OTHER AUTHORIZED USERS:

Customer Services
(518) 474-6717

CONTRACTORS/CONTRACT NOS.: PC66039 – PC66081

SUBJECT: Updated Contract Award Notification (“CAN”)

Pursuant to page 10 of the Contract Award Notification (“CAN”), any contractor given an “Award Pending” (AP) for a material item and/or an optional item may become eligible for award by reducing their price(s) to less than or equal to the “revised average price” increased by 10%. Some contractors have submitted revised pricing for material and optional items, which we have reviewed and accepted.

Therefore, the revised Contract Award Notification dated July 16, 2013 contains the most up-to-date pricing and is the controlling document for use by contractors and authorized users when pricing jobs. This CAN supersedes the pricing revisions previously published in Purchasing Memoranda. No further pricing revisions will be allowed for material items. Any revisions to optional items from this point forward will be handled by the issuance of Purchasing Memoranda. All other terms and conditions remain unchanged. Please retain a copy of the revised CAN for your records and use.

**The NYS Procurement values your input.
Complete and return "Contract Performance Report" at end of document.**

Description

Bituminous Concrete is a mixture of stone of various sizes and liquid bituminous material. The mixture is heated and proportioned in a bituminous concrete plant and compacted on a road in a heated state. Once the material cools, it becomes a hard durable material. Bituminous concrete is used for roads, parking lots, tennis courts, sidewalks, bike paths and for patching same.

PR # 22581

Cash Discount, If Shown, Should be Given Special Attention.

**INVOICES MUST BE SENT DIRECTLY TO THE ORDERING AGENCY FOR PAYMENT.
(See "Contract Payments" and "Electronic Payments" in this document.)**

AGENCIES SHOULD NOTIFY THE NYS PROCUREMENT PROMPTLY IF THE CONTRACTOR FAILS TO MEET DELIVERY OR OTHER TERMS OF THIS CONTRACT. PRODUCTS OR SERVICES WHICH DO NOT COMPLY WITH THE SPECIFICATIONS OR ARE OTHERWISE UNSATISFACTORY TO THE AGENCY SHOULD ALSO BE REPORTED TO THE NYS PROCUREMENT.

SMALL, MINORITY AND WOMEN-OWNED BUSINESSES:

The letters SB listed under the Contract Number indicate the contractor is a NYS small business. Additionally, the letters MBE and WBE indicate the contractor is a Minority-owned Business Enterprise and/or Woman-owned Business Enterprise.

RECYCLED, REMANUFACTURED AND ENERGY EFFICIENT PRODUCTS:

The NYS Procurement supports and encourages the purchase of recycled, remanufactured, energy efficient and "energy star" products. If one of the following codes appears as a suffix in the Award Number or is noted under the individual Contract Number(s) in this Contract Award Notification, please look at the individual awarded items for more information on products meeting the suffix description.

RS,RP,RA	Recycled
RM	Remanufactured
SW	Solid Waste Impact
EE	Energy Efficient
E*	EPA Energy Star
ES	Environmentally Sensitive

POOR PERFORMANCE

Authorized Users should notify NYS Procurement's Customer Services promptly if the Contractor fails to meet the requirements of this Contract. Performance which does not comply with requirements or is otherwise unsatisfactory to the Authorized User should also be reported to Customer Services:

Office of General Services
NYS Procurement
38th Floor Corning Tower
Empire State Plaza
Albany, NY 12242
Customer Services E-mail: customer.services@ogs.ny.gov
Telephone: (518) 474-6717 / Fax: (518) 474-2437

NOTE TO AUTHORIZED USERS:

When placing purchase orders under the contract(s), the authorized user should be familiar with and follow the terms and conditions governing its use which usually appears at the end of this document. The authorized user is accountable and responsible for compliance with the requirements of public procurement processes. The authorized user must periodically sample the results of its procurements to determine its compliance. In sampling its procurements, an authorized user should test for reasonableness of results to ensure that such results can withstand public scrutiny.

The authorized user, when purchasing from OGS contracts, should hold the contractor accountable for contract compliance and meeting the contract terms, conditions, specifications, and other requirements. Also, in recognition of market fluctuations over time, authorized users are encouraged to seek improved pricing whenever possible.

Authorized users have the responsibility to document purchases, particularly when using OGS multiple award contracts for the same or similar product(s)/service(s), which should include:

- a statement of need and associated requirements,
- a summary of the contract alternatives considered for the purchase,
- the reason(s) supporting the resulting purchase (e.g., show the basis for the selection among multiple contracts at the time of purchase was the most practical and economical alternative and was in the best interests of the State).

NON-STATE AGENCIES PARTICIPATION IN CENTRALIZED CONTRACTS:

New York State political subdivisions and others authorized by New York State law may participate in Contracts. These include, but are not limited to, local governments, public authorities, public school and fire districts, public and nonprofit libraries, and certain other nonpublic/nonprofit organizations. See Appendix B, §39 Participation in Centralized Contracts. For purchase orders issued by the Port Authority of New York and New Jersey (or any other authorized entity that may have Delivery locations adjacent to New York State), the terms of the "Price" clause shall be modified to include Delivery to locations adjacent to New York State.

Upon request, all eligible non-State agencies must furnish Contractors with the proper tax exemption certificates and documentation certifying eligibility to use State Contracts. A list of categories of eligible entities is available on the OGS web site <http://www.ogs.ny.gov/purchase/snt/othersuse.asp>. Questions regarding an organization's eligibility to purchase from New York State Contracts may also be directed to OGS – NYS Procurement's Customer Services at (518) 474-6717.

HOW TO USE THE CONTRACT:

Using Agencies and Political Subdivisions can choose any of the contractors listed in this Contract Award Notification (Page 2 to 7). Tables on pages 15 and 19 have those same contractors arranged by Region and by Contractor respectively. The price pages (starting on page 24) contain the maximum price that the contractor can charge for each item.

Quick Quote/Price Calculation

Using agencies will select the appropriate contractor to perform their particular project by using the quick quote/price calculation worksheet. See Quick Quote clause below.

Price Calculation Worksheet

Agencies may use the contract prices to complete the price calculation worksheet (a copy of the Quick Quote/Price Calculation Worksheet can be found at: http://www.ogs.ny.gov/purchase/spg/lists/gp_315.asp, then click the corresponding Award #) to determine the contractor offering the most practical and economical alternative using the agency's form, function, and utility requirements. Agencies are encouraged to use the lowest bidder but if the lowest bidder is not selected, then the agency must prepare documentation for the procurement record explaining the action taken (i.e., the low contractor could not provide the product in the time frame required, contractor did not have the needed equipment, etc.).

Quick Quote

During the course of the award, agencies may wish to try to obtain lower prices and contractors may wish to lower their contract prices for various reasons, i.e., excess supply, slow business, etc. Each quick quote situation is unique and the price is firm for that particular project only. If bid security is a concern, the agency may require bids to be sealed and/or opened publicly.

The use of the Quick Quote Worksheet will be MANDATORY for all purchases made by any Executive Agency through the Contract(s) contained in this Contract Award Notification , with the only exception for cases where the material is being picked up by the user (at the plant). In those cases, the use of the Quick Quote will be optional (at the user's discretion).

OGS also encourages the use of the Quick Quote by Non- Executive Agencies as a way to get the best pricing possible.

Agencies using the quick quote are required to award to the lowest responsive bid meeting the agency's requirements outlined in the requested quote. There are no negotiations permitted following the "Quick Quote" and prices cannot be changed once offered. If award is made to other than the lowest bid, the agency must prepare detailed documentation explaining the action taken for the failure to meet requirements. (i.e., the low contractor could not provide the product in the time frame required, contractor did not have needed equipment, etc.). This explanation along with the worksheets must be made a part of the procurement record.

Contractors are not required to lower prices when they receive a quick quote. They may quote the contract price. However, **at no time may a quick quote unit price (without the Price Adjustment) exceed the contract price. Materials cost, hauling expenses, etc., can be lowered by the contractor during the quick quote process.** Any reduction in Quick Quote pricing applies only to that particular Quick Quote.

Since asphalt price adjustments will be charged/credited to all invoices (after the work is finished), **the user and the contractor understand that the Project's Total Cost shown in the Quick Quote includes all the needed Price Adjustments for the month indicated in the Quick Quote (the month when the Quick Quote was sent to the Contractor). If the project (or part of the project) is executed in a different month than the one used to calculate the Quick Quote, then the Project's Total Cost will change accordingly to reflect the Price Adjustments for the Month in which the project (or part of the project) was actually performed.**

A copy of the Quick Quote/Price Calculation Worksheet can be found at:

http://www.ogs.ny.gov/purchase/spg/lists/gp_315.asp

FREQUENTLY ASKED QUESTIONS:

May I buy from any contractor or do I have to choose only from the contractors listed in my DOT Region?

Using Agencies and Political Subdivisions can choose any of the contractors listed in this Contract Award Notification, without restrictions.

Is it allowed for a contractor listed in this Award to increase the price included in this Contract Award Notification?

At no time may a unit price (without the Price Adjustment) for an specific item exceed the unit price shown in this Contract Award Notification. However, the user should be aware that this unit price doesn't include the proper Price Adjustment(s) set by the pricing information clause (page 11) and the contractor is within his/her right to ask for that Price Adjustment.

Is the Quick Quote Worksheet mandatory when using this contract?

The use of the Quick Quote Worksheet will be MANDATORY for all purchases made by any Executive Agency through the Contract(s) contained in this Contract Award Notification , with the only exception for cases where the material is being picked up by the user (at the plant). In those cases, the use of the Quick Quote will be optional (at the user's discretion).

OGS also encourages the use of the Quick Quote by Non- Executive Agencies as a way to get the best pricing possible

What does AP stand for?

The AP shown in the Price Pages stands for "Award Pending". Those are prices that were too high and didn't meet the requirements established in the method of the award. Using Agencies and Political Subdivisions are not allowed to use any item classified as an AP. Please refer to the next clause – Award Pending in this page for more information about Award Pending.

AWARD PENDING:

Any contractor given an "Award Pending" for a material item may become eligible for award by reducing their price(s) to less than or equal to the "revised average price" increased by 10%. Acceptable revised pricing for material items shall be considered up to thirty days after date issued that appears on the original Contract Award Notification. A revised award(s) with new pricing could then be published at the State's discretion to incorporate contractors whose material pricing is determined to be acceptable.

Any contractor given an "Award Pending" for an "optional" item may become eligible for award by reducing its price(s) as mentioned previously. Acceptable revised pricing for "optional" items will not have time restrictions and will be handled by issuance of Purchasing Memoranda.

- * Optional items are transportation/hauling, equipment and mobilization. Transportation rates will be arrived at by calculating the price of delivery of one ton a total distance of 20 miles.

PRICING INFORMATION:

PURCHASE OUTSIDE REGION

During the course of the award, agencies may wish to make purchases outside their regional location if better pricing can be obtained.

TRANSPORTATION (HAULING)

Transportation (hauling) costs will be based on two (2) prices. One price will be bid for transportation for 0 to 1 mile (0-1) and another price will be bid for any additional miles (1+).

The 0 to 1 mile price will be the bid price for any distance traveled up to and including one mile. This 0 to 1 mile bid price will be added to the material cost. This final figure will constitute the cost to deliver one ton of material up to one mile.

The 1+ mile price will be the bid price for any distance traveled after the first mile. This 1+ mile bid price will be multiplied by the total number of miles (less the first mile), added to the bid price for 0-1 mile, and then added to the material cost. This final figure will constitute the cost to deliver one ton of material the total number of miles.

This is illustrated below:

EXAMPLE FOR 20 MILES WITH TRANSPORTATION (HAULING) (i.e., FOB delivered):

Total miles minus one (20-1):	19	
Cost per ton/mile each additional mile after the first mile as bid		\$0.300
Delivery Charge for total miles less the first mile (<i>total miles less 1 times mile cost</i>):		\$5.700
Cost per ton/mile delivery charge for first mile or portion thereof (0-1) as bid:		\$2.000
Total Delivery charge per ton (<i>delivery charge plus cost per mile</i>):		\$7.700
Material Price as bid:		\$70.000
Total Delivered Cost per ton for 20 miles (<i>total delivery charge plus material price</i>):		\$77.700

When utilizing Transportation (Hauling), price shall be FOB destination as designated by ordering agency.

ASPHALT PRICE ADJUSTMENTS

- a. Asphalt price adjustments allowed will be based on the November 1, 2012 average of the F.O.B. terminal price per ton of unmodified PG 64-22 binder without anti-stripping agent (base average F.O.B. terminal price). The new monthly average terminal price will be determined by the New York State Department of Transportation based on prices of pre-approved primary sources of performance graded binder in accordance with the New York State Department of Transportation Standard Specification. **The November 1, 2012 average is \$582.000**

NOTE: The same grade of asphalt cement used in establishing the base average F.O.B. terminal price shall be used in establishing the new average F.O.B. terminal price.

In the event that one or more of the New York State Department of Transportation pre-approved sources discontinue posting a price for asphalt cement, the base average F.O.B. terminal **price shall not be recalculated.**

- b. The new average F.O.B. terminal price will be determined based on the above F.O.B. terminal prices posted on the 20th of each month, hereafter known as the "Adjustment Date", during the contract period. However, asphalt price adjustments, in accordance with the formula below, will be effective for deliveries made on and after the first of the month following the adjustment date.
- c. The unit prices per ton of hot mix asphalt (HMA) purchased from any award based on this specification will be subject to adjustment based on the following formula:

$\text{Price Adjustment} = \left(\begin{array}{c} \text{New Monthly Average} \\ \text{F.O.B. Terminal Price} \end{array} - \begin{array}{c} \text{Base Average F.O.B.} \\ \text{Terminal Price} \end{array} \right) \times \begin{array}{c} \text{Total \% Asphalt} \\ \text{(Per Ton)} \\ \text{Plus Fuel Allowance} \end{array}$

NEW MONTHLY AVERAGE F.O.B. TERMINAL PRICE

The average F.O.B. terminal price for unmodified PG 64-22 binder without anti-stripping agent is as determined by the New York State Department of Transportation per New York State Department of Transportation Standard Specification.

BASE AVERAGE F.O.B. TERMINAL PRICE

The average F.O.B. terminal price of unmodified PG 64-22 binder without anti-stripping agent is as determined by the New York State Department of Transportation as of November 1, 2012.

TOTAL % ASPHALT PLUS FUEL

The percentage of total allowable asphalt and fuel for each item is as follows:

<u>ITEM</u>	<u>% ASPHALT</u>	<u>+ FUEL ALLOWANCE</u>	<u>TOTAL % ASPHALT + FUEL ALLOWANCE</u>
302.01	3.75	-	3.75%
402.03810118	6.85	1.00	7.85%
402.03820118	6.85	1.00	7.85%
402.03830118	6.85	1.00	7.85%
402.03890118	6.85	1.00	7.85%
402.058902	8.25	1.00	9.25%
402.09XX02	6.20	1.00	7.20%
402.12XX02	5.50	1.00	6.50%
402.19XX02	4.90	1.00	5.90%
402.25XX02	4.50	1.00	5.50%
402.068X0118	6.70	1.00	7.70%

Fuel Allowance represents allowance for energy (fuel, electricity, natural gas) used in the production of asphalt. It is a cost associated with the product and not intended to represent any trucking or hauling of product.

- d. Work performed after the expiration of the contract, where no extension has been granted, resultant from purchase orders placed prior to expiration of the contract will receive the asphalt price adjustments applicable in effect during the last month of the contract.

Asphalt price adjustments for any contracts that are extended will be based on the new average for the month in which the work is done applying the same base established for that contract.
- e. Asphalt price adjustments allowed by this contract shall be calculated and applied to the original prices. There will not be asphalt price adjustments unless the change amounts to more than \$0.10 per ton from the original price. In these instances, prices will revert back to the original prices.
- f. All asphalt price adjustments will be computed to three decimal places.
- g. Should these provisions result in a price structure which becomes unworkable, detrimental or injurious to the State or in prices which are not truly reflective of market conditions or which are deemed by the Commissioner to be unreasonable or excessive, and no adjustment in price is mutually agreeable, the Commissioner reserves the sole right upon ten days written notice mailed to the contractor to terminate any contract resulting from this bid opening.
- h. All asphalt price adjustments shall be published by the State and issued to all contract holders whose responsibility will be to attach the appropriate State notification (based on when the work was performed) to the payment invoice submitted to agency.

(All State Agencies and Political Subdivisions)**

PERIODIC PRICE ADJUSTMENT

<u>ITEM</u>	<u>GRADE/ DESCRIPTION</u>	<u>TOTAL % ASPHALT + FUEL ALLOWAN CE</u>	<u>DIFFERENCE (100% Material - Total % Asphalt + Fuel Allowance)</u>	<u>QUARTERLY PPI PRICE ADJUSTMENT PERCENTAGE</u>
302.01	Bitum Stabilized Course	3.75%	96.25%	TO BE PUBLISHED QUARTERLY AT www.ogs.ny.gov
402.03810118	Misc Patching F1	7.85%	92.15%	
402.03820118	Misc Patching F2	7.85%	92.15%	
402.03830118	Misc Patching F3	7.85%	92.15%	
402.03890118	Misc Patching F9	7.85%	92.15%	
402.058902	Shim Course F9	9.25%	90.75%	
402.09XX02	9.5 Superpave	7.20%	92.80%	
402.12XX02	12.5 Superpave	6.50%	93.50%	
402.19XX02	19 Superpave	5.90%	94.10%	
402.25XX02	25 Superpave	5.50%	94.50%	
402.068X0118	6.3 Polymer Mod HMA	7.70%	92.30%	

Every three months the base bid prices shown in the initial CONTRACT AWARD NOTIFICATION may be adjusted in accordance with changes in the US Bureau of Labor Statistics (BLS).

THIS ADJUSTMENT MAY GO UP OR DOWN. Please see chart below for applicable dates.

The “base” month for calculations shall be **November 2012.**

(Price adjustments will NOT be recalculated if PPI changes due to change in Preliminary (P) status.)

These periodic price adjustments shall be published, via a Purchasing Memorandum, by the Office of General Services. These will be issued through the Purchaser Notification Service and posted on the website under the award number.

DATES FOR IMPLEMENTATION:

Effective Date for Adjustment	BLS Month for Calculation	PPI & CPI Base Month
June 1, 2013	April 2013	November 2012
September 1, 2013	July 2013	November 2012
December 1, 2013	October 2013	November 2012
March 1, 2014	January 2014	November 2012
June 1, 2014	April 2014	November 2012
September 1, 2014	July 2014	November 2012
December 1, 2014	October 2014	November 2012

There will be two BLS indexes used for price calculations - one for product and another for equipment, operators. The BLS values will be “Not Seasonally Adjusted”. The indexes are:

<u>For Product</u>	<u>For Equipment, Operators</u>
Producer Price Index (PPI)	Consumer Price Index (CPI)
Series ID: PCU 21231-21231	Series ID: CUUR0000SA0
Industry: Stone Mining & Quarrying	Area: U.S. City Average
Product: Stone Mining & Quarrying	Item: All Items

PRICE CALCULATION METHOD:

(US Bureau of Labor Statistics Month for Calculation / Base Month) x (Base Bid Price in Award).

PREVAILING WAGE RATES - PUBLIC WORKS AND BUILDING SERVICES CONTRACTS

Work being bid is subject to the prevailing wage rate provisions of New York State Labor Law. See "Prevailing Wage Rates - Public Works and Building Services Contracts" in Appendix B, OGS General Specifications. Any federal or State determination of a violation of any public works law or regulation, or labor law or regulation, or any OSHA violation deemed "serious or willful" may be grounds for a determination of vendor non-responsibility and rejection of bid.

The applicable Prevailing Wage Rate Schedule for this project is **PRC # 2013000072**

For access to the Department of Labor (DOL) Prevailing Wage Schedule, use the following link:

<http://wpp.labor.state.ny.us/wpp/showFindProject.do?method=showIt>

For Prevailing Wage Updates, use the following DOL link:

<http://wpp.labor.state.ny.us/wpp/publicViewPWChanges.do?method=showIt>

Links to schedule updates appear in the table at the bottom of the web page.

IMPORTANT NOTE: The above PRC number MUST be noted on all purchase orders issued for purchases from this contract.

WORKER NOTIFICATION – A9052; S6240

This provision is an addition to the existing prevailing wage rate law, Labor Law §220, paragraph a of subdivision 3-a. It requires contractors and subcontractors to provide written notice to all laborers, workers or mechanics of the *prevailing wage rate* for their particular job classification *on each pay stub**. It also requires contractors and subcontractors to *post a notice* at the beginning of the performance of every public work contract *on each job site* that includes the telephone number and address for the Department of Labor and a statement informing laborers, workers or mechanics of their right to contact the Department of Labor if he/she is not receiving the proper prevailing rate of wages and/or supplements for his/her particular job classification. The required notification will be provided with each wage schedule, may be downloaded from www.labor.state.ny.us or made available upon request by contacting the Bureau of Public Work at 518-457-5589.

*In the event that the required information will not fit on the pay stub, an accompanying sheet or attachment of the information will suffice.

OSHA 10-HOUR CONSTRUCTION SAFETY AND HEALTH COURSE - S1537-A

This provision is an addition to the existing prevailing wage rate law, Labor Law §220, section 220-h. It requires that on all public work contracts of at least \$250,000, all laborers, workers, and mechanics working on site be certified as having successfully completed the OSHA 10-hour construction safety and health course. It further requires that the advertised bids and contracts for every public work contract of at least \$250,000 contain a provision of the requirement AND only applies to workers on a public work project that are required under Article 8 to receive the prevailing wage..

Further information may be found at: www.labor.state.ny.us/workerprotection/publicwork/PWContents.shtm

PROCUREMENT CARD RECEIPTS

For all purchases executed using a New York State Procurement Card, Contractor shall provide an itemized receipt with each Delivery.

INVOICES

Contractor invoices must include detailed line item information matching the different options outlined in the Quick Quote form to allow Authorized Users to verify that delivered pricing matches the correct price on the date of order.

PRODUCT REQUIREMENTS

Group Specifications for each material item included in this contract are set forth in Group Specifications #926.

PAYMENT

Payment shall be made at contract prices per net ton for the actual quantity of material received from the contractor. In addition, payment adjustments will be applied in Quality Units for all applicable mixes as described in Sections 401, 402-4 and 402-5 of the Specifications.

Payment shall be made at the contract price per day based on the number of days (computed to the nearest quarter day) that flaggers are actually utilized.

QAF (QUALITY UNITS)

The Quality Adjustment Factor will be 1.0 for all material produced under this contract for any agency other than NYSDOT.

The following Quality Unit Index prices will apply to material produced under this contract for the New York State Department of Transportation (NYSDOT) only:

<u>Region</u>	<u>Index Price (\$/Quality Unit)</u>
1	\$70
2	\$75
3	\$80
4	\$70
5	\$75
6	\$75
7	\$75
8	\$90
9	\$70
10	\$110
11	\$105

SUPERPAVE MIX ITEMS

The Equivalent Single Axle Load's (ESAL's) level for all Superpave Mix items should be <0.3 million. For all Superpave Mix items, the Vendor will not be responsible for nuclear density testing.

OPTIONAL EQUIPMENT

To request optional paver and/or compaction equipment from a vendor, agencies must anticipate placement of at least 500 tons per day (for each day equipment is requested). The 500 tons per day minimum does not include the last day of work on larger projects where quantities to complete work on the last day may be less than 500 tons.

Equipment offered by the vendor shall meet the requirements of Section 400 of the Specifications. All pavers shall meet the requirements of Section 402-3.02 HMA Pavers of the Specifications. Vendors shall note the requirements for approved automatic transverse slope and longitudinal grade screed controls. Pavers shall be equipped with hydraulically operated extensions of the proper width and approved joint matching shoes and/or 30 feet long moving references, such as floating beams or skis as appropriate as outlined in the Specifications, Section 402-3.06 Spreading and Finishing. All rollers shall meet the requirements of the Specifications, Section 402-3.04 Rollers.

When equipment is requested with operator, operator shall be capable and experienced in the operation of the supplied equipment. The vendor is advised that, due to the nature of Hot Mix Asphalt paving projects, overtime hours are customarily used to expeditiously progress projects. No extra payment shall be due to vendors that supply operators for pavers and/or rollers due to overtime hours worked by those operators. The vendor shall be responsible for fuel and repairs for all supplied equipment.

Payment for equipment shall be by the day for each day the equipment is actually used to place or compact material, except as follows: No payment shall be made for days required to deliver the equipment to the project site or to return the equipment to the vendor's plant. Payment shall be made for each day that actual paving work is started, even if work is not completed due to inclement weather or other unforeseen circumstances. The vendor shall not be entitled to payment for days where work is not started due to inclement weather.

OPTIONAL EQUIPMENT LIST

Hot mix asphalt (HMA) Paver with operator capable of simultaneously paving mainline and shoulders from 16 feet to 20 feet wide (exact width required to be specified at the time of order).

Hot mix asphalt (HMA) Paver with operator and screed person capable of simultaneously paving mainline and shoulders from 16 feet to 20 feet wide (exact width required to be specified at the time of order).

10-Ton Static Roller

10-Ton Static Roller with operator

10-Ton Vibratory Roller

10-Ton Vibratory Roller with operator

MOBILIZATION

Mobilization of equipment is a one-time charge for the duration of a project. Mobilization prices apply to provided equipment only and are not associated with hauling rates. Roller mobilization prices are to be applied per roller per project.

FLAGGERS

Flaggers may be requested by agencies if work by a flagger is initially expected to last at least one calendar day. The price per flagger per day includes all costs of providing a flagger where directed by the Engineer or agency authorized individual with all the necessary safety equipment, i.e. stop/slow paddle, flag, vest, hardhat. Payment shall be by the day for each flagger provided. A day shall be determined as including the time period between the commencement and completion of work on any calendar day. No extra payment shall be provided if the flagger must work longer than the standard eight-hour workday. Payment shall be made to the nearest quarter day as determined by the Engineer or agency authorized individual.

SPECIAL NOTE FOR ORDERING ITEM 402.068X0118

This is a special mix item which requires polymer modified asphalt. Polymer modified asphalt is not routinely used in all areas of the State and may not be readily available at the mix facility. Therefore, it is important to give producers a timely notice prior to performing the work so the polymer modified asphalt can be ordered. A minimum of one week notification should be given to the producer to ensure polymer modified asphalt will be available.

The 6.3 mm item also requires a special tack coat to be applied prior to placing this mix. This tack coat is either a RS-1h or CRS-1h straight emulsion with Material Designation of 702-3002 or 702-4002 respectively. This tack coat item can be purchased using the OGS Liquid Bituminous Materials FOB contract.

The minimum quantity of 6.3 mm item per purchase order should be 500 tons.

If vendors are used for placement of this mix, it is recommended to have a pre-pave meeting.

MINIMUM ORDER

To request optional paver and/or compaction equipment from a vendor, agencies must anticipate placement of at least 500 tons per day (for each day equipment is requested). The 500 tons per day minimum does not include the last day of work on larger projects where quantities to complete work on the last day may be less than 500 tons.

The minimum quantity of 6.3 mm (Item 402.068X0118) per purchase order should be 500 tons.

DELIVERY

Delivery shall be made as specified and in accordance with instructions furnished with each order, unless otherwise directed in writing.
