material including, but not limited to, door strikes, door closures, etc. as necessary
- Cabling specialists to install, modify, and/or furnish material including, but not limited, fiber optic cabling, fiber optic connectors, duct banks, etc. as necessary.
- Specialized IT services including but not limited to, network support, design, switch deployment and testing, application programming and analysis.

Macro Digital Technology Corp. will offer these services at a fee not to exceed cost plus 25% of the subcontractor invoice.

Macro Digital will demonstrate the cost of these services by submitting the original subcontractor's quote to the authorized user for review prior to the commencement of work. In Addition, Macro Digital will attach a copy of the subcontractor's invoice with our fee clearly noted, when applying for payment. This fee includes direct expenses to manage the subcontractor including, but not limited to

- Developing a Scope of Work
- Procuring subcontractors' quotes to the authorized user for review prior to the commencement of work
- Managing project documents such as time sheets, certified payrolls, as-built documents, etc.
- Coordinating project activities between trades
- Ensuring project plans & specifications are met
- Overseeing all aspects of the installation to ensure projects are completed in a timely manner.

- Inspection of work performed to ensure the project meets Macro Digital's and the client's approval.

Macro Digital will take full ownership of the project and will be the single point of contact for the client.

All subcontractors have a minimum of two years experience in their specialty.
