CONTRACTORS: Elderlee, Inc.
Fastenal Company
Gregory Industries, Inc. d/b/a Gregory Highway Products
Road Systems, Inc.
Trinity Highway Products, Inc.

CONTRACT NO(S): PC63626 through PC63630

SUBJECT: Scheduled Price Adjustment Effective October 1, 2012

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

Per the terms of page 4 of the Contract Award Notification, the following adjustments to the original contract prices are hereby instituted effective October 1, 2012 and are to remain in effect until further notice.

All of the contract items have been given specific class identifications which are used to target the proper price adjustment to the items in each class. Any class in which the assigned U.S. Department of Labor Price Index has changed in relation to the base index by greater than two percent (2%) will have a price adjustment applied.

The following are the index values as published on September 28, 2012:

Class	Description	Index
A	Posts, Tubes & Pipe	312.8
B	Rail Beams	178.7
C	Cable and Wire	200.8
D	Hardware	177.6
E	General Accessories	183.6
F	Lumber Products	165.4

The adjusted prices for this award are begin on the following page. Contract users should note that Lots I & VI of the original award have expired and are no longer on contract. These lots may be a part of a new procurement which is currently under review.

All other terms and conditions of the contract award remain in effect and unchanged.

Road Systems, Inc.
Trinity Highway Products, Inc.

CONTRACT NO(S): PC63626 through PC63630

SUBJECT: Scheduled Price Adjustment Effective July 1, 2012

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

Per the terms of page 4 of the Contract Award Notification, the following adjustments to the original contract prices are hereby instituted effective July 1, 2012 and are to remain in effect until further notice.

All of the contract items have been given specific class identifications which are used to target the proper price adjustment to the items in each class. Any class in which the assigned U.S. Department of Labor Price Index has changed in relation to the base index by greater than two percent (2%) will have a price adjustment applied.

The following are the index values as published on June 29, 2012:

Class	Description	Index
A	Posts, Tubes & Pipe	327.6
B	Rail Beams	187.4
C	Cable and Wire	203.2
D	Hardware	177.8
E	General Accessories	190.6
F	Lumber Products	165.4

The adjusted prices for this award are begin on the following page. Contract users should note that Lots I & VI of the original award have expired and are no longer on contract. These lots may be a part of a new procurement which is currently under review.

All other terms and conditions of the contract award remain in effect and unchanged.

Road Systems, Inc.
Trinity Highway Products, Inc.

CONTRACT NO(S): PC63626 through PC63630

SUBJECT: Scheduled Price Adjustment Effective April 1, 2012

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

Per the terms of page 4 of the Contract Award Notification, the following adjustments to the original contract prices are hereby instituted effective April 1, 2012 and are to remain in effect until further notice.

All of the contract items have been given specific class identifications which are used to target the proper price adjustment to the items in each class. Any class in which the assigned U.S. Department of Labor Price Index has changed in relation to the base index by greater than two percent (2%) will have a price adjustment applied.

The following are the index values as published on March 30, 2012:

Class	Description	Index
A	Posts, Tubes & Pipe	320.1
B	Rail Beams	187.3
C	Cable and Wire	202.1
D	Hardware	178.1
E	General Accessories	191.5
F	Lumber Products	165.4

The adjusted prices for this award are begin on the following page. Contract users should note that Lots I & VI of the original award have expired and are no longer on contract. These lots may be a part of a new procurement which is currently under review.

All other terms and conditions of the contract award remain in effect and unchanged.

CONTRACT PERIOD: December 19, 2007 to
December 18, 2012

CONTRACTORS: Elderlee, Inc.
Fastenal Company
Gregory Industries, Inc. d/b/a Gregory Highway Products
Road Systems, Inc.
Trinity Highway Products, Inc.

CONTRACT NOS.: PC63626 through PC63630

SUBJECT: Scheduled Price Adjustment Effective October 1, 2011

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

Per the terms of page 4 of the Contract Award Notification, the following adjustments to the original contract prices are hereby instituted effective October 1, 2011 and are to remain in effect until further notice.

All of the contract items have been given specific class identifications which are used to target the proper price adjustment to the items in each class. Any class in which the assigned U.S. Department of Labor Price Index has changed in relation to the base index by greater than two percent (2%) will have a price adjustment applied.

The following are the index values as published on September 30, 2011:

Class	Description	Index
A	Posts, Tubes & Pipe	320.1
B	Rail Beams	191.5
C	Cable and Wire	202.2
D	Hardware	175.5
E	General Accessories	189.3
F	Lumber Products	164.0

The adjusted prices for this award are begin on the following page. Contract users should note that Lots I & VI of the original award have expired and are no longer on contract. These lots will be a part of a new bid which is currently in production.

All other terms and conditions of the contract award remain in effect and unchanged.

CONTRACT NO(S): PC63626 through PC63630

SUBJECT: Scheduled Price Adjustment Effective July 1, 2011

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

Per the terms of page 4 of the Contract Award Notification, the following adjustments to the original contract prices are hereby instituted effective July 1, 2011 and are to remain in effect until further notice.

All of the contract items have been given specific class identifications which are used to target the proper price adjustment to the items in each class. Any class in which the assigned U.S. Department of Labor Price Index has changed in relation to the base index by greater than two percent (2%) will have a price adjustment applied.

The following are the index values as published on June 30, 2011:

Class	Description	Index
A	Posts, Tubes & Pipe	330.3
B	Rail Beams	193.6
C	Cable and Wire	200.1
D	Hardware	173.4
E	General Accessories	193.1
F	Lumber Products	169.0

The adjusted prices for this award are begin on the following page. Contract users should note that Lots I & VI of the original award have expired and are no longer on contract. These lots will be a part of a new bid which is currently in production.

All other terms and conditions of the contract award remain in effect and unchanged.

CONTRACT NO(S): PC63626 through PC63630

SUBJECT: Scheduled Price Adjustment Effective April 1, 2011

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

Per the terms of page 4 of the Contract Award Notification, the following adjustments to the original contract prices are hereby instituted effective April 1, 2011 and are to remain in effect until further notice.

All of the contract items have been given specific class identifications which are used to target the proper price adjustment to the items in each class. Any class in which the assigned U.S. Department of Labor Price Index has changed in relation to the base index by greater than two percent (2%) will have a price adjustment applied.

The following are the index values as published on March 31, 2011:

Class	Description	Index
A	Posts, Tubes & Pipe	313.9
B	Rail Beams	177.4
C	Cable and Wire	190.3
D	Hardware	171.3
E	General Accessories	182.4
F	Lumber Products	165.3

The adjusted prices for this award are begin on the following page. Contract users should note that Lots I & VI of the original award have expired and are no longer on contract. These lots will be a part of a new bid which is currently in production.

All other terms and conditions of the contract award remain in effect and unchanged.

CONTRACT NO(S): PC63625 through PC63630

SUBJECT: Scheduled Price Adjustment Effective January 1, 2011

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

Per the terms of page 4 of the Contract Award Notification, the following adjustments to the original contract prices are hereby instituted effective January 1, 2011 and are to remain in effect until further notice.

All of the contract items have been given specific class identifications which are used to target the proper price adjustment to the items in each class. Any class in which the assigned U.S. Department of Labor Price Index has changed in relation to the base index by greater than two percent (2%) will have a price adjustment applied.

The following are the index values as published on December 31, 2010:

Class	Description	Index
A	Posts, Tubes & Pipe	282.3
B	Rail Beams	167.2
C	Cable and Wire	187.7
D	Hardware	171.9
E	General Accessories	169.6
F	Lumber Products	165.8

The adjusted prices for this award are begin on the following page and will remain in effect for all lots except Lots I and VI, until superseded by a new Purchasing Memorandum. Contracts held for Lots I and VI will terminate on March 1, 2011. These items will be a part of a new bid which is currently in production.

All other terms and conditions of the contract award remain in effect and unchanged.

CONTRACT NO(S): PC63625 through PC63630

SUBJECT: Scheduled Price Adjustment Effective October 1, 2010

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

Per the terms of page 4 of the Contract Award Notification, the following adjustments to the original contract prices are hereby instituted effective October 1, 2010 and are to remain in effect until further notice.

All of the contract items have been given specific class identifications which are used to target the proper price adjustment to the items in each class. Any class in which the assigned U.S. Department of Labor Price Index has changed in relation to the base index by greater than two percent (2%) will have a price adjustment applied.

The following are the index values as published on September 30, 2010:

Class	Description	Index
A	Posts, Tubes & Pipe	280.8
B	Rail Beams	171.0
C	Cable and Wire	191.4
D	Hardware	171.8
E	General Accessories	170.6
F	Lumber Products	163.7

The adjusted prices for this award are begin on the following page and will remain in effect until superseded by a new Purchasing Memorandum.

All other terms and conditions of the contract award remain in effect and unchanged.

CONTRACTOR: Di Highway Sign & Structure Corp., Elderlee, Inc., Fastenal Company, Gregory Industries, Inc. dba Gregory Highway Products Inc., Road Systems, Inc., Trinity Highway Products, Inc.

CONTRACT #s: PC63625 through PC63630

SUBJECT: SCHEDULED Price Adjustment Effective July 1, 2010

TO ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

Per the terms of page 4 of the Contract Award Notification, the following adjustments to the original contract prices are hereby instituted and are to remain in effect until further notice.

All of the contract items have been given specific class identifications, which are used to target the proper price adjustment to the items in each class. Any class in which the assigned U. S. Department of Labor Price Index has changed in relation to the base index by **greater than two percent (2%)** will have a price adjustment applied.

The following are the index values as published on June 30, 2010:

Class	Description	Index
A	Posts, Tubes & Pipe	281.0
B	Rail Beams	182.6
C	Cable and Wire	192.4
D	Hardware	169.6
E	General Accessories	173.8
F	Lumber Products	163.9

The adjusted prices for this award are found beginning on page 2 of this memorandum, and will remain in effect until superseded by a new Purchasing Memoranda.

All other terms and conditions of the contract award remain in effect and unchanged.

CONTRACTOR: Di Highway Sign & Structure Corp., Elderlee, Inc., Fastenal Company, Gregory Industries, Inc. dba Gregory Highway Products Inc., Road Systems, Inc., Trinity Highway Products, Inc.

CONTRACT #s: PC63625 through PC63630

SUBJECT: SCHEDULED Price Adjustment Effective April 1, 2010

TO ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

Per the terms of page 4 of the Contract Award Notification, the following adjustments to the original contract prices are hereby instituted and are to remain in effect until further notice.

All of the contract items have been given specific class identifications, which are used to target the proper price adjustment to the items in each class. Any class in which the assigned U. S. Department of Labor Price Index has changed in relation to the base index by **greater than two percent (2%)** will have a price adjustment applied.

The following are the index values as published on March 31, 2010:

Class	Description	Current PPI Published	Published Base Index	% Difference
A	Posts, Tubes & Pipe	251.9	232.8	1.082 = +8.2 %
B	Rail Beams	171.5	154.9	1.107 = +10.7 %
C	Cable and Wire	187.9	171.8	1.094 = +9.4 %
D	Hardware	167.8	153.0	1.097 = +9.7 %
E	General Accessories	161.2	150.9	1.068 = +6.8 %
F	Lumber Products	163.8	173.9	0.942 = -5.8 %

Therefore:

1. All Contract Items that have been designated as Class A are to be **increased** in price by **8.2%** from the originally posted contract price.
2. All Contract Items that have been designated as Class B are to be **increased** in price by **10.7 %** over the originally posted contract price.
3. All Contract Items that have been designated as Class C are to be **increased** in price by **9.4 %** over the originally posted contract price.
4. All Contract Items that have been designated as Class D are to be **increased** in price by **9.7 %** over the originally posted contract price.
5. All Contract Items that have been designated as Class E are to be **increased** in price by **6.8 %** over the originally posted contract price.
6. All Contract Items that have been designated as Class F are to be **decreased** in price by **5.8%** from the originally posted contract price.

All other terms and conditions of the contract award remain in effect and unchanged.

CONTRACT #s: PC63625 through PC63630

SUBJECT: SCHEDULED Price Adjustment Effective October 1, 2009

TO ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

Per the terms of page 4 of the Contract Award Notification, the following adjustments to the original contract prices are hereby instituted and are to remain in effect until further notice.

All of the contract items have been given specific class identifications, which are used to target the proper price adjustment to the items in each class. Any class in which the assigned U. S. Department of Labor Price Index has changed in relation to the base index by **greater than two percent (2%)** will have a price adjustment applied.

The following are the index values as published on September 30, 2009:

Class	Description	Current PPI Published	Published Base Index	% Difference
A	Posts, Tubes & Pipe	226.0	232.8	0.971 = -2.9 %
B	Rail Beams	160.6	154.9	1.037 = +3.7 %
C	Cable and Wire	185.0	171.8	1.077 = +7.7 %
D	Hardware	168.5	153.0	1.101 = +10.1 %
E	General Accessories	151.5	150.9	1.004 = +0.4 %
F	Lumber Products	162.1	173.9	0.932 = -6.8 %

Therefore:

1. All Contract Items that have been designated as Class A are **decreased** in price by **2.9 %** from the originally posted contract price .
2. All Contract Items that have been designated as Class B are **increased** in price by **3.7%** over the originally posted contract price.
3. All Contract Items that have been designated as Class C are to be **increased** in price by **7.7 %** over the originally posted contract price.
4. All Contract Items that have been designated as Class D are to be **increased** in price by **10.1 %** over the originally posted contract price.
5. All Contract Items that have been designated as Class E are to be sold at no more than the originally posted contract price.
6. All Contract Items that have been designated as Class F are to be **decreased** in price by **6.8 %** from the originally posted contract price.

All other terms and conditions of the contract award remain in effect and unchanged.

TO ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

The Fastenal Company has notified the Procurement Services Group of the activation of a new fax number for ordering and service information. This number will automatically notify contract expeditor Eric Fankhanel electronically of any new fax and will enable him to route the information to the correct facility for processing. This new system should be used for any fax order, or other fax transmission. The new fax contact number is: **(507)494-0715**.

The following information supplements the table found in the Contract Award Notification on pages 33 through 35:

Fastenal has announced the opening of 2 new local service branches. The first is in Syracuse and is located at 1401 Erie Boulevard in mid-town. Their phone is (315) 423-3729 and local fax is (315)423-4109 and may be e-mailed at nysyl@stores.fastenal.com. The second site is in West Seneca. It is located at 252 Center Road. The local phone is (716) 675-1042 and their local fax is (716)677-0864 and their e-mail is nywes@stores.fastenal.com.

Additionally the company has announced that the location noted on page 34 for Olean, New York is no longer in operation. The Olean area is now being serviced out of Bradford, Pennsylvania. The site will continue to service to company's New York State Contracts from their 76 Bedford Avenue address. The phone number for the site is (814)362-7123 with an (814)362-7125 fax. The original Olean E-mail address of nyoln@stores.fastenal.com remains in place and is now received at the Bradford site.

The contractor has further explained that the chart listings for Jamestown, NY and Stone Ridge, NY are dedicated "in-house" manufacturing support centers, which do not service outside accounts, such as State Contract or individual sales and therefore should be deleted from our listing. We apologize if these listings have caused any confusion in using the contract.

Finally we have included a new reference chart on the following page of this memorandum, for your use. The chart clarifies the relationship between the Contract Item Number & Description, and the Contractor's Product Identification Numbers and Technical Reference. This is to assist you with item selection when using a Fastenal Catalog.

Buyers and Contractors should remember that you need to use the CONTRACT Item Numbers on all Purchase Orders, Vouchers, Invoices and Sales Reports.

CONTRACTOR(S): Di Highway Sign & Structure Corp., Elderlee, Inc., Fastenal Company, Gregory Industries, Inc. dba Gregory Highway Products Inc. , Road Systems, Inc., Trinity Highway Products, Inc.

CONTRACT #s: PC63625 through PC63630

SUBJECT: **SCHEDULED Price Adjustment Effective April 1, 2008**

TO ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

Per the terms of page 4 of the Contract Award Notification, the following adjustments to the original contract prices are hereby instituted and are to remain in effect until further notice.

All of the contract items have been given specific class identifications, which are used to target the proper price adjustment to the items in each class. Any class in which the assigned U. S. Department of Labor Price Index has changed in relation to the base index by **greater than two percent (2%)** will have a price adjustment applied.

The following are the index values published on March 31, 2008:

Class	Description	Current PPI Published	Published Base Index	% Difference
A	Posts, Tubes & Pipe	252.5	232.8	1.085 = +8.5%
B	Rail Beams	165.6	154.9	1.069 = +6.9%
C	Cable and Wire	177.2	171.8	1.031 = +3.1%
D	Hardware	167.1	153.0	1.092 = +9.2%
E	General Accessories	160.0	150.9	1.060 = +6.0%
F	Lumber Products	174.3	173.9	1.002 = +0.2%

Therefore:

1. All Contract Items that have been designated as Class A are to be **increased** in price by **8.5%** over the originally posted contract price
2. All Contract Items that have been designated as Class B are to be **increased** in price by **6.9%** over the originally posted contract price.
3. All Contract Items that have been designated as Class C are to be **increased** in price by **3.1%** over the originally posted contract price.
4. All Contract Items that have been designated as Class D are to be **increased** in price by **9.2%** over the originally posted contract price.
5. All Contract Items that have been designated as Class E are to be **increased** in price by **6.0%** over the originally posted contract price.
3. All Contract Items that have been designated as Class F are to **remain at the original contract price**, as the % of change was less than the required 2% necessary to mandate a price adjustment in these classes.

All other terms and conditions of the contract award remain in effect and unchanged.

SW	Solid Waste Impact	ES	Environmentally Sensitive

NOTE TO AUTHORIZED USERS:

When placing purchase orders under the contract(s), the authorized user should be familiar with and follow the terms and conditions governing its use which usually appears at the end of this document. The authorized user is accountable and responsible for compliance with the requirements of public procurement processes. The authorized user must periodically sample the results of its procurements to determine its compliance. In sampling its procurements, an authorized user should test for reasonableness of results to ensure that such results can withstand public scrutiny.

The authorized user, when purchasing from OGS contracts, should hold the contractor accountable for contract compliance and meeting the contract terms, conditions, specifications, and other requirements. Also, in recognition of market fluctuations over time, authorized users are encouraged to seek improved pricing whenever possible.

Authorized users have the responsibility to document purchases, particularly when using OGS multiple award contracts for the same or similar product(s)/service(s), which should include:

- a statement of need and associated requirements,
- a summary of the contract alternatives considered for the purchase,
- the reason(s) supporting the resulting purchase (e.g., show the basis for the selection among multiple contracts at the time of purchase was the most practical and economical alternative and was in the best interests of the State).

ELECTRONIC PAYMENTS:

The Office of the State Comptroller (OSC) offers an "electronic payment" option in lieu of issuing checks. To obtain an electronic payment authorization form visit the OSC website at www.osc.state.ny.us or contact them by e-mail at epunit@osc.state.ny.us or by phone at 518-474-4032.

PRICE:

General - Price includes all customs duties and charges and be net, F.O.B. destination any point in New York State as designated by the ordering agency including dock delivery, tailgating of load and unloading by agency forces when applicable

Contract prices for all LOTS shall be firm except that price adjustments will be permitted in accordance with the "Price Adjustments" provisions shown herein.

In addition, upon mutual agreement, delivery locations may be expanded per the "Extension of Use" clause.

(continued)

PRICE: (Cont'd)

Minimum Order - Minimum order shall be \$1000 per order, per dealer. Items under the same contract number may be combined to reach minimum value.

Contractor may elect to honor orders for less than the minimum order. For such orders, at the contractor's option, shipping costs from the contractor's address (as stated in bid) may be added to invoice with a copy of the freight bill. Shipping costs are to be prepaid by contractor and such orders are to be shipped on an F.O.B. destination basis. All such orders must be shipped by the most economical method for the proper delivery of the product unless special instructions are stated on the order by the agency.

Lower Pricing - The State reserves the right to negotiate lower pricing, or to advertise for bids, whichever is in the State's best interest as determined by the Commissioner, in the event of a significant decrease in market price of any product listed. In addition, if the contractor's normal pricing to the public or to the trade in general is less than the net/contract pricing with the application of a contract discount, etc., then the normal pricing to the public or to the trade in general shall also be granted to contract participants.

Price Adjustments - All contract pricing is subject to an increase or decrease after December 31, 2007 and every three (3) months thereafter, with the initial adjustment occurring on January 1, 2008.

The State will not effect any price adjustments, either increases or decreases, until percentage changes of more than two (2) percent are demonstrated by the Producer Price Index Involved.

The products found in each lot of this bid have been further classified into five (5) categories: Posts and Tubes; Rail Beams; Cable and Wire; Hardware; and General Accessories. Each of these categories has been assigned a **United States Department of Labor Producer Price Index (PPI)** in which to adjust the contract prices in accordance with industry trends. The price adjustment on each item will be commensurate with the increase or decrease in the **Producer Price Index (PPI)** for the class group in which it resides. Each LOT may contain items found in one or more categories.

The product classes will be adjusted by the following Producer Price Indices:

Class	Class Description	Producer Price Index Title	PPI Series ID #	BASE PPI Value at time of IFB Publication
A	Posts, Tubes & Pipe	Iron / Steel, pipe and tube products manufactured from Purchased Steel	PCU331210331210P	232.8
B	Rail Beams	Rolled Steel Shape Manufacturing - Primary Products	PCU331221331221P	154.9
C	Cable and Wire	Steel Wire Drawing Primary Products	PCU331222331222P	171.8
D	Hardware	Bolt, Nut, Screw, Rivet & Washer Manufacturing - Primary Products	PCU332722332722P	153.0
E	General Accessories	Steel Products Manufactured from Purchased Steel	PCU3312--3312--	150.9
F	Lumber Products	Cut stock, re-sawing lumber & planning- Hardwood cut stock and dimension	PCU3219123219126	173.9

The above chart shows benchmark values for each of the above classes upon which the adjustments are calculated.

These values are the most recently published; whether or not indicated as "preliminary"; Producer Price Indices (PPI) for June 2007 as published by the U.S. Department of Labor just prior to the date of publication of this IFB on July 19, 2007. Unless removed by the U.S. Department of Labor, these values remain constant throughout the term of the contract.

(continued)

PRICE: (Cont'd)

Price Adjustments (Cont'd) -

The formula for the price adjustment is as follows:

- The most recently published (current) Producer Price Index per category divided by the base index for the classification group (rounded to 3 decimal places) equals a multiplier. A multiplier greater than one (1) will result in an increase in price and a multiplier of less than one (1) will result in a decrease in price.
- Take the contract award price and multiply it by the multiplier to get the adjusted price.
- No price adjustment, either increases or decreases, will take place until the multiplier is a number below 0.980 or above 1.020.

EXAMPLE:

Consider a **hypothetical example** that **could** take place on January 1, 2009: for a Class C item on the contract.

- The Current Producer Price Index -

Take the most recently published **Producer Price Index (PPI)**; whether or not indicated as “preliminary”; prior to January 1,2009, for Industry: Steel Wire Drawing; Product: Steel Wire Drawing, Series ID: PCU33122233122P, which **could be** 169.6* { *Remember this is a hypothetical example and this **figure was made up** strictly for this example! }

DIVIDED (÷) BY

- The Base PPI Index for this Classification -

163.0

This figure is the most recently published; whether or not indicated as “preliminary”; Producer Price Index (PPI) Industry: Steel Wire Drawing; Product: Steel Wire Drawing ., Series ID: PCU33122233122P, for April/May 2007 as published by the U.S. Department of Labor prior to the date of publication of this IFB on July 19, 2007.

EQUALS (=)

- The MULTIPLIER -

The quotient result (rounded to 3 decimal places) equals a multiplier which will then be applied to the contract price. A multiplier greater than one (1) will result in an increase in price and a multiplier of less than one (1) will result in a decrease in price.

In this example the multiplier is +1.040

Awarded Contract Price Per Class 5 Item, *MULTIPLIED (x) by 1.040* (The Multiplier) Equals (=) New Adjusted Price Per Item

A Purchasing Memorandum will then be issued by the Procurement Services Group to reflect the price increase or decrease which will be effective January 1, 2008, and every 3 months thereafter.

Additional information on the Producer Price Index may be obtained at the U. S. Department of Labor website at:<http://data.bls.gov> .

Fuel Surcharge - The State will consider the implementation of a fuel surcharge as a result of national or worldwide situations. The contractor may submit a request for a reasonable fuel surcharge semi-annually on September 1 and March 1 starting in March 2008. The fuel surcharge shall be equal to or less than the charge imposed by the freight carriers. The request must be accompanied by freight invoices, which show the amount paid to the freight company. The surcharge shall become effective when it is approved by OGS and posted to the website.

(continued)

PRICE: (Cont'd)

Government Mandated Program Adjustment -An adjustment in product and/or price may be permitted if a government mandated program, such as a new Federal Highway Administration Specification Standards, take effect and suitable documentation is furnished to the State and the State determines the requested change is verifiable and is reasonable. Replacement product would be subject to NYS Department of Transportation testing and approval. Such a price adjustment may be permitted for only a limited time since such an adjustment would eventually be reflected in the PPI.

Unworkable Price Structure - Should the price structure utilized by the parties become unworkable, detrimental or injurious to the State and/or Contractor or result in prices which are not truly reflective of current market conditions, and the price is deemed unreasonable or excessive by the Commissioner and no adjustment in price is mutually agreeable, the Commissioner reserves the sole right upon 10 days written notice mailed to the contractor to terminate any contract resulting from this bid opening. If the contractor is unable or unwilling to meet contractual requirements in whole or in part based on an unworkable price structure, it shall immediately notify the State of that fact in order that the State may take appropriate action. Such notification shall be in writing and shall be directed to the Office of General Services, Procurement Services Group. Such notification shall not relieve the contractor of its responsibilities under the contract.

The State reserves the right to implement changes in price based on unforeseen factors such as dramatic changes in availability, delivery, costs, etc., for product, supplies, etc., that substantively affect the contractor's business processes or that may impact contract pricing. Such changes may be based on information from the U.S. Bureau of Labor Statistics, industry data, or other sources.

DELIVERY:

General - Delivery shall be expressed in number of calendar days required to make delivery after receipt of a purchase order (ARO). Product will be required as soon as possible and guaranteed delivery may be considered in making an award or by an agency issuing a purchase order. (Note that the 30 day delivery provision of Appendix B, Section 45 - PRODUCT DELIVERY is modified by this part of "DELIVERY".)

Purchase Order Instructions - Delivery shall be made in accordance with instructions on purchase order from each agency. If there is a discrepancy between the purchase order and what is listed on the contract, it is the contractor's obligation to seek clarification from the ordering agency and, if applicable, from the Office of General Services, Procurement Services Group. (SEE ALSO: SEPARATE CLAUSE ON "PURCHASE ORDERS AND INVOICES").

Delivery Condition - Contractor shall be responsible to make no shipment of the product that will be exposed to conditions during transit, detrimental to the product. Product must be delivered strictly in accordance with specifications and shall be "Ready for Use."

Delivery Certification - Contractor shall secure a signed receipt from agency certifying to delivery of product. In the event deficiencies are later noted and a properly signed receipt is not available, contractor will be responsible

Shipping Dates And Delivery Time -

- Contractor shall provide written acknowledgement of orders within five (5) business days after receipt of order which will include an anticipated shipping date of each order.
- If shipment will not be made within the delivery time, the contractor is required to notify the agency in writing at least two weeks prior to the latest date of the original delivery obligation. This notification must include the reasons for the delay and the latest date the product will be shipped. Should the delay not be acceptable to the using agency, appropriate contract default proceedings will be initiated. Failure to supply timely written notification of delay may be cause for default proceedings.
- All correspondence on shipping dates and delivery time shall be directed to the ordering agency's contact person.

LOT XIV(Items #433-489)**"BOX BEAM END ASSEMBLY TYPE IIIC" AWARD TO: Trinity Highway Products, LLC****ESTIMATED QUANTITIES:**

The historical dollar value of all contracts issued under previous awards was approximately \$600,000.00 annually. However, each contract shall be for the quantities or dollar values actually ordered during the contract period. The individual value of each contract is indeterminate and will depend upon the number of contracts issued and the competitiveness of the pricing offered. Agencies will be encouraged to purchase from contractors who offer the supplies, services, and pricing that best meet their needs in the most practical and economical manner. See "Estimated/Specific Quantity Contracts" and "Participation in Centralized Contracts" in Appendix B, OGS General Specifications.

NOTE TO CONTRACTOR:

This Contract Award Notification is not an order. Do not take any action under this contract except on the basis of purchase order(s) from the agency or agencies.

NOTE TO CONTRACTOR:

In the event a specified manufacturer's product listed in the Contract Award Notification becomes unavailable or cannot be supplied to the State by the contractor for any reason (except as provided for in the "Savings/Force Majeure" clause in Appendix B, OGS General Specifications), a product deemed by the Office of General Services to be equal to or better than the specified product must be substituted by the contractor at no additional cost or expense to the State.

(continued)

CONTRACT PERIOD AND RENEWALS:

It is the intention of the State to enter into a contract for a term as stated on the Invitation for Bids except that the commencement and termination dates appearing on the Invitation for Bids except that those dates have been adjusted forward unilaterally by the State by two calendar months, as indicated on the first page of this Contract Award Notification in accordance with the terms specified on page 10 of the Invitation for Bids.

If mutually agreed between the Procurement Services Group and the contractor, the contract may be renewed under the same terms and conditions for additional period(s) not to exceed a total contract term of five (5) years.

SHORT TERM EXTENSION:

In the event a replacement contract has not been issued, any contract let and awarded hereunder by the State, may be extended unilaterally by the State for an additional period of up to one month upon notice to the contractor with the same terms and conditions as the original contract including, but not limited to, quantities (prorated for such one month extension), prices, and delivery requirements. With the concurrence of the contractor, the extension may be for a period of up to three months in lieu of one month. However, this extension terminates should the replacement contract be issued in the interim.

CANCELLATION FOR CONVENIENCE:

The State of New York retains the right to cancel this contract, in whole or in part without reason provided that the Contractor is given at least sixty (60) days notice of its intent to cancel. This provision should not be understood as waiving the State's right to terminate the contract for cause or stop work immediately for unsatisfactory work, but is supplementary to that provision. Any such cancellation shall have no effect on existing Agency agreements, which are subject to the same 60 day discretionary cancellation or cancellation for cause by the respective user Agencies.

EXTENSION OF USE:

These Contract Awards may be extended to additional States or governmental jurisdictions upon mutual written agreement between New York State (the lead contracting State) and the contractor. Political subdivisions and other authorized entities within each participating State or governmental jurisdiction may also participate in any resultant contract if such State normally allows participation by such entities. New York State reserves the right to negotiate additional discounts based on any increased volume generated by such extensions.

NON-STATE AGENCIES PARTICIPATION IN CENTRALIZED CONTRACTS:

New York State political subdivisions and others authorized by New York State law may participate in contracts. These include, but are not limited to local governments, public authorities, public school and fire districts, public and nonprofit libraries, and certain other nonpublic/nonprofit organizations. See "Participation in Centralized Contracts" in Appendix B, OGS General Specifications. For purchase orders issued by the Port Authority of New York and New Jersey (or any other authorized entity that may have delivery locations adjacent to New York State), the terms of the "Price" clause shall be modified to include delivery to locations adjacent to New York State.

Upon request, all eligible non-State agencies must furnish contractors with the proper tax exemption certificates and documentation certifying eligibility to use State contracts. A list of categories of eligible entities is available on the OGS web site (www.ogs.state.ny.us). Questions regarding an organization's eligibility to purchase from New York State Contracts may also be directed to OGS Procurement Services Group's Customer Services at 518-474-6717.

CONTRACT MIGRATION:

State Agencies or any other authorized user holding individual contracts with contractors under this centralized contract shall be able to migrate to this contract award with the same contractor, effective on the contract begin date (retroactively, if applicable). Migration by an agency or any other authorized user to the centralized contract shall not operate to diminish, alter or extinguish any right that the agency or other authorized user otherwise had under the terms and conditions of the original contract.

(continued)

EMERGENCY PURCHASING:

In the event that a disaster emergency is declared by Executive Order under Section 28 of Article 2-B of the Executive Law, or that the Commissioner determines pursuant to his/her authority under Section 163(10)(b) of the State Finance Law that an emergency exists requiring the prompt and immediate delivery of products or services, the Commissioner reserves the right to obtain such products or services from any source, including but not limited to this contract, as the Commissioner in his/her sole discretion determines will meet the needs of such emergency. Contractor shall not be entitled to any claim or lost profits for products or services procured from other sources pursuant to this paragraph.

OVERLAPPING CONTRACT ITEMS:

Products/services available in the resulting contract may also be available from other New York State contracts. Contract users will be advised to select the most cost effective procurement alternative that meets their program requirements and to maintain a procurement record documenting the basis for this selection.

RESERVATION:

The State reserves the right to negotiate lower pricing, or to advertise for bids, any unanticipated excessive purchase. An "unanticipated excessive purchase" is defined as an unexpected order for a contract product(s) totaling \$100,000.00.

WARRANTIES:

See "Additional Warranties" in Appendix B, OGS General Specifications.

SAMPLES TO BE SUBMITTED BY BIDDER/CONTRACTOR:

The bidder/contractor may be required to submit samples. See "Samples" in Appendix B, OGS General Specifications.

OFFICE OF GENERAL SERVICES, SAMPLING AND TESTING:

The New York State Office of General Services, Procurement Services Group or the New York State Department of Transportation may monitor the contractor's deliveries to State Agencies by random selection of field samples for testing by an independent laboratory.

."OGS OR LESS" GUIDELINES APPLY TO THIS CONTRACT:

Purchases of the products included in the Invitation For Bids and related Contract Award Notification are subject to the "OGS or Less" provisions of Section 163.3.a.v., Article XI, of the New York State Finance Law. This means that State agencies can purchase products from sources other than the contractor provided that such products are substantially similar in form, function or utility to the products herein and are:

1. lower in price
-and/or-
2. available under terms which are more economically efficient to the State agency (e.g. delivery terms, warranty terms, etc.).

Agencies are reminded that they must provide the State contractor an opportunity to match the non-contract savings at least two business days prior to purchase. In addition, purchases made under "OGS or Less" flexibility must meet all requirements of law including, but not limited to, advertising in the New York State Contract Reporter, prior approval of the Comptroller's Office and competitive bidding of requirements exceeding the discretionary bid limit. State agencies should refer to Procurement Council Bulletin "OGS or Less Purchases" for complete procedural and reporting requirements.

(continued)

PURCHASE ORDERS AND INVOICING:

General – All orders and invoices/vouchers should include the contract number and a line by line listing of separate charges.

Invoices - Contract users are instructed not to process invoices without needed information. Invoices must be detailed and include **all** of the following:

- Contract Number
- Purchase Order Number
- Item Number
 - Should not be something that is “unique” to dealer or distributor.
 - Should be something that can be tracked by a third party.
 - Preferably a manufacturer’s code or identifying number.
- Line item breakdown of all charges:
- Line item breakdown of any deletion:

Failure to comply may result in lengthy payment delays

Buyers Note - When placing purchase orders against the contract(s) please forward a copy of your purchase order to the Purchasing Officer of Record as noted on the most recently published Purchasing Memorandum or on the cover of this Contract Award Notification , either via e-mail as noted, fax to (518) 474-8676 or mail to - OGS Procurement Services Group - Team 6 , 38th Floor, Corning Tower Bldg., Empire State Plaza - Albany, NY 12242.

CONTRACT PAYMENTS:

Payments cannot be processed by State facilities until the contract products have been delivered in satisfactory condition or services have been satisfactorily performed. Payment will be based on any invoice used in the supplier's normal course of business. However, such invoice must contain sufficient data including but not limited to contract number, description of product or service, quantity, unit and price per unit as well as federal identification number.

State facilities are required to forward properly completed vouchers to the Office of the State Comptroller for audit and payment. All facilities are urged to process every completed voucher expeditiously giving particular attention to those involving cash discounts for prompt payment.

If the contract terms indicate political subdivisions and others authorized by law are allowed to participate, those entities are required to make payments directly to the contractor. Prior to processing such payment, the contractor may be required to complete the ordering non-State agency's own voucher form.

See also "Contract Billings" in Appendix B, OGS General Specifications and separate clause above on “PURCHASE ORDERS AND INVOICING”.

NEW YORK STATE PROCUREMENT CARD:

Gregory Highway Products and Veterans Fastener Supply Corp. have indicated that they will accept the NYS Procurement Card for purchases up to \$10,000.00. See "Procurement Card" in Appendix B, OGS General Specifications.

USE OF RECYCLED OR REMANUFACTURED MATERIALS:

New York State, as a member of the Council of Great Lakes Governors, supports and encourages vendors to use recycled, remanufactured or recovered materials in the manufacture of products and packaging to the maximum extent practicable without jeopardizing the performance or intended end use of the product or packaging unless such use is precluded due to health or safety requirements or product specifications contained herein. Refurbished or remanufactured components or products are required to be restored to original performance and regulatory standards and functions and are required to meet all other requirements of this bid solicitation. Warranties on refurbished or remanufactured components or products must be identical to the manufacturer's new equipment warranty or industry's normal warranty when re-manufacturer does not offer new equipment. See "Recycled or Recovered Materials" in Appendix B, OGS General Specification

PERFORMANCE REQUIREMENTS:

Price Lists and Catalogs - Contractor shall be required to furnish, without charge, catalog and price lists to all authorized users which request them. Catalogs and price lists provided must reflect all products excluded from the resultant contract either through the omission of those portions or by obvious indications within the catalogs and price lists. Fulfillment of any request must be made within 14 calendar days of the request.

Catalogs and price lists may be furnished in either hard-copy or electronic format. If available in both formats, they shall be furnished in the format preferred by the requesting authorized user. Upon request the contractor shall assist authorized users in the use of catalogs and price lists. Price lists provided to contract users under this contract should contain Net Prices reflecting the proper discounts for appropriate product lines.

Instruction of Personnel - Within five business days of delivery of product, upon request, the contractor shall provide instruction by qualified personnel sufficient to ensure that the product is operated and operator maintained so as to perform to the full extent of its design capabilities. Agency shall designate personnel who are to receive instruction.

Instruction Manuals - Simultaneous with delivery, the contractor(s) shall furnish to the authorized user a complete instruction manual for the product and for each component supplied. The manual shall include complete instructions for diagrams, schematic and wiring diagrams, preventive and corrective maintenance procedures, and complete parts lists, manufacturer's catalog numbers, and ordering information, if applicable.

Discrepancies - The contractor shall resolve all order and invoice discrepancies (e.g., shortages, breakages, etc.) within five business days from notification.

Product Returns, Problem Product - Products returned because of quality problems, duplicated shipments, outdated product, etc., shall be picked up by the contractor at the contractors expense, within five business days after notification with no restocking charge and shall be replaced with specified products or the agency shall be credited/refunded for the full purchase price.

Product Returns, Agency Error - Standard stock products ordered in error by agencies must be returned for credit within 15 days of receipt at the agencies' expense. Product must be in resalable condition (original container, unused). There shall be no restocking fee if returned products are resalable.

Report of Contract Purchases - Contractor shall furnish a report containing both state agency and authorized non-state agency contract purchases by the fifteenth of the month following the end of each six month period. In addition to contractor direct sales, contractor shall submit sales information for all resellers, dealers, distributors or other authorized distribution channels, where such contract sales are provided by other than the contractor. Contractors shall verify if each alternate vendor is a NYS Certified Minority (MBE) or Women (WBE) Owned Businesses. Contractors shall verify such status through the Empire State Development Minority and Women Owned Businesses Database web site at: <http://205.232.252.35/>.

A separate report shall be provided in the following format for each authorized distribution channel. The sales report form is forwarded to each contractor at time of award for completion in accordance with the contract terms and conditions:

The reports shall be in the following format:

Cat. #	Product Description	Sold to:	Quantity	Unit Price	Total Dollar Value
--------	---------------------	----------	----------	------------	--------------------

The report is to be submitted to the Office of General Services, Procurement Services Group, Tower Bldg., Empire State Plaza, Albany, NY 12242, to the attention of the individual shown on the front page of the Contract Award Notification and shall reference the Group Number, the Invitation for Bids Number, Contract Number, sales period, and contractor's name.

Additional related sales information, such as monthly reports, and/or detailed user purchases may be required and must be supplied upon request.

Failure to submit the required report may be cause for disqualification of contractor for future contracts.

PREFERRED SOURCE PRODUCTS:

Section 162 of the State Finance Law requires that agencies afford first priority to the products/services of preferred source suppliers such as Correctional Industries (Corcraft), Industries for the Blind of NYS, and NYS Industries for the Disabled, when such products/services meet the form, function and utility of the agency. Some products/services in the resultant contract(s) may be available from one or more preferred sources. In the Contract Award Notification, agencies will be reminded to comply with the statutory requirements and resulting guidelines with respect to affording first priority to the preferred sources.

Resultant contractors will be required to prominently display the following language on all price lists and contract updates to agencies relative to the award:

DIESEL EMISSION REDUCTION ACT OF 2006 (NEW REQUIREMENT OF LAW):

On February 12, 2007 the Diesel Emissions Reduction Act took effect as law (the "Law"). Pursuant to new §19-0323 of the N.Y. Environmental Conservation Law ("NYECL") it is now a requirement that heavy duty diesel vehicles in excess of 8,500 pounds use the best available retrofit technology ("BART") and ultra low sulfur diesel fuel ("ULSD"). The requirement of the Law applies to all vehicles owned, operated by or on behalf of, or leased by State agencies and State or regional public authorities. They need to be operated exclusively on ULSD by February 12, 2007. It also requires that such vehicles owned, operated by or on behalf of, or leased by State agencies and State or regional public authorities with more than half of its governing body appointed by the Governor utilize BART.

As a contract vendor the Law may be applicable to vehicles used by contract vendors "on behalf of" State agencies and public authorities. Thirty-three percent (33%) of affected vehicles must have BART by December 31, 2008, sixty-six percent (66%) by December 31, 2009 and one-hundred percent (100%) by December 31, 2010. The Law provides a list of exempted vehicles. Regulations currently being drafted will provide further guidance as to the effects of the Law on contract vendors using heavy duty diesel vehicles on behalf of the State. The Law also permits waivers of ULSD and BART under limited circumstances at the discretion of the Commissioner of Environmental Conservation. The Law will also require reporting from State agencies and from contract vendors in affected contracts.

Therefore, the bidder hereby certifies and warrants that all heavy duty vehicles, as defined in NYECL §19-0323, to be used under this contract, will comply with the specifications and provisions of NYECL §19-0323, and any regulations promulgated pursuant thereto, which requires the use of BART and ULSD, unless specifically waived by NYSDEC. Qualification and application for a waiver under this Law will be the responsibility of the bidder.

RECALLS:

The contractor must immediately notify the Office of General Services, Procurement Services Group of any recalls pertaining to product on contract.

PSG's DISPUTE RESOLUTION POLICY:

It is the policy of the Office of General Services' Procurement Services Group (PSG) to provide vendors with an opportunity to administratively resolve disputes, complaints or inquiries related to PSG bid solicitations or contract awards. PSG encourages vendors to seek resolution of disputes through consultation with PSG staff. All such matters will be accorded impartial and timely consideration. Interested parties may also file formal written disputes. A copy of PSG's Dispute Resolution Procedures for Vendors may be obtained by contacting the person shown on the front of this document or through the OGS website (www.ogs.state.ny.us).

NOTICE TO STATE AGENCIES & POLITICAL SUBDIVISIONS:

It shall be the responsibility of the user prior to use of the paint to determine whether or not its use is prohibited by any local Pollution Ordinances or Federal Regulations.

REQUEST FOR CHANGE:

Any request by the agency or contractor regarding changes in any part of the contract must be made in writing to the Office of General Services, Procurement Services Group, prior to effectuation.
