Contractor will honor orders for less than the minimum order of \$100.00.

Cash Discount, If Shown, Should be Given Special Attention.

**INVOICES MUST BE SENT DIRECTLY TO THE ORDERING AGENCY FOR PAYMENT.**  
**(See "Contract Payments" and "Electronic Payments" in this document.)**

AGENCIES SHOULD NOTIFY THE PROCUREMENT SERVICES GROUP PROMPTLY IF THE CONTRACTOR FAILS TO MEET DELIVERY OR OTHER TERMS OF THIS CONTRACT. PRODUCTS OR SERVICES WHICH DO NOT COMPLY WITH THE SPECIFICATIONS OR ARE OTHERWISE UNSATISFACTORY TO THE AGENCY SHOULD ALSO BE REPORTED TO THE PROCUREMENT SERVICES GROUP.

**SMALL, MINORITY AND WOMEN-OWNED BUSINESSES:**

The letters **SB** listed under the Contract Number indicate the contractor is a NYS small business. Additionally, the letters **MBE** and **WBE** indicate the contractor is a Minority-owned Business Enterprise and/or Woman-owned Business Enterprise.

(continued)

RECYCLED, REMANUFACTURED AND ENERGY EFFICIENT PRODUCTS:

The Procurement Services Group supports and encourages the purchase of recycled, remanufactured, energy efficient and "energy star" products. If one of the following codes appears as a suffix in the Award Number or is noted under the individual Contract Number(s) in this Contract Award Notification, please look at the individual awarded items for more information on products meeting the suffix description.

RS,RP,RA	Recycled
RM	Remanufactured
SW	Solid Waste Impact
EE	Energy Efficient
E*	EPA Energy Star
ES	Environmentally Sensitive

NOTE TO AUTHORIZED USERS:

When placing purchase orders under the contract(s), the authorized user should be familiar with and follow the terms and conditions governing its use which usually appears at the end of this document. The authorized user is accountable and responsible for compliance with the requirements of public procurement processes. The authorized user must periodically sample the results of its procurements to determine its compliance. In sampling its procurements, an authorized user should test for reasonableness of results to ensure that such results can withstand public scrutiny.

The authorized user, when purchasing from OGS contracts, should hold the contractor accountable for contract compliance and meeting the contract terms, conditions, specifications, and other requirements. Also, in recognition of market fluctuations over time, authorized users are encouraged to seek improved pricing whenever possible.

Authorized users have the responsibility to document purchases, particularly when using OGS multiple award contracts for the same or similar product(s)/service(s), which should include:

- a statement of need and associated requirements,
- a summary of the contract alternatives considered for the purchase,
- the reason(s) supporting the resulting purchase (e.g., show the basis for the selection among multiple contracts at the time of purchase was the most practical and economical alternative and was in the best interests of the State).

PRICE:

Price includes all customs duties and charges and is net, F.O.B. destination any point in New York State as designated by the ordering agency including tailgate delivery.

In addition, upon mutual agreement, delivery locations may be expanded per the "Extension of Use" clause.

The discount offered shall remain firm for the life of the contract. During the first year of the contract the contract prices shall not increase. However, substitution of new price lists (which may result in price increases) may be considered in subsequent years in accordance with "Changes to Price List" clause.

(continued)

**PROCUREMENT INSTRUCTIONS:**

This contract provides a wide variety of two-way radio equipment. This places a responsibility on users to build a Procurement Record detailing that the basis for their selection is the most practical and economical alternative and is in the best interests of the state.

Authorized users of this contract may negotiate higher discounts at any time. Contractors may offer more advantageous pricing to authorized users of the contract in accordance with Paragraph 40, Appendix B and Contractors may further increase their discounts for all authorized users of the contract at any time by notifying the OGS PSG contract administrator in writing for official publication. While authorized users are not required to seek price reductions, examples for negotiating better prices may include but are not limited to: volume procurements, significant price differentials among contractors, competitive marketplace.

**REQUEST FOR CHANGE:**

Any request by the agency or contractor regarding changes in any part of the contract must be made in writing to the Office of General Services, Procurement Services Group, prior to effectuation.

**CONTRACT PAYMENTS:**

Payments cannot be processed by State facilities until the contract products have been delivered in satisfactory condition or services have been satisfactorily performed. Payment will be based on any invoice used in the supplier's normal course of business. However, such invoice must contain sufficient data including but not limited to contract number, description of product or service, quantity, unit and price per unit as well as federal identification number.

State facilities are required to forward properly completed vouchers to the Office of the State Comptroller for audit and payment. All facilities are urged to process every completed voucher expeditiously giving particular attention to those involving cash discounts for prompt payment.

If the contract terms indicate political subdivisions and others authorized by law are allowed to participate, those entities are required to make payments directly to the contractor. Prior to processing such payment, the contractor may be required to complete the ordering non-State agency's own voucher form.

See "Contract Billings" in Appendix B, OGS General Specifications.

**ELECTRONIC PAYMENTS:**

The Office of the State Comptroller (OSC) offers an "electronic payment" option in lieu of issuing checks. Contact OSC to obtain an information packet at 518-474-4032 or e-mail to epunit@osc.state.ny.us or visit their website at www.osc.state.ny.us.

**NOTE TO CONTRACTOR:**

This Contract Award Notification is not an order. Do not take any action under this contract except on the basis of purchase order(s) from the agency or agencies.

**OVERLAPPING CONTRACT ITEMS:**

Products available in this contract may also be available from other State contracts. Agencies should select the most cost effective procurement alternative that meets their program requirements and maintain a procurement record documenting the basis for this selection.

**MINIMUM ORDER:**

Minimum order shall be \$100.00.

Contractor may elect to honor orders for less than the minimum order.

**CHANGES TO PRICE LIST:**

Price list changes (product additions, deletions, price increases, price decreases, etc.) will only be considered as described herein.

**During First Year**

- Product Additions - new products will be considered for inclusion provided they are deemed pertinent to the awarded product line and are offered at the award discount. The State reserves the right to limit submissions to no more than quarterly
- Product Deletions - allowed if discontinued from manufacturer's product line
- Price Increases - none allowed
- Price Decreases - must be passed on to State

**Subsequent Years**

- Product Additions and Deletions - same as during first year
- Price Increases - Only one request for price list substitution will be considered per year. Such request must be submitted between the sixth and the ninth month of the contract period. Price increases must be based on

(continued)

the manufacturer's established price list in effect at the time of the request. Decreases in the awarded discount schedule is not permitted.

- Price Decreases - must be passed on to State

No price list changes, except price decreases, shall take effect until such request has been accepted by the State and the contractor notified in writing of acceptance.

Any price decreases made to the manufacturer's established price list are deemed to take effect immediately in the State's best interest. Nevertheless, the contractor shall notify the State immediately of any such price list change.

**NON-STATE AGENCIES PARTICIPATION IN CENTRALIZED CONTRACTS:**

New York State political subdivisions and others authorized by New York State law may participate in contracts. These include, but are not limited to local governments, public authorities, public school and fire districts, public and nonprofit libraries, and certain other nonpublic/nonprofit organizations. See "Participation in Centralized Contracts" in Appendix B, OGS General Specifications. For purchase orders issued by the Port Authority of New York and New Jersey (or any other authorized entity that may have delivery locations adjacent to New York State), the terms of the "Price" clause shall be modified to include delivery to locations adjacent to New York State.

Upon request, all eligible non-State agencies must furnish contractors with the proper tax exemption certificates and documentation certifying eligibility to use State contracts. A list of categories of eligible entities is available on the OGS web site ([www.ogs.state.ny.us](http://www.ogs.state.ny.us)) under "Non-State Agency Legal References." Questions regarding an organization's eligibility to purchase from New York State Contracts may also be directed to OGS Procurement Services Group's Customer Services at 518-474-6717.

**EXTENSION OF USE:**

These contracts may be extended to additional States or governmental jurisdictions upon mutual written agreement between New York State (the lead contracting State) and the contractor. Political subdivisions and other authorized entities within each participating State or governmental jurisdiction may also participate in any resultant contract if such State normally allows participation by such entities. New York State reserves the right to negotiate additional discounts based on any increased volume generated by such extensions.

**DELIVERY:**

Delivery is expressed in number of calendar days required to make delivery after receipt of a purchase order.

Time is of the essence. Product is required as soon as possible.

Delivery shall be made in accordance with instructions on Purchase Order from each agency. If there is a discrepancy between the purchase order and what is listed on the contract, it is the contractor's obligation to seek clarification from the ordering agency and, if applicable, from the Office of General Services, Procurement Services Group.

**ESTIMATED QUANTITIES:**

Each contract shall be for the quantities or dollar values actually ordered during the contract period. The individual value of each contract is indeterminate and will depend upon the number of contracts issued and the competitiveness of the pricing offered. Agencies will be encouraged to purchase from contractors who offer the supplies, services, and pricing that best meet their needs in the most practical and economical manner. See "Estimated/Specific Quantity Contracts" and "Participation in Centralized Contracts" in Appendix B, OGS General Specifications.

**PERIODIC RECRUITMENT:**

The State reserves the right to consider additional vendors (for award on manufacturer's lines that are not covered on the awards resulting from this bid opening) starting one year from the contract award beginning date and at yearly intervals during the course of the contract or at any time determined by the State to be in its best

(continued)

interest. Vendors may submit offers any time after award for consideration for contract beginning on the specified dates or at times determined to be in the State's best interest. Vendors shall be required to submit this original bid document which may include an addendum containing additional applicable statutory requirements currently in effect at the time of the new bid solicitation. Bids shall be evaluated under the same terms and conditions, with an additional requirement that the vendor provide invoices from sales to eligible contract users totaling \$30,000 (or \$10,000 for accessories, Lot IX) over the most recent one year contract period and evidence that they are the sole source for this equipment offered. Once awarded a contract, a vendor may not resubmit a bid for future consideration until the new Invitation for Bids is issued.

**CONTRACT PERIOD AND RENEWAL:**

It is the intention of the State to enter into a contract for a term as stated on front page of the solicitation except that the commencement and termination dates appearing on the solicitation may be adjusted forward unilaterally by the State for any resulting contract for up to two calendar months, by indicating such change on the Contract Award Notification.

The contract dates may be adjusted forward beyond two months only with the approval of the successful bidder. If, however, the bidder is not willing to accept an adjustment of the contract dates beyond the two month period, the State reserves the right to proceed with an award to another bidder.

However, the State may unilaterally cancel the contract on a monthly basis any time after the initial twelve (12) months by providing written notification at least three (3) months prior to the requested date of cancellation. Cancellation will become effective the first of the month following the 3-month notification. The minimum term of the contract shall be twelve (12) months. This provision does not affect the State's right of suspension or cancellation contained in the "Suspension of Work" and "Cancellation" clauses in Appendix B, OGS General Specifications.

Discounts are firm for the entire period of the contract. Discount reduction will not be allowed and is specifically excluded from the terms and conditions of the solicitation except when better pricing may be offered to the State (see "Changes to Price List" clause), its specifications and subsequent contract award. Discount increases are permitted at any time.

If mutually agreed between the Procurement Services Group and the contractor, the contract may be renewed under the same terms and conditions for additional period(s) not to exceed a total contract term of five (5) years.

**SHORT TERM EXTENSION:**

In the event the replacement contract has not been issued, any contract let and awarded hereunder by the State, may be extended unilaterally by the State for an additional period of up to one month upon notice to the contractor with the same terms and conditions as the original contract including, but not limited to, quantities (prorated for such one month extension), prices, and delivery requirements. With the concurrence of the contractor, the extension may be for a period of up to three months in lieu of one month. However, this extension terminates should the replacement contract be issued in the interim.

**WARRANTIES:**

See "Warranties" and "Year 2000 Warranty" in Appendix B, OGS General Specifications.  
Accessories supplied shall be compatible with the rest of the product.

**RESERVATION:**

The State reserves the right to negotiate lower pricing, or to advertise for bids, any unanticipated excessive purchase. An "unanticipated excessive purchase" is defined as an unexpected order for a contract product(s) totaling more than \$50,000.00.

The State may unilaterally cancel a contract, AND/OR delete or modify products/services from the award, AND/OR modify products/services in the award, at the State's sole discretion if an error in award is found.

**PRICE SHEETS AND CATALOGS:**

Contractor shall be required to furnish, without charge, catalog and price lists identical to those accepted with their bid, including any changes (additions, deletions, etc.) pursuant to the contract, to authorized users which request them. Catalogs and price lists provided must reflect all products excluded from the resultant

(continued)

contract either through the omission of those portions or by obvious indications within the catalogs and price lists.

Upon request the contractor shall assist authorized users in the use of catalogs and price lists.

**INSTRUCTION MANUALS:**

Simultaneous with delivery of the first component of the product specified, the contractor(s) shall furnish to the authorized user a complete instruction manual for the product and for each component supplied. The manual shall include complete instructions for unpacking, inspecting, installing, adjusting, aligning, and operating the product, together with layout and interconnection diagrams, schematic and wiring diagrams, preventive and corrective maintenance procedures, and complete parts lists, manufacturer's catalog numbers, and ordering information.

**REPORT OF CONTRACT PURCHASES:**

Contractor shall furnish report of purchases made from contract the fifteenth of the month following the end of each six month period. The reports shall be in the following format:

<u>Product Number</u>	<u>Product Description</u> (Size, Stock No., etc.)	<u>Total Quantity Shipped</u> (To be in Units listed in the Invitation for Bids)	<u>Total \$ Value</u>
---------------------------	---	--	---------------------------

The report is to be submitted to the Office of General Services, Procurement Services Group, Tower Bldg., Empire State Plaza, Albany, NY 12242, to the attention of the individual shown on the front page of the Contract Award Notification and shall reference the commodity group number, the solicitation number, contract number, sales period, and contractor's name.

Failure to submit the required report may be cause for disqualification of contractor for future contracts.

**EMERGENCY PURCHASING:**

In the event that a disaster emergency is declared by Executive Order under Section 28 of Article 2-B of the Executive Law, or that the Commissioner determines pursuant to his/her authority under Section 163(10)(b) of the State Finance Law that an emergency exists requiring the prompt and immediate delivery of commodities or services, the Commissioner reserves the right to obtain such commodities or services from any source, including but not limited to this contract, as the Commissioner in his/her sole discretion determines will meet the needs of such emergency. Contractor shall not be entitled to any claim or lost profits for commodities or services procured from other sources pursuant to this paragraph.

**"OGS OR LESS" GUIDELINES APPLY TO THIS CONTRACT:**

Purchases of the product(s) included in the Invitation For Bids and related Contract Award Notification are subject to the "OGS or Less" provisions of Section 163.3.a.v., Article XI, of the New York State Finance Law. This means that State agencies can purchase product(s) from sources other than the contractor provided that such product(s) are substantially similar in function, form or utility to the product(s) herein and are:

1. lower in price  
-and/or-
2. available under terms which are more economically efficient to the State agency (e.g. delivery terms, warranty terms, etc.).

Agencies are reminded that they must provide the State contractor an opportunity to match the non-contract savings at least two business days prior to purchase. In addition, purchases made under "OGS or Less" flexibility must meet all requirements of law including, but not limited to, advertising in the New York State Contract Reporter, prior approval of the Comptroller's Office and competitive bidding of requirements exceeding

(continued)

the discretionary bid limit. State agencies should refer to Procurement Council Bulletin "OGS or Less Purchases" for complete procedural and reporting requirements.

**LICENSING:**

No equipment shall be ordered under this contract by any State Agency or Political Subdivision, nor shall equipment be furnished by the contractor, unless the organization obtaining the equipment has in effect at the time of purchase an FCC license authorizing the quantity, frequency, and power requested. It shall be the contractor's responsibility to establish that the license is in effect prior to delivery. Violation may result in cancellation of the remainder of the contract and disqualification from future bidding.
