CONTRACT AWARD NOTIFICATION

Title	:	Group - 31502 - BITUMINOUS CONCRETE HOT MIX ASPHALT (FOB Plant) (All State Agencies & Political Subdivisions) Classification Code: 30
Award Number	:	<u>21899</u> (Replaces Award 21141)
Contract Period	:	March 1, 2010 through February 28, 2013
Bid Opening Date	:	October 22, 2009
Date of Issue	:	March 12, 2010
Specification Reference	:	SPEC-918 dated September 22, 2009, and as amended in the Invitation for Bids (Supersedes SPEC-914 dated October 27, 2008) and Purchasing memorandum dated October 7, 2009
Contractor Information	:	Appears beginning on Page 2 of this Award

**The Procurement Services Group values your input.
Complete and return "Contract Performance Report" at end of document.**

Description

Bituminous Concrete is a mixture of stone of various sizes and liquid bituminous material. The mixture is heated and proportioned in a bituminous concrete plant and compacted on a road in a heated state. Once the material cools, it becomes a hard durable material. Bituminous concrete is used for roads, parking lots, tennis courts, sidewalks, bike paths and for patching same.

Cash Discount, If Shown, Should be Given Special Attention.
INVOICES MUST BE SENT DIRECTLY TO THE ORDERING AGENCY FOR PAYMENT.
(See "Contract Payments" and "Electronic Payments" in this document.)

AGENCIES SHOULD NOTIFY THE PROCUREMENT SERVICES GROUP PROMPTLY IF THE CONTRACTOR FAILS TO MEET DELIVERY OR OTHER TERMS OF THIS CONTRACT. PRODUCTS OR SERVICES WHICH DO NOT COMPLY WITH THE SPECIFICATIONS OR ARE OTHERWISE UNSATISFACTORY TO THE AGENCY SHOULD ALSO BE REPORTED TO THE PROCUREMENT SERVICES GROUP.

SMALL, MINORITY AND WOMEN-OWNED BUSINESSES:

The letters SB listed under the Contract Number indicate the contractor is a NYS small business. Additionally, the letters MBE and WBE indicate the contractor is a Minority-owned Business Enterprise and/or Woman-owned Business Enterprise.

RECYCLED, REMANUFACTURED AND ENERGY EFFICIENT PRODUCTS:

The Procurement Services Group supports and encourages the purchase of recycled, remanufactured, energy efficient and "energy star" products. If one of the following codes appears as a suffix in the Award Number or is noted under the individual Contract Number(s) in this Contract Award Notification, please look at the individual awarded items for more information on products meeting the suffix description.

RS,RP,RA	Recycled
RM	Remanufactured
SW	Solid Waste Impact
EE	Energy Efficient
E*	EPA Energy Star
ES	Environmentally Sensitive

NOTE TO AUTHORIZED USERS:

When placing purchase orders under the contract(s), the authorized user should be familiar with and follow the terms and conditions governing its use which usually appears at the end of this document. The authorized user is accountable and responsible for compliance with the requirements of public procurement processes. The authorized user must periodically sample the results of its procurements to determine its compliance. In sampling its procurements, an authorized user should test for reasonableness of results to ensure that such results can withstand public scrutiny.

The authorized user, when purchasing from OGS contracts, should hold the contractor accountable for contract compliance and meeting the contract terms, conditions, specifications, and other requirements. Also, in recognition of market fluctuations over time, authorized users are encouraged to seek improved pricing whenever possible.

Authorized users have the responsibility to document purchases, particularly when using OGS multiple award contracts for the same or similar product(s)/service(s), which should include:

- a statement of need and associated requirements,
- a summary of the contract alternatives considered for the purchase,
- the reason(s) supporting the resulting purchase (e.g., show the basis for the selection among multiple contracts at the time of purchase was the most practical and economical alternative and was in the best interests of the State).

(continued)

PRICE:

General – Subsection 24-b of Appendix B (GENERAL SPECIFICATIONS) is modified to include provisions stated in this PRICE clause.

Price includes:

- All customs duties and charges and is F.O.B. plant per net ton;
- Net ton mile; net per day for equipment provided by the vendor;
- Net per day (to the nearest quarter day) for flaggers;
- Per project for mobilization.

Price adjustments, if any, will be calculated on the basis of when the material is actually furnished.

Insurance - Price includes the following insurance coverage costs:

- Commercial General Liability Insurance with a limit of not less than \$5,000,000 each occurrence ;
- Comprehensive Business Automobile Liability Insurance with a limit of not less than \$2,000,000 each accident;
- Each requirement should be reviewed carefully. (Please see “ADDITIONAL INSURANCE REQUIREMENTS AFTER AWARD”.)

Owners and Contractors Protective Insurance Coverage (OCP) shall be a separate price and shall only be included when specifically called for by an ordering agency. OCP requirements should be reviewed carefully. (Please see "ADDITIONAL INSURANCE REQUIREMENTS AFTER AWARD".) Note that pricing for OCP was not required to be bid and was not a requirement for award; however, if an agency requires OCP coverage the vendor must supply it. This requirement will be stated on the “Quick-Quote” form and a pass through cost will be allowed. The charge for OCP insurance will be used to determine the lowest cost for the project.

(continued)

PRICE: (Cont'd)

Purchase Outside Region - During the course of the award, agencies may wish to make purchases outside their regional location if better pricing can be obtained.

Transportation (Hauling) - Transportation (hauling) costs are based on two (2) prices. One price is for transportation for 0 to 1 mile (0-1) and another price is per mile for any additional miles (1+).

The 0 to 1 mile price is the price for any distance traveled up to and including one mile. This 0 to 1 mile price is added to the material cost. This final figure constitutes the cost to deliver one ton of material up to one mile.

The 1+ mile price is the price per mile for any distance traveled after the first mile. This 1+ mile price is multiplied by the total number of miles (less the first mile), added to the price for 0-1 mile, and then added to the material cost. This final figure will constitute the cost to deliver one ton of material the total number of miles.

This is illustrated below:

EXAMPLE FOR 20 MILES WITH TRANSPORTATION (HAULING) (i.e., FOB delivered):

Total miles minus one (20-1):	19
Cost per ton/mile each additional mile after the first mile:	\$0.300
Delivery Charge for total miles less the first mile (<i>total miles less 1 times mile cost</i>):	\$5.700
Cost per ton/mile delivery charge for first mile or portion thereof (0-1):	\$2.000
Total Delivery charge per ton (<i>delivery charge plus cost per mile</i>):	\$7.700
Material Price:	\$70.000
Total Delivered Cost per ton for 20 miles (<i>total delivery charge plus material price</i>):	\$77.700

When utilizing Transportation (Hauling), price is FOB destination as designated by ordering agency.

Periodic Price Adjustment – Every three months the base prices shown in the initial CONTRACT AWARD NOTIFICATION may be adjusted in accordance with changes in the US Bureau of Labor Statistics (BLS). **THIS ADJUSTMENT MAY GO UP OR DOWN.** Please see chart below for applicable dates. The “base” value for calculations shall be **SEPTEMBER 2009**. (Price adjustments will NOT be recalculated if PPI changes due to change in Preliminary (P) status.)

These periodic price adjustments shall be published, via a Purchasing Memorandum, by the Office of General Services. These will be issued through the Purchaser Notification Service and posted on the website under the award number.

DATES FOR IMPLEMENTATION:

Effective Date for Adjustment	BLS Month for Calculation	PPI & CPI Base Month
June 1, 2010	April 2010	September 2009
September 1, 2010	July 2010	September 2009
December 1, 2010	October 2010	September 2009
March 1, 2011	January 2011	September 2009
June 1, 2011	April 2011	September 2009
September 1, 2011	July 2011	September 2009
December 1, 2011	October 2011	September 2009

There will be two BLS indexes used for price calculations - one for product and another for equipment, operators and transportation/hauling. The BLS values will be “Not Seasonally Adjusted”. The indexes are:

FOR PRODUCT

Producer Price Index (PPI)
Series ID: PCU 21231-21231
Industry: Stone Mining & Quarrying
Product: Stone Mining & Quarrying

FOR EQUIPMENT, OPERATORS & TRANSPORTATION (HAULING)

Consumer Price Index (CPI)
Series ID: CUUR0000SA0
Area: U.S. City Average
Item: All Items

(continued)

PRICE: (Cont'd)

PRICE CALCULATION METHOD:

(BLS Month for Calculation divided by Base Month) *multiplied times* (Base Price in Award).

ADJUSTMENT EFFECTIVE JUNE 1, 2010:

PPI EXAMPLE - This example is for illustration purposes only. Actual BLS values, etc., may vary:

Material "403.118902," which is \$51.00 per ton and includes 6% Asphalt + Fuel Allowance & 94% Difference (see chart on next page), the PPI would be calculated as:

BASE PRICE	\$51.000
SEPTEMBER 2009	235.000
APRIL 2010	244.500

= 244.500/235.000 = 1.0404 (4.04%)

= \$51.000 x 4.04% = \$2.0604

= \$2.0604 x 94% = \$1.9367

= \$51.000 + \$1.9367

= **\$52.937** (rounded to third decimal place) *per Ton*

CPI EXAMPLE - This example is for illustration purposes only. Actual BLS values, etc., may vary:

20 Miles for Delivery

BASE PRICES	\$2.000 (0-1 mile) and \$0.300 (1+ mile)
SEPTEMBER 2009	215.800
APRIL 2010	222.100

= 222.100/215.800 = 1.0291

= \$2.000 x 1.0291 = \$2.0582 **PLUS** \$0.300 x 1.0291 x 19 = \$5.8658

= \$2.0582 + \$5.8658 = \$7.9240 = **\$7.924** (rounded to third decimal place)

(continued)

PRICE: (Cont'd)

Asphalt Price Adjustments:

- Asphalt price adjustments allowed will be based on the September 1, 2009 average of the F.O.B. terminal price per ton of unmodified PG 64-22 binder without anti-stripping agent (base average F.O.B. terminal price). The new monthly average terminal price will be determined by the New York State Department of Transportation based on prices of pre-approved primary sources of performance graded binder in accordance with the New York State Department of Transportation Standard Specification. The September 1, 2009 average is **\$414.000**

NOTE: The same grade of asphalt cement used in establishing the base average F.O.B. terminal price shall be used in establishing the new average F.O.B. terminal price.

In the event that one or more of the New York State Department of Transportation pre-approved sources discontinue posting a price for asphalt cement, the base average F.O.B. terminal **price shall not be recalculated.**

- The new average F.O.B. terminal price will be determined based on the above F.O.B. terminal prices posted on the 20th of each month, hereafter known as the "Adjustment Date", during the contract period starting with February 20, 2010. However, asphalt price adjustments, in accordance with the formula below, will be effective for deliveries made on and after the first of the month (i.e., March 1, 2010) following the adjustment date.
- The unit prices per ton of hot mix asphalt (HMA) purchased from any award based on this specification will be subject to adjustment based on the following formula:

Price Adjustment	=	New Monthly Average F.O.B. Terminal Price	-	Base Average F.O.B. Terminal Price	X	Total % Asphalt (Per Ton) Plus Fuel Allowance
------------------	---	--	---	--	---	---

NEW MONTHLY AVERAGE F.O.B. TERMINAL PRICE:

The average F.O.B. terminal price for unmodified PG 64-22 binder without anti-stripping agent is as determined by the New York State Department of Transportation per New York State Department of Transportation Standard Specification.

(continued)

PRICE: (Cont'd)

Asphalt Price Adjustments: (Cont'd)

BASE AVERAGE F.O.B. TERMINAL PRICE:

The average F.O.B. terminal price of unmodified PG 64-22 binder without anti-stripping agent is as determined by the New York State Department of Transportation as of September 1, 2009.

TOTAL % ASPHALT PLUS FUEL:

The percentage of total allowable asphalt and fuel for each item is as follows:

<u>Item</u>	<u>% Asphalt</u>	<u>+ Fuel Allowance</u>	<u>Total % Asphalt + Fuel Allowance</u>
302.01	3.75	-	3.75%
402.03810118	6.85	1	7.85%
402.03820118	6.85	1	7.85%
402.03830118	6.85	1	7.85%
402.03890118	6.85	1	7.85%
402.058901	8.25	1	9.25%
402.09XX01	6.20	1	7.20%
402.12XX01	5.50	1	6.50%
402.19XX01	4.90	1	5.90%
402.25XX01	4.50	1	5.50%
403.118902	5.00	1	6.00%
403.128902	3.50	1	4.50%
403.138902	5.50	1	6.50%
403.158902	8.25	1	9.25%
403.17XX02	6.20	1	7.20%
403.19XX02	6.85	1	7.85%

+ = Fuel Allowance represents allowance for energy (fuel, electricity, natural gas) used in the production of asphalt. It is a cost associated with the product and not intended to represent any trucking or hauling of product.

EXAMPLE: Item 403.178202. This example is for illustration purposes only. Actual Base Average Price, etc., may vary:

Base Average Price = \$414.000

New Average Price = \$424.000

Total % Asphalt plus Fuel = 7.2%

$$(\$424.000 - \$414.000) \times 0.072 = \$10.00 \times 0.072 = +\$0.720 \text{ per ton}$$

Positive Price Adjustment number shall be added to original per ton Price.

Negative Price Adjustment number shall be subtracted from original per ton Price.

(continued)

PRICE: (Cont'd)

Asphalt Price Adjustments: (Cont'd)

4. Work performed after the expiration of the contract, where no extension has been granted, resultant from purchase orders placed prior to expiration of the contract will receive the asphalt price adjustments applicable in effect during the last month of the contract.

Asphalt price adjustments for any contracts that are extended will be based on the new average for the month in which the work is done applying the same base established for that contract.

5. Asphalt price adjustments allowed by this contract shall be calculated and applied to the original prices. There will not be asphalt price adjustments unless the change amounts to more than \$0.10 per ton from the original price. In these instances, prices will revert back to the original prices.
6. All asphalt price adjustments will be computed to three decimal places.
7. Should these provisions result in a price structure which becomes unworkable, detrimental or injurious to the State or in prices which are not truly reflective of market conditions or which are deemed by the Commissioner to be unreasonable or excessive, and no adjustment in price is mutually agreeable, the Commissioner reserves the sole right upon ten days written notice mailed to the contractor to terminate any contract resulting from this bid opening.
8. All asphalt price adjustments shall be published by the State and issued to all contract holders whose responsibility will be to attach the appropriate State notification (based on when the work was performed) to the payment invoice submitted to agency.

U.S. Customary Units

All construction and materials quantities specified are in U.S. Customary units, and should be billed accordingly.

For information regarding how to become an approved facility, or to make arrangements for inspection of materials or equipment when required, contact the Materials Bureau of the Department of Transportation at 518-457-5956.

Quick Quote/Price Calculation – Using agencies have two methods of selecting the appropriate contractor to perform their particular project, either using the price calculation worksheet or using the quick quote process.

Price Calculation Worksheet:

Agencies may use the contract prices to complete the price calculation worksheet to determine the contractor offering the most practical and economical alternative using the agency's form, function, and utility requirements. Agencies are encouraged to use the lowest bidder but if the lowest bidder is not selected, then the agency must prepare documentation for the procurement record explaining the action taken (i.e., the low contractor could not provide the product in the time frame required, contractor did not have the needed equipment, etc.).

(continued)

PRICE: (Cont'd)

Quick Quote:

During the course of the award, agencies may wish to try to obtain lower prices and contractors may wish to lower their contract prices for various reasons, i.e., excess supply, slow business, etc. Each quick quote situation is unique and the price is firm for that particular project only. If bid security is a concern, the agency may require bids to be sealed and/or opened publicly.

The use of the quick quote format is optional although highly recommended.

Agencies electing to use the quick quote are required to award to the lowest responsive bid meeting the agency's requirements outlined in the requested quote. There are no negotiations permitted following the "Quick Quote" and prices cannot be changed once offered. If award is made to other than the lowest bid, the agency must prepare detailed documentation explaining the action taken for the failure to meet requirements. (i.e., the low contractor could not provide the product in the time frame required, contractor did not have needed equipment, etc.). This explanation along with the worksheets must be made a part of the procurement record.

Contractors are not required to lower prices when they receive a quick quote. They may quote the contract price. However, at no time, may a quick quote price exceed the contract price. Materials cost, hauling expenses, etc., can be lowered by the contractor during the quick quote process.

Since asphalt price adjustments will be charged/credited to all invoices (after the work is finished), **asphalt price adjustments are not a factor to be considered when offering quick quote pricing.**

NOTE: Since price adjustments will be charged/credited to all invoices (after the work is finished), price adjustments are not a factor to be considered when offering quick quote pricing/completing price calculation worksheets. Any reduction in prices must be based on the actual awarded price for each item in the contract.

*Agency Comments: _____

*Explain under "Agency Comments" any rejection of lowest price.

NOTE: The applicable 5-digit PC (contract) number and 10-digit PRC (Prevailing Wage Rate Schedule) number should be cited in the appropriate spaces provided at the beginning of Section A (previous page).

(continued)

NON-STATE AGENCIES PARTICIPATION IN CENTRALIZED CONTRACTS:

New York State political subdivisions and others authorized by New York State law may participate in contracts. These include, but are not limited to local governments, public authorities, public school and fire districts, public and nonprofit libraries, and certain other nonpublic/nonprofit organizations. See "Participation in Centralized Contracts" in Appendix B, OGS General Specifications. For purchase orders issued by the Port Authority of New York and New Jersey (or any other authorized entity that may have delivery locations adjacent to New York State), the terms of the "Price" clause shall be modified to include delivery to locations adjacent to New York State.

Upon request, all eligible non-State agencies must furnish contractors with the proper tax exemption certificates and documentation certifying eligibility to use State contracts. A list of categories of eligible entities is available on the OGS web site (<http://www.ogs.ny.gov/purchase/snt/othersuse.asp>). Questions regarding an organization's eligibility to purchase from New York State Contracts may also be directed to OGS Procurement Services Group's Customer Services at 518-474-6717.

EXTENSION OF USE:

Any contract resulting from the original bid solicitation may be extended to additional States or governmental jurisdictions upon mutual written agreement between New York State (the lead contracting State) and the contractor. Political subdivisions and other authorized entities within each participating State or governmental jurisdiction may also participate in any resultant contract if such State normally allows participation by such entities. New York State reserves the right to negotiate additional discounts based on any increased volume generated by such extensions.

AWARD PENDING:

Any contractor given an "Award Pending" for a material item may become eligible for award by reducing their price(s) to be less than or equal to the "revised average price" increased by 10%.

Acceptable revised pricing for material items shall be considered up to thirty days after date issued that appears on the original Contract Award Notification and again 30 days thereafter. A supplemental award(s) shall then be published to incorporate contractors whose material pricing is determined to be acceptable.

Any contractor given an "Award Pending" for an *"optional" item may become eligible for award by reducing its price(s) as mentioned previously. Acceptable revised pricing for "optional" items will not have time restrictions and will be handled by issuance of Purchasing Memoranda.

- * Optional items are transportation/hauling, equipment and mobilization. Transportation rates will be arrived at by calculating the price of delivery of one ton a total distance of 20 miles.

MATERIALS:

The following are the material descriptions of items included in this Award:

302.01	Bituminous Stabilized Course
403.118902	Hot Mix Asphalt, Type 1 Base Course
403.128902	Hot Mix Asphalt, Type 2 Base Course
403.138902	Hot Mix Asphalt, Type 3 Binder Course
403.158902	Hot Mix Asphalt, Type 5 Shim Course
403.178202	Hot Mix Asphalt, Type 6 F2, Upstate High Volume, Top Course
403.178302	Hot Mix Asphalt, Type 6 F3, Low Volume, Top Course
403.178902	Hot Mix Asphalt, Type 6 Top Course
403.198202	Hot Mix Asphalt, Type 7 F2, Upstate High Volume, Top Course
403.198302	Hot Mix Asphalt, Type 7 F3, Low Volume, Top Course
403.198902	Hot Mix Asphalt, Type 7 Top Course
402.03810118	Miscellaneous Patching F1, HMA
402.03820118	Miscellaneous Patching F2, HMA
402.03830118	Miscellaneous Patching F3, HMA
402.03890118	Miscellaneous Patching F9, HMA
402.058901	Hot Mix Asphalt, Shim Course F9
402.098101	9.5 F1 Top Course HMA, 80 Series Compaction
402.098201	9.5 F2 Top Course HMA, 80 Series Compaction
402.098301	9.5 F3 Top Course HMA, 80 Series Compaction
402.128101	12.5 F1 Top Course HMA, 80 Series Compaction
402.128201	12.5 F2 Top Course HMA, 80 Series Compaction
402.128301	12.5 F3 Top Course HMA, 80 Series Compaction
402.198901	19.0 F9 Binder Course HMA, 80 Series Compaction
402.258901	25.0 F9 Binder Course HMA, 80 Series Compaction

REQUEST FOR CHANGE:

Any request by the agency or contractor regarding changes in any part of the contract must be made in writing to the Office of General Services, Procurement Services Group, prior to effectuation.

CONTRACT PAYMENTS:

Payments cannot be processed by State facilities until the contract products have been delivered in satisfactory condition or services have been satisfactorily performed. Payment will be based on any invoice used in the supplier's normal course of business. However, such invoice must contain sufficient data including but not limited to contract number, description of product or service, quantity, unit and price per unit as well as federal identification number.

State facilities are required to forward properly completed vouchers to the Office of the State Comptroller for audit and payment. All facilities are urged to process every completed voucher expeditiously giving particular attention to those involving cash discounts for prompt payment.

If the contract terms indicate political subdivisions and others authorized by law are allowed to participate, those entities are required to make payments directly to the contractor. Prior to processing such payment, the contractor may be required to complete the ordering non-State agency's own voucher form.

See "Contract Billings" in Appendix B, OGS General Specifications.

ELECTRONIC PAYMENTS:

The Office of the State Comptroller (OSC) offers an "electronic payment" option in lieu of issuing checks. To obtain an electronic payment authorization form visit the OSC website at www.osc.state.ny.us or contact them by e-mail at epunit@osc.state.ny.us or by phone at 518-474-4032.

NOTE TO CONTRACTOR:

This Contract Award Notification is not an order. Do not take any action under this contract except on the basis of purchase order(s) from the agency or agencies.

CENTRALIZED PROCUREMENT CONTRACT FEE (CPCF):

Amendments to State Finance Law §163-c imposed a centralized procurement contract fee (procurement fee) to be paid by contractors awarded OGS centralized contracts for the purchase of commodities, services or technology. The pricing offered by contractors for the commodity, service or technology is considered by the Office of General Services (OGS) to be inclusive of the fee. The procurement fee is one half of one percent (.005) of total sales made by Authorized Users of centralized contracts.

The fee, covering the applicable preceding calendar quarter, as well as an accompanying return, must be made by the contractor to the New York State Department of Taxation and Finance ("DTF") no later than forty-five (45) days after the close of each calendar quarter. Payment of the procurement fee, as well as filing of the accompanying return, must be made electronically to DTF. Prior to electronically filing the initial return and electronically paying the initial procurement fee, contractors must register on DTF's Online Tax Center:

<http://www.tax.state.ny.us/nyshome/online.htm>

(continued)

CENTRALIZED PROCUREMENT CONTRACT FEE (CPCF): (Cont'd)

Quarterly returns must be filed with DTF even if no sales were made under the centralized contract during the preceding calendar quarter. Simultaneously, the contractor must provide its sales report for such preceding calendar quarter to OGS in the format and with details set forth in this solicitation (even if no sales occurred). Contractors must fully cooperate with DTF and OGS relative to such payments and filings. Penalties for failure to comply with the filing and payment requirements are provided for by Article 27 of the Tax Law.

In addition to the penalties prescribed by Article 27 of the Tax Law, failure by a contractor to timely and accurately remit the procurement fee, provide the sales report and file the return for each calendar quarter shall constitute a breach of contract, and the Commissioner of General Services may exercise discretion to terminate such centralized contract on written notice to the contractor.

Additional information including FAQs is available at:

<http://www.ogs.ny.gov/purchase/ProcurementContractFee.asp>

DEBRIEFING:

A bidder will be accorded fair and equal treatment with respect to its opportunity for debriefing. Prior to contract award, OGS shall, upon request, provide a debriefing which would be limited to review of that bidder's proposal or bid. After contract award, OGS shall, upon request, provide a debriefing to any unsuccessful bidder that responded to the solicitation, regarding the reason that the proposal or bid submitted by such bidder was not selected for a contract award. The post-award debriefing should be requested in writing within 30 days of posting of the contract award on the OGS website.

PSG's DISPUTE RESOLUTION POLICY:

It is the policy of the Office of General Services' Procurement Services Group (PSG) to provide vendors with an opportunity to administratively resolve disputes, complaints or inquiries related to PSG bid solicitations or contract awards. PSG encourages vendors to seek resolution of disputes through consultation with PSG staff. All such matters will be accorded impartial and timely consideration. Interested parties may also file formal written disputes. A copy of PSG's Dispute Resolution Procedures for Vendors may be obtained by contacting the person shown on the front of this document or through the OGS website (www.ogs.ny.gov).

CANCELLATION FOR CONVENIENCE

The State of New York retains the right to cancel this contract, in whole or in part without reason provided that the Contractor is given at least sixty (60) days notice of its intent to cancel. This provision should not be understood as waiving the State's right to terminate the contract for cause or stop work immediately for unsatisfactory work, but is supplementary to that provision. Any such cancellation shall have no effect on existing Agency agreements, which are subject to the same 60 day discretionary cancellation or cancellation for cause by the respective user Agencies.

DELIVERY:

Delivery shall be made as specified and in accordance with instructions furnished with each order, unless otherwise directed in writing.

CONTRACT PERIOD AND RENEWALS:

It is the intention of the State to enter into a contract for a term of two (2) years as stated on the Invitation for Bids except that the commencement and termination dates appearing on the Invitation for Bids may be adjusted forward unilaterally by the State for any resulting contract for up to two calendar months, by indicating such change on the Contract Award Notification.

The contract dates may be adjusted forward beyond two months only with the approval of the successful bidder. If, however, the bidder is not willing to accept an adjustment of the contract dates beyond the two month period, the State reserves the right to proceed with an award to another bidder.

If mutually agreed between the Procurement Services Group and the contractor, the contract may be renewed under the same terms and conditions for additional period(s) not to exceed a total contract term of five (5) years.

(continued)

SHORT TERM EXTENSION:

In the event the replacement contract has not been issued, any contract let and awarded hereunder by the State, may be extended unilaterally by the State for an additional period of up to one month upon notice to the contractor with the same terms and conditions as the original contract including, but not limited to, quantities (prorated for such one month extension), prices, and delivery requirements. With the concurrence of the contractor, the extension may be for a period of up to three months in lieu of one month. However, this extension terminates should the replacement contract be issued in the interim.

PERIODIC RECRUITMENT:

The State reserves the right to consider additional vendors starting on the one year anniversary of the award start date or at any time deemed to be in the best interests of the State. Vendors shall be required to submit an original bid document and, where applicable, bids shall be evaluated under the original Terms and Conditions. An addendum containing additional applicable statutory requirements currently in effect at the time of the periodic recruitment, may be added to the recruitment.

The State is not required to award on offers under PERIODIC RECRUITMENT.

CONTRACT MIGRATION:

State Agencies or any other authorized user holding individual contracts with contractors under this centralized contract shall be able to migrate to this contract award with the same contractor, effective on the contract begin date (retroactively, if applicable). Migration by an agency or any other authorized user to the centralized contract shall not operate to diminish, alter or extinguish any right that the agency or other authorized user otherwise had under the terms and conditions of their original contract.

PREVAILING WAGE RATES - PUBLIC WORKS AND BUILDING SERVICES CONTRACTS:

Work is subject to the prevailing wage rate provisions of New York State Labor Law. See "Prevailing Wage Rates - Public Works and Building Services Contracts" in Appendix B, OGS General Specifications. Any federal or State determination of a violation of any public works law or regulation, or labor law or regulation, or any OSHA violation deemed "serious or willful" may be grounds for a determination of vendor non-responsibility.

The applicable Prevailing Wage Rate Schedule for this project is **PRC # 2009009010**

For access to the Department of Labor (DOL) Prevailing Wage Schedule, use the following link:

<http://wpp.labor.state.ny.us/wpp/showFindProject.do?method=showIt>

For Prevailing Wage Updates, use the following DOL link:

<http://wpp.labor.state.ny.us/wpp/publicViewPWChanges.do?method=showIt>

Links to schedule updates appear in the table at the bottom of the web page.

CONTRACTOR INSURANCE:

ADDITIONAL INSURANCE REQUIREMENTS AFTER CONTRACT AWARD – Prior to commencement of work at the Pre-paving/Pre-production Conference, the Contractor shall file with Authorized User Agency (hereinafter referred to as "Agency"), Certificates of Insurance evidencing compliance with **the additional insurance requirements set forth hereafter.**

Acceptance and/or approval by the Agency does not and shall not be construed to relieve Contractor of any obligations, responsibilities or liabilities under the Contract.

- **ADDITIONAL INSURANCE REQUIREMENTS AFTER CONTRACT AWARD** of CONTRACTOR INSURANCE

continues on next page -

(continued)

CONTRACTOR INSURANCE: (Cont'd)

ADDITIONAL INSURANCE REQUIREMENTS AFTER AWARD - (Cont'd)

The following insurance required by the Contract shall be obtained at the sole cost and expense of the Contractor; shall be maintained with insurance carriers authorized or licensed to do business in New York State, and acceptable to the Agency; shall be primary and non-contributing to any insurance or self insurance maintained by the Agency; shall be endorsed to provide written notice be given to the Agency, at least thirty (30) days prior to the cancellation, non-renewal, or material alteration of such policies, which notice, evidenced by return receipt of United States Certified Mail; shall be sent to:

Authorized User Agency
Address as stated on purchase order

and shall name The People of the State of New York, its officers, agents, and employees as additional insureds thereunder. The additional insured requirement does not apply to Workers Compensation or Disability coverage.

The Contractor shall be solely responsible for the payment of all deductibles and self insured retentions to which such policies are subject. Deductibles and self-insured retentions must be approved by the Agency. Such approval shall not be unreasonably withheld.

Each insurance carrier must be rated at least "A-" Class "VII" in the most recently published Best's Insurance Report. If, during the term of the policy, a carrier's rating falls below "A-" Class "VII", the insurance must be replaced no later than the renewal date of the policy with an insurer acceptable to the Agency and rated at least "A-" Class "VII" in the most recently published Best's Insurance Report.

The Contractor shall cause all insurance to be in full force and effect as of the commencement date of this Contract and to remain in full force and effect throughout the term of this Contract and as further required by this Contract. The Contractor shall not take any action, or omit to take any action that would suspend or invalidate any of the required coverages during the period of time such coverages are required to be in effect.

Not less than thirty (30) days prior to the expiration date or renewal date of an Insurance Policy, the Contractor shall supply the Agency updated replacement Certificates of Insurance, and amendatory endorsements.

The Contractor is required by this Contract to obtain and maintain in full force and effect, the following additional insurance with limits not less than those described below and as required by the terms of this Contract, or as required by law, whichever is greater (limits may be provided through a combination of primary and umbrella/excess policies) for each project for which Contractor receives a Purchase Order:

- a) Commercial General Liability
Commercial General Liability Insurance with a limit of **not less than \$5,000,000 each occurrence**. Such liability shall be written on the ISO occurrence form CG CG 00 01, or a substitute form providing equivalent coverages and shall cover liability arising from premises operations, independent contractors, products-completed operations, broad form property damage, personal & advertising injury, cross liability coverage, liability assumed in a contract (including the tort liability of another assumed in a contract) and explosion, collapse & underground coverage.
 1. If such insurance contains an aggregate limit, it shall apply separately on a per job basis.
- b) Commercial Property or Inland Marine Insurance covering the loss or damage to any owned, borrowed, leased or rented equipment, tools, including tools of their agents and employees, staging towers and forms, and property of Agency held in their care, custody and/or control.
- c) Commercial Automobile Liability
Comprehensive Business Automobile Liability Insurance with a limit of **not less than \$2,000,000 each accident**. Such insurance shall cover liability arising out of any automobile including owned, leased, hired and non owned automobiles.

Waiver of Subrogation. Contractor shall cause to be included in each of its policies insuring against loss, damage or destruction by fire or other insured casualty a waiver of the insurer's right of subrogation against the Agency, or, if such waiver is unobtainable (i) an express agreement that such policy shall not be invalidated if Contractor waives or has waived before the casualty, the right of recovery against the Agency or (ii) any other form of permission for the release of the Agency.

(continued)

REPORT OF CONTRACT PURCHASES:

Contractor shall furnish quarterly reports containing total sales for both state agency and authorized non-state agency contract purchases no later than forty-five (45) days after the close of each calendar quarter. The Grand Total Sales Reports for State and Non-State Agencies are due at the same time the procurement fee is payable to the Department of Taxation and Finance, where applicable.

In addition to contractor direct sales, contractor shall submit sales information for all resellers, dealers, distributors or other authorized distribution channels, where such contract sales are provided by other than the contractor. Contractors shall verify if each alternate vendor is a NYS Certified Minority (MBE) or Women (WBE) Owned Businesses. Contractors shall verify such status through the Empire State Development Minority and Women Owned Businesses Database web site at: <http://www.nylovesmwbe.ny.gov/cf/search.cfm>.

A separate report shall be provided in the following format for each authorized distribution channel. The sales report form is forwarded to each contractor at time of award for completion in accordance with the contract terms and conditions:

Brief Description	Total Value (\$) Purchased By:		Total Combined Value Purchased (\$)
	All Political Subdivisions and Others Authorized by Law (\$)	All State Agencies (\$)	

The report is to be submitted electronically in Microsoft Excel 2003 or lower format to the Office of General Services, Procurement Services Group, Tower Bldg., Empire State Plaza, Albany, NY 12242, to the attention of the individual shown on the front page of the Contract Award Notification and shall reference the Group Number, the Award Number, Contract Number, sales period, and contractor's (or other authorized agent) name.

The outlined sales report is the minimum information required. Additional related sales information, such as monthly reports, and/or detailed user purchases may be required and must be supplied upon request.

EMERGENCY PURCHASING:

In the event that a disaster emergency is declared by Executive Order under Section 28 of Article 2-B of the Executive Law, or that the Commissioner determines pursuant to his/her authority under Section 163(10)(b) of the State Finance Law that an emergency exists requiring the prompt and immediate delivery of products or services, the Commissioner reserves the right to obtain such products or services from any source, including but not limited to this contract, as the Commissioner in his/her sole discretion determines will meet the needs of such emergency. Contractor shall not be entitled to any claim or lost profits for products or services procured from other sources pursuant to this paragraph.

"OGS OR LESS" GUIDELINES APPLY TO THIS CONTRACT:

Purchases of the products included in the Contract Award Notification are subject to the "OGS or Less" provisions of Section 163.3.a.v., Article XI, of the New York State Finance Law. This means that State agencies can purchase products from sources other than the contractor provided that such products are substantially similar in form, function or utility to the products herein and are:

1. lower in price
-and/or-
2. available under terms which are more economically efficient to the State agency (e.g. delivery terms, warranty terms, etc.).

(continued)

"OGS OR LESS" GUIDELINES APPLY TO THIS CONTRACT: (Cont'd)

Agencies are reminded that they must provide the State contractor an opportunity to match the non-contract savings at least two business days prior to purchase. In addition, purchases made under "OGS or Less" flexibility must meet all requirements of law including, but not limited to, advertising in the New York State Contract Reporter, prior approval of the Comptroller's Office and competitive bidding of requirements exceeding the discretionary bid limit. State agencies should refer to Procurement Council Bulletin "OGS or Less Purchases" for complete procedural and reporting requirements.

DIESEL EMISSION REDUCTION ACT OF 2006 (NEW REQUIREMENT OF LAW):

On February 12, 2007 the Diesel Emissions Reduction Act took effect as law (the "Law"). Pursuant to new §19-0323 of the N.Y. Environmental Conservation Law ("NYECL") it is now a requirement that heavy duty diesel vehicles in excess of 8,500 pounds use the best available retrofit technology ("BART") and ultra low sulfur diesel fuel ("ULSD"). The requirement of the Law applies to all vehicles owned, operated by or on behalf of, or leased by State agencies and State or regional public authorities. They need to be operated exclusively on ULSD by February 12, 2007. It also requires that such vehicles owned, operated by or on behalf of, or leased by State agencies and State or regional public authorities with more than half of its governing body appointed by the Governor utilize BART.

As a contract vendor the Law may be applicable to vehicles used by contract vendors "on behalf of" State agencies and public authorities. Thirty-three percent (33%) of affected vehicles must have BART by December 31, 2008, sixty-six percent (66%) by December 31, 2009 and one-hundred percent (100%) by December 31, 2010. The Law provides a list of exempted vehicles. Regulations currently being drafted will provide further guidance as to the effects of the Law on contract vendors using heavy duty diesel vehicles on behalf of the State. The Law also permits waivers of ULSD and BART under limited circumstances at the discretion of the Commissioner of Environmental Conservation. The Law will also require reporting from State agencies and from contract vendors in affected contracts.

Therefore, the bidder hereby certifies and warrants that all heavy duty vehicles, as defined in NYECL §19-0323, to be used under this contract, will comply with the specifications and provisions of NYECL §19-0323, and any regulations promulgated pursuant thereto, which requires the use of BART and ULSD, unless specifically waived by NYSDEC. Qualification and application for a waiver under this Law will be the responsibility of the bidder.

PAYMENT:

Payment shall be made at contract prices per net ton for the actual quantity of material received from the contractor. In addition, payment adjustments will be applied in Quality Units for all applicable mixes as described in Sections 401-4, 402-4, 402-5, 403-4 and 403-5 of the Specifications.

Payment shall be made at the contract price per day based on the number of days (computed to the nearest quarter day) that flaggers are actually utilized.

DISPOSITION OF SETTLEMENTS:

The Office of General Services has the right to determine the disposition of any rebates, settlements, restitution, liquidated damages, etc. which arise from the administration of this contract.

QAF (Quality Units):

The Quality Adjustment Factor will be 1.0 for all material produced under this contract for any agency other than NYS DOT. Quality Adjustment Factors do not apply to 403.XXXX items.

The following Quality Unit Index prices will apply to material produced under this contract for the New York State Department of Transportation (NYSDOT) only:

<u>Region</u>	<u>Index Price (\$/Mg)</u>	<u>Region</u>	<u>Index Price (\$/Mg)</u>
1	\$70	7	\$60
2	\$65	8	\$85
3	\$70	9	\$60
4	\$65	10	\$110
5	\$75	11	\$135
6	\$70		

(continued)

SUPERPAVE MIX ITEMS:

The Equivalent Single Axle Load's (ESAL's) level for all Superpave Mix items should be <0.3 million. For all Superpave Mix items, the Vendor will not be responsible for nuclear density testing.

OPTIONAL EQUIPMENT:

Paving placement and compaction equipment are voluntary. FOB material and/or transportation rates are not affected by the presence or lack of optional equipment awards. To request optional paver and/or compaction equipment from a vendor, agencies must anticipate placement of at least 500 tons per day for each day equipment is requested. The 500 tons per day minimum does not include the last day of work on larger projects where quantities to complete work on the last day may be less than 500 tons.

Equipment shall meet the requirements of Section 400 of the Specifications. All pavers shall meet the requirements of Section 402-3.02 HMA Pavers of the Specifications. Vendors shall note the requirements for approved automatic transverse slope and longitudinal grade screed controls. Pavers shall be equipped with hydraulically operated extensions of the proper width and approved joint matching shoes and/or 30 feet long moving references, such as floating beams or skis as appropriate as outlined in Section 402-3.06 Spreading and Finishing of the Specifications. All rollers shall meet the requirements of Section 402-3.04 Rollers of the Specifications.

When operators are requested with equipment they shall be capable and experienced in the operation of the supplied equipment. The vendor is advised that, due to the nature of Hot Mix Asphalt paving projects, overtime hours are customarily used to expeditiously progress projects. No extra payment shall be due to vendors that supply operators for pavers and/or rollers due to overtime hours worked by those operators. The vendor shall be responsible for fuel and repairs for all supplied equipment.

Payment for equipment shall be by the day for each day the equipment is actually used to place or compact material, except as follows: No payment shall be made for days required to deliver the equipment to the project site or to return the equipment to the vendor's plant. Payment shall be made for each day that actual paving work is started, even if work is not completed due to inclement weather or other unforeseen circumstances. The vendor shall not be entitled to payment for days where work is not started due to inclement weather.

OPTIONAL EQUIPMENT LIST:

Hot mix asphalt (HMA) Paver with operator capable of simultaneously paving mainline and shoulders from 16 feet to 20 feet wide (exact width required to be specified at the time of order).

Hot mix asphalt (HMA) Paver with operator and screed person capable of simultaneously paving mainline and shoulders from 16 feet to 20 feet wide (exact width required to be specified at the time of order).

- 10-Ton Static Roller
- 10-Ton Static Roller with operator
- 10-Ton Vibratory Roller
- 10-Ton Vibratory Roller with operator

MOBILIZATION:

**Changes for mobilization of equipment are a one time charge for the duration of a project.
Mobilization prices apply to provided equipment only and are not associated with hauling rates.**

FLAGGERS:

Flaggers are voluntary. Award for FOB Material and/or transportation rates are not affected by the presence or lack of awards for Flaggers. Flaggers may be requested by agencies if work by a flagger is initially expected to last at least one calendar day. The price per flagger per day includes all costs of providing a flagger where directed by the Engineer or agency authorized individual with all the necessary safety equipment, i.e. stop/slow paddle, flag, vest, hardhat, etc. Payment shall be by the day for each flagger provided. A day shall be determined as including the time period between the commencement of and completion of work on any calendar day. No extra payment shall be provided if the flagger must work longer than the standard eight hour work day. Payment shall be made to the nearest quarter day as determined by the Engineer or agency authorized individual.
