Sole Source Justification

The Baker Batshield® and the PatrolBat™ are both uniquely designed ballistic protective shields, and are fully protected by U.S. Patents #6,595,101, #6,886,446, and #7,520,206 issued to Alfred J. Baker. The Baker Batshield® and the PatrolBat™ are only manufactured by Baker Ballistics, LLC, under exclusive license agreement granted by Alfred J. Baker.

There are no other ballistic shields on the market that allow the shield operator to hold both hands on their weapon, while simultaneously holding the shield in a combat ready position protecting the user. No other ballistic shield combines the lightweight ratio of weight to high bodily coverage with the ability to fold-up for storage and transport.

The Baker Batshield® and the PatrolBat™ are both unique new products that have no 'equivalent', and are truly 'Sole Source' items.
