All vendors are encouraged to register online at the OGS web site (www.ogs.state.ny.us/purchase/seller.asp) to receive additional notifications of bid opportunities electronically from New York State. Vendors may go to the same address and choose the PSG bid calendar at anytime to view upcoming Bid Documents without registering online. Please be aware that mail receipt of past Invitations For Bid (IFB's) is no guarantee that you will automatically receive notifications in the future. Bidders should periodically check the bid calendar to find information on upcoming bids, or register online for automatic notification of bids in your field of interest. Unfortunately, unless registered online, Procurement Services will be unable to automatically send you notification of changes or amendment to the solicitation should they occur.

HOW TO USE THIS CONTRACT

If you are looking for a particular type of furniture:

Refer to the list of manufacturer's offerings to identify those companies that manufacture items of the type you need. Then refer to the terms and conditions section to determine conditions for purchase as well as the contract holder. The name, address, and contact information for the contract holders are available in the first section of the award.

To find out if a distributor is actually endorsed as a contract representative:

Check the distributors contact information for the company name.

To find a distributor in your area for a particular manufacturer line:

Check the manufacturer list of distributors. Then check the distributor contact list. Contact only those distributors in your area. Should you have any questions regarding the appropriate distributors, contact the appropriate contract holder.

If searching to see if a particular manufacturer's line is available in state contract:

Use the cross-reference of distributors & Contract holders. The number provided to the left indicates the location of the manufacturer within the Terms & Conditions section.

If unsure of the manufacturer you wish to use:

View the distributor contact information then contact distributors in your area code for help in finding products applicable to your needs.

If using an authorized distributor to make your purchase rather than the contract holder:

Purchase orders to these distributors should be made out to the CONTRACT HOLDER c/o the DISTRIBUTOR (for example: Human Factor c/o 495 Forms) with payment made to contract holder's Federal Id Number.

When furniture purchase requires the inclusion of services not noted under the contract:

Services not covered under this contract such as installation or a quick ship up charge should be billed under a separate purchase order that does NOT reference this contract. These charges are subject to your purchase entity's discretionary purchase regulations and are not considered to be "contract purchases"

NOTE: Vendors not being actively utilized under this award (as indicated by vendor submitted sales reports) may eventually be removed to reduce administrative oversight. For this reason it is important to note the appropriate contract number on your purchase order form. It is likewise important for contract holders to accurately report sales figures on the sales report form contained in this award, to assure their continued active contract status.

Discount Utilization: All discounts noted in the award were extensively benchmarked among other federal, state, and municipal contracts to guarantee the best available discounts relative to the terms and conditions of this award (including catalog wide set discounting, and a 3 year fixed price term). However, there are instances where a singular purchase may be available at a better discount than that contained in this award. State purchasers are encouraged to use the contract discounting noted as a benchmark toward negotiating a best price among vendors with products meeting your needs. This method should always be explored whenever large volume purchases to a single location are being made, when a large number of similar items are being purchased, or when strong competition exists among comparable product lines.

Price Changes And Catalog Updates: Price lists are firm for this contract until a revision is issued on May 1st of 2004. Any vendor professing approval of price list change prior to that date should be reported to the contract administrator. Additions of new items at the same discount level, as well as removal of discontinued items (which must no longer be available on a national basis) will be allowed twice a year May 1st and November 1st (with the exception of the third and fifth year price list changes). Requests for product change will be accumulated until those dates, at which time a purchase memorandum will be prepared outlining all appropriate catalog changes which have occurred under the contract.

SPECIAL NOTE TO ALL CONTRACT USERS: CORCRAFT also makes furniture covered by this contract.

INVOICES MUST BE SENT DIRECTLY TO THE ORDERING AGENCY FOR PAYMENT.

NOTE TO AGENCY:

The letters SB listed under the Contract Number indicate the contractor is a small business. Additionally, the letters MBE and WBE indicate the contractor is a Minority-owned Business Enterprise and/or Woman-owned Business Enterprise, respectively.

AGENCIES SHOULD NOTIFY THE PROCUREMENT SERVICES GROUP PROMPTLY IF THE CONTRACTOR FAILS TO MEET THE DELIVERY TERMS OF THIS CONTRACT. PRODUCT THAT DOES NOT COMPLY WITH THE SPECIFICATIONS OR IS OTHERWISE UNSATISFACTORY TO THE AGENCY SHOULD ALSO BE REPORTED TO THE PROCUREMENT SERVICES GROUP.

NOTE TO ALL CONTRACT USERS:

The terms and conditions of the solicitation which apply to the award appear at the end of this document. We strongly advise all contract users to familiarize themselves with all terms and conditions before issuing a purchase order.

SPECIAL NOTE:

The basis for selection among multiple contracts at the time of purchase shall be the most practical and economical alternative and shall be in the State's best interest taking into consideration.

- the form, function and utility needs of the purchaser;
- the price of a given good or service;
- the administrative, training, storage, maintenance, or other overhead associated with the good or service;
- the value of warranties, delivery schedules, financing costs and foregone opportunity costs associated with the good or service;
- the life span and associated life cycle costs of the given good and service including but not limited to costs or savings associated with construction, energy use, maintenance, operation, salvage or disposal; and,
- when applicable, the experience of the purchaser with the contractor and/or contract products.

As guided by the procurement record requirements contained in the State Procurement Guidelines, purchasers should document the basis for the contract/product selection for internal purposes.

CHANGES IN CONTACT NAME, CONTACT ADDRESS, AND PHONE #:

Changes in this information have been limited to March 1st and September 1st. Requests will be accumulated until those dates, at which time a purchase memorandum will be prepared outlining all distributor changes which have occurred under the contract. Awarded parties should make every effort to coordinate their efforts to implement changes to correspond with this timeframe to prevent negative financial ramification to their business.

CHANGES & ADDITIONS IN PRODUCT OFFERINGS:

Additions of new items at the same discount level, as well as removal of discontinued items (which must no longer be available on a national basis) will be allowed twice a year May 1st and November 1st (with the exception of the third and fifth year price list changes). Requests for product change will be accumulated until those dates, at which time a purchase memorandum will be prepared outlining all appropriate catalog changes which have occurred under the contract.

LIST OF AUTHORIZED DISTRIBUTORS:

ONLY THOSE distributors listed on this list will be considered authorized to act on behalf of the contractor. Companies professing contractor endorsement will NOT be allowed to take orders unless they have been acknowledged in the Award document, or in subsequent purchase memorandums. Due to the large number of contracts, it is necessary to restrict applications for changes to the authorized distributor list to twice a year - January 1st, and July 1st. Requests will be accumulated until those dates, at which time a purchase memorandum will be prepared outlining all distributor changes which have occurred under the contract. **ONLY THE CONTRACT HOLDER may submit changes to the list of their authorized distributors.** Contract holders should e-mail changes to the address noted on the cover sheet of the award. These changes should note all manufacturers lines affected; include all applicable related contract numbers; and display the revised distributor

LIST OF AUTHORIZED DISTRIBUTORS: (CONT'D)

information alphabetically, in the same format as exists in the award, including the distributors award number (if it currently exists on the authorized list).

PREFERRED SOURCE PRODUCTS:

Some products in this contract may be available from one or more preferred source suppliers such as Correctional Industries (Corcraft), Industries for the Blind of NYS, and NYS Industries for the Disabled. Agencies are reminded to comply with the statutory requirements under Section 162 of the State Finance Law and the guidelines issued by the State Procurement Council to afford first priority to products available from preferred sources that meet your form, function and utility.

Contractors are required to include this notice in all price lists and contract updates.

PRICE:

Price includes all customs duties and charges and is net, F.O.B. destination any point in New York State including tailgate delivery. In addition, upon mutual agreement, delivery locations may be expanded for the "Extension of Use" clause. Please review preferred source product offerings and make purchases in conformance with established preferred source programs.

Price lists are firm for this contract until a revision is issued on May 1st of 2004. Any vendor professing price list change prior to that date should be reported to the contract administrator. Additions of new items at the same discount level, as well as removal of discontinued items (which must no longer be available on a national basis) are allowed twice a year, May 1st and November 1st, (with the exception of the third and fifth year price list changes). Requests for product change will be accumulated until those dates, at which time a purchase memorandum will be prepared outlining all appropriate catalog changes which have occurred under the contract.

INSIDE DELIVERY:

Inside delivery noted as an additional charge on the bid sheet shall include unloading, moving to point of use, uncrating, minor assembly, adjusting and leaving ready to operate to the full extent of its design capabilities, with final connections, if any, to be made by others.

REQUEST FOR CHANGE:

Any request by the agency or contractor regarding changes in any part of the contract must be made in accordance with the terms of this award, as previously noted in the Invitation for Bid. Changes should be faxed, or e-mailed to the contract administrator noted on the cover sheet of this award.

CONTRACT PAYMENTS:

Payments cannot be processed by State facilities until the contract products have been delivered in satisfactory condition. Payment will be based on any invoice used in the supplier's normal course of business. However, such invoice must contain sufficient data including but not limited to Contract No., description of product, quantity, unit and price per unit as well as Federal Identification Number.

State facilities are required to forward properly completed vouchers to the Office of the State Comptroller for audit and payment. All facilities are urged to process every completed voucher expeditiously giving particular attention to those involving cash discounts.

If the contract terms indicate political subdivisions and others authorized by law are allowed to participate, they are required to make payments directly to the contractor. Prior to processing such payment the contractor may be required to complete the ordering non-State agency's own voucher form.

NON-STATE AGENCIES PARTICIPATION IN CENTRALIZED CONTRACTS:

New York State political subdivisions and others authorized by New York State law may participate in contracts. These include, but are not limited to local governments, public authorities, public school and fire districts, public and nonprofit libraries, and certain other nonpublic/nonprofit organizations. See "Participation in Centralized Contracts" in Appendix B, OGS General Specifications. For purchase orders issued by the Port Authority of New York and New Jersey (or any other authorized entity that may have delivery locations adjacent to New York State), the terms of the "Price" clause shall be modified to include delivery to locations adjacent to New York State.

Upon request, all eligible non-State agencies must furnish contractors with the proper tax exemption certificates and documentation certifying eligibility to use State contracts. A list of categories of eligible entities is available on the OGS web site (www.ogs.state.ny.us) under "Non-State Agency Legal References." Questions regarding an organization's eligibility to purchase from New York State Contracts may also be directed to OGS Procurement Services Group's Customer Services at 518-474-6717.

EXTENSION OF USE:

These contracts may be extended to additional States or governmental jurisdictions upon mutual written agreement between New York State (the lead contracting State) and the contractor. Political subdivisions and other authorized entities within each participating State or governmental jurisdiction may also participate in any resultant contract if such State normally allows participation by such entities. New York State reserves the right to negotiate additional discounts based on any increased volume generated by such extensions.

MINIMUM ORDER:

Some contractors have elected to honor orders for less than the minimum. For such orders, the contractors as specified, have added shipping costs from the origination address (as stated in bid) to invoice with a copy of the freight bill. Shipping costs are to be prepaid by contractor and such orders are to be shipped on an F.O.B. destination basis. All such orders must be shipped by the most economical method for the proper delivery of the product unless special instructions are stated on the order by the agency.

DELIVERY:

Delivery is expressed in number of calendar days required to make delivery after receipt of a purchase order.

Product is required as soon as possible.

Delivery shall be made in accordance with instructions on Purchase Order from each agency. If there is a discrepancy between the purchase order and what is listed on the contract, it is the contractor's obligation to seek clarification from the ordering agency and, if applicable, from the Office of General Services, Procurement Services Group.

GUARANTEE:

The contractor guarantees that the furniture is standard new furniture, latest model of regular stock product with all parts regularly used with the type of furniture offered; also, that no attachment or part has been substituted or applied contrary to manufacturer's recommendations and standard practice. Every unit delivered must be guaranteed against faulty material and workmanship for a period of one (1) year. If, during this period, such faults develop, the unit or part affected shall be replaced without any cost to the State including any charges for parts, labor and transportation.

CONTRACT PERIOD AND RENEWAL:

It is the intention of the State to enter into a contract for a term of five (5) years as stated on the Invitation for Bids except that the commencement and termination dates appearing on the Invitation for Bids may be adjusted forward unilaterally by the State for any resulting contract for up to two calendar months, by indicating such change on the Contract Award Notification.

The contract dates may be adjusted forward beyond two months only with the approval of the successful bidder. If, however, the bidder is not willing to accept an adjustment of the contract dates beyond the two month period, the State reserves the right to proceed with an award to another bidder.

However, the State may unilaterally cancel the contract on a monthly basis any time after the initial twelve (12) months by providing written notification at least three (3) months prior to the requested date of cancellation. Cancellation will become effective the first of the month following the 3-month notification. The minimum term of the contract shall be twelve (12) months. This provision does not affect the State's right of suspension or cancellation contained in the "Suspension of Work" and "Cancellation" clauses in Appendix B, OGS General Specifications.

Discounts are firm for the entire period of the contract. Discount reduction will not be allowed and is specifically excluded from the terms and conditions. Price decreases or discount increases are permitted at any time.

If mutually agreed between the Procurement Services Group and the contractor, the contract may be renewed under the same terms and conditions for an additional period not to exceed twenty-four (24) months.

SHORT TERM EXTENSION:

In the event the replacement contract has not been issued, any contract let and awarded hereunder by the State, may be extended unilaterally by the State for an additional period of up to one month upon notice to the contractor with the same terms and conditions as the original contract including, but not limited to, quantities (prorated for such one month extension), prices, and delivery requirements. With the concurrence of the contractor, the extension may be for a period of up to three months in lieu of one month. However, this extension terminates should the replacement contract be issued in the interim.

RESERVATION:

The State reserves the right to negotiate lower pricing, or to advertise for bids, any unanticipated excessive purchase. An "unanticipated excessive purchase" is defined as an unexpected single order for a contract product(s) totaling more than \$150,000.

PACKAGING:

All packaging shall meet industry standards and provide complete protection to furniture in shipment, loading and unloading, and long-term storage if required.

All packaging shall be labeled as to Contents, Purchase Order No., Model No., Fabric No., and/or Finish.

DELIVERY CONDITION:

All furniture with the exception of Systems Furniture and Shelving shall be delivered fully assembled (except frame type beds where side rails are attached to head and foot boards and dining room tables without the use of tools), and ready for use. No "KD" furniture shall be accepted unless contractor's representative is present to assemble it upon receipt. Other exceptions may be made with prior agreement between the contractor and ordering agency.

FINISHES:

All finishes shall be applied in accordance with the highest industry standards to assure the longest possible durability. All materials used must be lead-free and shall meet all OSHA Standards in place at the time of manufacture. Material Safety Data Sheets shall be available upon request.

Colors shall be manufacturer's standard offering and shall be designated at the time of order.

WORKMANSHIP:

The assembly and finishing of all components parts shall be done in a first class workmanship-like manner. All upholstery shall be free of loose stitching, raw edges, ripples or sagging. The finished product shall be neat, trim and visually acceptable.

Cushion covers on removable cushions shall be easily removable for replacement and/or cleaning.

Complete instructions for cushion and cushion cover removal and cleaning shall be included with, but not attached to, each piece of furniture delivered.

FLAMMABILITY:

All textiles shall meet the flammability requirements of NFPA 260 latest update when tested in accordance with the methods of that standard.

All upholstered products offered should also meet the requirements of California Technical Bulletin 117 Section A Part I and Section D Part III when tested in accordance with that method.

NOTE:

Certified Laboratory Test Results or Certificate of Compliance with Flammability Requirements on ALL upholstering fabrics and foam shall be submitted to the Procurement Services Group, upon request.

CONSTRUCTION:

Shall be manufacturer's standard design and construction resulting in good durability in high use environments. Whenever possible, cushions on upholstered furniture should be easily removable for cleaning and covers should be easily removable for laundering and replacement.

All furniture shall exhibit the highest quality workmanship in all areas of construction and finishing.

PRICE SHEETS AND CATALOGS:

Contractor shall be required to furnish, without charge, catalog and price lists identical to those accepted with their bid, including any changes (additions, deletions, etc.) pursuant to the contract, to authorized users which request them. Catalogs and price lists provided must reflect all products excluded from the resultant contract either through the omission of those portions or by obvious indications within the catalogs and price lists.

Upon request, the contractor shall assist authorized users in the use of catalogs and price lists.

DECORATING AIDS, CATALOGS, AND PRICE LISTS:

Office of Mental Health (OMH) and OMRDD will require quantities of fabric swatches to facilitate the interior decoration of their facilities. The swatches shall be 3" x 5" and be available for all regularly stock fabrics. Additionally, photographs of the furniture that clearly show the product size, manufacturer and model number of each piece and finish blocks for all finishes shall also be available.

Price lists shall be provided upon request at no charge to all users. Catalogs or appropriate excerpts shall also be provided upon request at no charge.

REPORT OF CONTRACT PURCHASES:

Contractor shall furnish report of purchases made from contract the fifteenth of the month following the end of each six-month period. The reports shall be in the format as listed at the end of this award document. This report should be submitted by July 15th for the period January 1 through June 30th, and by January 15th for the period July 1 through December 31st.

The report is to be submitted to the Office of General Services, Procurement Services Group, Tower Bldg., Empire State Plaza, Albany, NY 12242, to the attention of the individual shown on the front page of the Contract Award Notification and shall reference the commodity group number, the Invitation for Bids number, contract number, sales period, and contractor's name.

Failure to submit the required report may be cause for disqualification of contractor for future contracts.

"OGS OR LESS" GUIDELINES APPLY TO THIS CONTRACT:

Purchases of the product(s) included in the Invitation For Bids and related Contract Award Notification are subject to the "OGS or Less" provisions of Section 163.3.a.v., Article XI, of the New York State Finance Law. This means that State agencies can purchase product(s) from sources other than the contractor provided that such product(s) are substantially similar in function, form or utility to the product(s) herein and are:

1. lower in price
-and/or-
2. available under terms that are more economically efficient to the State agency (e.g. delivery terms, warranty terms, etc.).

Agencies are reminded that they must provide the State contractor an opportunity to match the non-contract savings at least two business days prior to purchase. In addition, purchases made under "OGS or Less" flexibility must meet all requirements of law including, but not limited to, advertising in the New York State Contract Reporter, prior approval of the Comptroller's Office and competitive bidding of requirements exceeding the discretionary bid limit. State agencies should refer to Procurement Council Bulletin "OGS or Less Purchases" for complete procedural and reporting requirements.

Due to the vast number of discrepancies in manufacturers' submission of this data, as well as the large volume of distributors, there are bound to be errors in the contact information. These will be periodically corrected as PSG is made aware of them. Correction information should be submitted in table format to the email address listed on the front of this award. **ONLY THOSE distributors listed on this list are considered authorized to act on behalf of the contractor.** Companies professing contractor endorsement will NOT be allowed to take orders unless they have been acknowledged in the Award document, or in subsequent purchase memorandums. Due to the large number of contracts, it is necessary to restrict applications for changes to the authorized distributor list to twice a year - January 1st, and July 1st. Requests will be accumulated until those dates, at which time a purchase memorandum will be prepared outlining all distributor changes which have occurred under the contract. Purchase orders to these distributors should be made out to the CONTRACT HOLDER c/o the DISTRIBUTOR (for example: Human Factor c/o 495 Forms) with payment made to contract holder's Federal Id Number.

**PERIODIC REPORT
OF
TERM CONTRACT PURCHASES**

INSTRUCTIONS TO CONTRACTOR

1. Please enter all information requested (Name and Address, Group Number, Period, etc.) in areas provided.
2. In the report columns, provide information as shown on "Contract Award Notification" for item number, description, "unit", product category (1-10) etc. The description may be paraphrased or abbreviated, but should include the stock number. Quantities should be reported as **totals**. It is not necessary to show an invoice by invoice accounting for each product shipped.

Example as follows:

NYS Dept. of Education	\$ 1,000	Rensselaer Co. Dept. of Labor	\$5,000 + 50 Inside Delivery
NYS Dept. of Transportation	20,000 + 3,000 Inside Delivery + 2500 Cal 133	City of Buffalo	\$14,000

3. **If no purchases are made, submit a report stating "No Purchases."**
4. Do not overlap report periods from any prior report. Do not carry over amounts previously reported.
5. Please submit a separate report for each manufacturer's line held (do not report different contracts on the same form).
6. It is important that complete records be kept of all orders against the contract. Therefore, if you are a manufacturer and shipments are made from distributor's or agent's stocks, be sure to report them.
7. Reports should be sent to the address at the top of this page.
Any questions regarding the submission of your report should be directed to the Purchasing Officer responsible for the contract. It should also be noted that failure to submit timely reports may result in your company being deemed non-responsive. The falsification of such reports may result in a non-responsive designation and subsequent legal action.
8. Category of Furniture - See page 41 of award document for detailed descriptions - include only numeric codes applicable to the purchase. If more than one code is appropriate, separate the numbers with a space - do not use commas or any other punctuation.
