AGENCIES SHOULD NOTIFY NEW YORK STATE PROCUREMENT (NYSPro) PROMPTLY IF THE CONTRACTOR FAILS TO MEET DELIVERY OR OTHER TERMS OF THIS CONTRACT. PRODUCTS OR SERVICES WHICH DO NOT COMPLY WITH THE SPECIFICATIONS OR ARE OTHERWISE UNSATISFACTORY TO THE AGENCY SHOULD ALSO BE REPORTED TO NYSPro.

APPENDIX A:

Appendix A, Standard Clauses for New York State Contracts, dated June 2006 is hereby expressly made a part of this Document.

APPENDIX B:

Appendix B, Office of General Services General Specifications (Commodities and Non-Technology Services), dated July 2006 is hereby expressly made a part of this Document and shall govern any situations not covered by this Document or Appendix A.

APPENDIX C:

This document does not change the New York State order of precedence. It is the NASPO Standard Terms and Conditions and is required for multi-state procurements. Appendix C is hereby expressly made part of this document.

SMALL, MINORITY AND WOMEN-OWNED BUSINESSES:

The letters SB listed under the Contract Number indicate the contractor is a NYS small business. Additionally, the letters MBE and WBE indicate the contractor is a Minority-owned Business Enterprise and-or Woman-owned Business Enterprise.

RECYCLED, REMANUFACTURED AND ENERGY EFFICIENT PRODUCTS:

The New York State Procurement supports and encourages the purchase of recycled, remanufactured, energy efficient and "energy star" products. If one of the following codes appears as a suffix in the Award Number or is noted under the individual Contract Number(s) in this Contract Award Notification, please look at the individual awarded items for more information on products meeting the suffix description.

RS,RP,RA	Recycled
RM	Remanufactured
SW	Solid Waste Impact
EE	Energy Efficient
E*	EPA Energy Star
ES	Environmentally Sensitive

NOTE TO AUTHORIZED USERS:

When placing purchase orders under the contracts, the authorized user should be familiar with and follow the terms and conditions governing its use which usually appears at the end of this document. The authorized user is accountable and responsible for compliance with the requirements of public procurement processes. The authorized user must periodically sample the results of its procurements to determine its compliance. In sampling its procurements, an authorized user should test for reasonableness of results to ensure that such results can withstand public scrutiny.

The authorized user, when purchasing from OGS contracts, should hold the contractor accountable for contract compliance and meeting the contract terms, conditions, specifications, and other requirements. Also, in recognition of market fluctuations over time, authorized users are encouraged to seek improved pricing whenever possible.

Authorized users have the responsibility to document purchases, particularly when using OGS multiple award contracts for the same or similar products or services, which should include:

- a statement of need and associated requirements
- a summary of the contract alternatives considered for the purchase

- the reason(s) supporting the resulting purchase (e.g., show the basis for the selection among multiple contracts at the time of purchase was the most practical and economical alternative and was in the best interests of the State).

PURPOSE

The State of New York is the lead state in a National Association of State Procurement Officials (NASPO) cooperative purchase contracts were created to provide an avenue to procure a broad spectrum of domestic preparedness equipment.

Additional States may join at any time by signing a Participating Agreement.

SCOPE (BID SYNOPSIS)

The State of New York has established comprehensive, Statewide, multiple award contracts with authorized distributors or manufacturers based on the terms and conditions contained herein. Contracts are being awarded for equipment that will qualify for Homeland Security Grant Funding (SHSP) and the Law Enforcement Terrorism Prevention Program (LETPP) funding.

It should be noted that there is equipment available on these contracts that may be used for emergency response related activities but does not qualify for grant funding.

SCOPE MODIFICATION

The Office of General Services (OGS) will continue to utilize the State Homeland Security Program (SHSP) and the Law Enforcement Terrorism Prevention Program (LETPP) guidelines to ensure appropriate equipment is offered under this contract for said purpose.

OGS has developed a condensed Authorized Equipment List based on the SHSP and LETPP Authorized Equipment List. OGS will review product offerings in accordance with the contract scope. This Authorized Equipment List will be used to determine whether a specific offering is appropriate for this contract:

1. Personal Protective Equipment (PPE)
2. Explosive Device Mitigation and Remediation Equipment
3. CBRNE Search and Rescue Equipment
4. Detection Equipment
5. Decontamination Equipment
6. Physical Security Enhancement Equipment
7. Terrorism Incident Prevention Equipment
8. CBRNE Logistical Support Equipment
9. Medical Supplies
10. CBRNE Reference Materials
11. Agricultural Terrorism Prevention, Response and Mitigation Equipment
12. Intervention Equipment
13. Other Authorized Equipment

A description of some of the products covered in each category is available on the Federal Emergency Management Agency (FEMA) website: <https://www.rkb.us/mel.cfm?subypeid=549>

OGS may request, where possible and practical, that the contractor identify the applicable Authorized Equipment List category under which the products on the contract price list qualifies.

The following requirements are provided to better define the intent of the specifications:

SCOPE - LIMITATION OF PRODUCTS SUITABLE FOR CONTRACT

Upon request, contractor must be able to justify why the products referenced meet the intent of the contract. Examples of items that should not be included in submitted price lists include but are not limited to: military swords, trophies, medals, awards, child and infant clothing, clothing that does not meet the requirements as described in the Authorized Equipment List, logo T-shirts, dress shoes, etc.

- Note: Any apparel offered for contract should be tactical, protective (e.g. chemical, radiological, biological, pathogen, reflective, special thermal, non-flammable, explosive protective, etc.), BDU or mission specific. Uniform clothing that does not meet the above guidelines shall not be included.
- General use items/product lines available from other contracts may be considered for exclusion from this contract.

Contractors will be required to make revisions to their price lists based on this clarified criteria at the time a price list update is requested.

DEFINITIONS

Authorized Equipment- Equipment that the Federal Government has accepted as suitable for purchase using Federal Grant monies. Current lists of categories are available at Federal Emergency Management Agency (FEMA) funding guidelines - <http://www.fema.gov/government/grant/index.shtm>

For questions regarding the procurement of equipment authorized under the FEMA grant guidelines, please refer to the Responder Knowledge Base website: <https://www.rkb.us/mel.cfm?subtypeid=549>

The website has links to all of the current and prior year AEL (authorized equipment list) as determined by FEMA

Certified Equipment - Equipment that has been tested and meets appropriate industry standards set by the government or other professional organizations such as NFPA- National Fire Prevention Association, UL - Underwriters lab, etc. For questions regarding the procurement of equipment certified under the Office of Domestic Preparedness grant guidelines please refer to the Responder Knowledge Base website: <https://www.rkb.us/mel.cfm?subtypeid=549>

HOW TO USE THIS CONTRACT

Authorized users may no longer purchase any item with a value greater than \$200,000 and all such items were removed from the contracts. No new items of that value or greater will be added for the remainder of the contract term. Additionally, items with a value greater than \$85,000 will be removed from the contracts by March 31, 2012.

When a NYS Agency plans to make a purchase from this contract **where a single items value is more \$50,000 prior approval by OSC will be required.** In submitting a purchase order to OSC for prior approval the authorized user must:

- ◆ Ensure that the commodities being acquired meet their form, function and utility needs;
- ◆ Document and justify the selection of the vendor;
- ◆ Document and justify the reasonableness of the price to be paid;
- ◆ Comply with the agency's internal policies and procedures

The basis for selection among multiple contracts at the time of purchase shall be the most economical alternative that meets form, function, and utility unless there are overriding practical issues, and should be in the best interests of the States, taking into consideration:

- ◆ Form, function and utility needs of the purchaser
- ◆ Price

- ◆ Overhead associated with storage and inventory of the goods
 - ◆ Note that construction costs to prepare for installation are not covered in this award
1. These contracts are not limited to authorized equipment only. If using Federal Homeland Defense funds or Law Enforcement Terrorism Prevention Federal Grant monies end-users should check to be sure equipment they wish to purchase under this contract is authorized. End-users must notify the vendor at time of ordering (place information on Purchase Order) that these funds or grant monies are being used. This is required to enable vendors to meet Federal grant tracking requirements.
 2. If you are purchasing a large volume of a specific piece of equipment or costly item and know the manufacturer of the product, please access the manufacturer line spreadsheet See Summary page at <http://www.ogs.ny.gov/purchase/spg/pdfdocs/3823219745ME.pdf>. This sheet lists manufacturers offered on this contract and the vendors carrying them. Obtain pricing from as many vendors as possible and compare. It is strongly recommended that contract users seek pricing from more than one contractor especially if they are purchasing large amounts of goods or high dollar amount items
 3. If you do not have a specific manufacturer item in mind, go to section of this award (page 8) that lists the types of equipment offered by vendors for a list of contractors and equipment categories offered.
 4. A price list is included in this award for each vendor so that you may check pricing. Select vendors offering the type of equipment you wish to purchase. Contact selected contractor and ask if pricing can be improved.
 5. Choose the most cost effective option meeting your needs; document your choice for the procurement record and proceed with the purchase.
 6. In case of emergency please follow your agency's emergency procurement procedures.

NYS Contract Users Please Note: For questions regarding the procurement of equipment authorized under the Federal Grant contact guidelines please refer to the Responder Knowledge Base website; <https://www.rkb.us>. The website has links to all of the current and prior year Authorized Equipment List's (AEL) as determined by FEMA. All procurements utilizing FEMA grants administered by the NYS Division of Homeland Security and Emergency Services (DHSES) can either visit the Responder Knowledge Base website or call DHSES at 1-518-242-5000. NYS Division of Homeland Security and Emergency Services website: <http://www.dhSES.ny.gov/oct/>

MANUFACTURER'S LINES

End-users requiring a product from a specific manufacturer's line may go to table listed on Summary page <http://www.ogs.ny.gov/purchase/spg/pdfdocs/3823219745ME.pdf> which shows all manufacturers' lines represented by this award and the contract vendors that offer them.

EQUIPMENT CATEGORIES COVERED

End-users who wish to view a list of covered categories by each Contractor may access the matrix located at <http://www.ogs.ny.gov/purchase/spg/pdfdocs/3823219745MX.pdf>.

NYSPro's DISPUTE RESOLUTION POLICY

It is the policy of the Office of General Services' New York State Procurement (NYSPro) to provide vendors with an opportunity to administratively resolve disputes, complaints or inquiries related to NYSPRO bid solicitations or contract awards. NYSPRO encourages vendors to seek resolution of disputes through 19745ra47.doc

consultation with NYSPRO staff. All such matters will be accorded impartial and timely consideration. Interested parties may also file formal written disputes. A copy of NYSPRO's Dispute Resolution Procedures for Vendors may be obtained by contacting the person shown on the front of this document or through the OGS website (www.ogs.ny.gov). Click on "For Government - Contracts and Purchasing," then "Seller Information," then "Dispute Resolution Procedures for Vendors."

The following guidelines are subject to change at the discretion of OGS.

PRICE

Price include all customs duties and charges and be net, F.O.B. destination any point in New York State (or for those vendors electing to participate in a multi-state contract any point within the participating States) as designated by the ordering agency including tailgate delivery, unless otherwise noted in the contract award.

EXCEPTION - Change as of March 1, 2006

For those items shipped outside the 48 contiguous United States, on which there are extraordinary freight charges that cannot reasonably be covered by the contract price, vendors may negotiate with those non-contiguous States regarding delivery terms and charges.

Shipping is to be FOB Destination 48 states, Washington DC and **point of exportation** for Alaska, Hawaii, Puerto Rico, etc. for shipments outside the 48 contiguous states.

It will be the responsibility of the vendors and the Member State that is outside the contiguous 48 States, to negotiate fair shipping terms and charges. Shipping must be FOB destination to a shipping point within the contiguous 48 States. This location must be agreed to by the vendor and the negotiating State. From that point shipping terms, charges and conditions should be negotiated with the end-user. The State must be notified in advance of the possible shipping charges and agree to the final contract price and arrangements.

REQUEST FOR CHANGE

Any request by the agency or contractor regarding changes in any part of the contract must be made in writing to the Office of General Services, New York State Procurement, prior to effectuation.

CONTRACT PAYMENTS

Payments cannot be processed by State facilities until the contract products have been delivered in satisfactory condition or services have been satisfactorily performed. Payment will be based on any invoice used in the supplier's normal course of business. However, such invoice must contain sufficient data including but not limited to contract number, description of product or service, quantity, unit and price per unit as well as federal identification number.

State facilities are required to forward properly completed vouchers to the Office of the State Comptroller for audit and payment. All facilities are urged to process every completed voucher expeditiously giving particular attention to those involving cash discounts for prompt payment.

If the contract terms indicate political subdivisions and others authorized by law are allowed to participate, those entities are required to make payments directly to the contractor. Prior to processing such payment, the contractor may be required to complete the ordering non-State agency's own voucher form. See "Contract Billings" in Appendix B, OGS General Specifications.

ELECTRONIC PAYMENTS

The Office of the New York State Comptroller (OSC) offers an "electronic payment" option in lieu of issuing checks. To obtain an electronic payment authorization form, visit the OSC website at www.osc.state.ny.us, or contact them by e-mail at epunit@osc.state.ny.us or by telephone at 518-486-1255.

PREFERRED SOURCE PRODUCTS AND SERVICES

Some products-services in this contract may be available from one or more preferred source suppliers such as Correctional Industries (Corcraft), Industries for the Blind of NYS, and NYS Industries for the Disabled. Agencies are reminded to comply with the statutory requirements under Section 162 of the State Finance Law and the guidelines issued by the State Procurement Council to afford first priority to products and services available from preferred sources which meet your form, function and utility.

Contractors are required to include this notice in all price lists and contract updates.

CONTRACT CHANGES

Price lists submitted with a bid will be held firm for one year from the date of award. Future requests for price list updates will be submitted on a yearly basis thereafter.

If the time between bid submission and contract award exceeds 180 days we allow a onetime initial price list update for any price list changes that occur during the period from bid submission to contract approval.

CONTRACT PRICE LIST CHANGES

Price list updates, including price changes, are allowed once per year. This price list update may include the addition or deletion of products. Product additions are allowed up to 2 times per year. OGS reserves the right to allow additional changes if it is determined to be in the best interests of the State. Vendors should be aware that price list approval may take up to four months.

New products will be considered for inclusion provided they strictly adhere to the contract scope, fall under an already included category for the requesting contractor and are offered to the State at the same terms and conditions as in the original bid and at pricing or discounts deemed to be reasonable. Contractors agree to provide documentation to demonstrate that the pricing is reasonable and if requested documentation to demonstrate the need for new items and if adding a new supplier, the manner in which the new supplier was selected. OGS reserves the right to defer inclusion of new suppliers until the next available periodic recruitment opportunity.

The contract prices may be subject to increase or decrease during the contract period in accordance with changes made by the manufacturer or distributor in their established, nationally distributed price list or published catalog. Catalog or price lists may indicate increases or decreases in pricing, but the percentage discount originally accepted for award should not be decreased during the contract period. Discount reduction will not be generally allowed unless specific documentation from the manufacturer is provided showing that a distributor cannot support the discount on that equipment without undue hardship. Reduction in discount from that originally accepted may result in deletion of item from award. Decision will be made on a case-by-case basis. Price decreases or discount increases are permitted and encouraged at any time.

See Contract Update Procedures and forms required.

BEST PRICING OFFER

Price decreases shall take effect automatically during the Contract Term and apply to orders submitted subsequent to the effective dates of applicable price decreases as follows:

1. Commercial Price List reductions: Where the NYS Net Prices are based on a discount from the Contractor's list prices and the Contractor lowers its pricing to its customers or to similarly situated government customers during the contract term; or
2. Special Offers- Promotions- General: Where the contractor generally offers more advantageous special price promotions, or special discount pricing to customers during the contract term, and the maximum price or discount associated with such offer or promotion is better than the discount or price otherwise available under this contract, such better price or discount shall apply for similar quantity transaction for the life of the general offer or promotion.
3. Special Offers- Promotions-Specific: Contractor may offer an Authorized User competitive pricing which is lower than the Net NYS Price set forth herein at any time during the contract period and such lower pricing shall not be applied as a global price reduction under the contract pursuant to the foregoing paragraph.

EXCLUSIONS

The New York State Office of General Services New York State Procurement reserves the right to delete before or after award any of the products included in the contractor's catalog. Catalogs may list products covered by other State contracts as well as those available from preferred sources. It is the obligation of the agencies to order from the appropriate source. (See "Overlapping Contract Items" clause).

NON-STATE AGENCIES PARTICIPATION IN CENTRALIZED CONTRACTS

New York State political subdivisions and others authorized by New York State law may participate in contracts. These include, but are not limited to local governments, public authorities, public school and fire districts, public and nonprofit libraries, and certain other nonpublic-nonprofit organizations. See "Participation in Centralized Contracts" in Appendix B, OGS General Specifications. For purchase orders issued by the Port Authority of New York and New Jersey (or any other authorized entity that may have

delivery locations adjacent to New York State), the terms of the "Price" clause shall be modified to include delivery to locations adjacent to New York State.

Upon request, all eligible non-State agencies must furnish contractors with the proper tax exemption certificates and documentation certifying eligibility to use State contracts. A list of categories of eligible entities is available on the OGS web site (www.ogs.ny.gov). Click on "For Government-Contracts and Purchasing," then "About Procurement," then "Non-State Agency Legal References." Questions regarding an organization's eligibility to purchase from New York State Contracts may also be directed to OGS New York State Procurement's Customer Services at 518-474-6717.

EXTENSION OF USE

These contracts may be extended to additional States or governmental jurisdictions upon mutual written agreement between New York State (the lead contracting State) and the contractor. Political subdivisions and other authorized entities within each participating State or governmental jurisdiction may also participate in any resultant contract if such State normally allows participation by such entities. New York State reserves the right to negotiate additional discounts based on any increased volume generated by such extensions.

MINIMUM ORDER

Minimum order is \$100.00.

Contractor may elect to honor orders for less than the minimum order. For such orders, at the contractor's option, shipping costs from the contractor's address (as stated in bid) may be added to invoice with a copy of the freight bill. End users must be notified before the purchase of shipping charges. Shipping costs are to be prepaid by contractor and such orders are to be shipped on an F.O.B. destination basis. All such orders must be shipped by the most economical method for the proper delivery of the product unless special instructions are stated on the order by the agency. See individual vendor award pages for additional information.

VOLUME DISCOUNTS

Volume discounts may be applied per purchase order, cumulatively per customer agency and/or cumulatively statewide as listed under vendor information. Volume discounts shall be defined and applied as follows: Purchase order volume discounts shall be additional discounts applied to individual purchase orders over a specified dollar amount. Cumulative agency volume discounts shall be additional discounts applied to all future orders made by an individual agency once an established volume has been met by that agency. Cumulative statewide volume discounts shall be additional discounts applied to all future orders for all state and non-state orders once an established volume has been met under this contract. See individual vendor offering for details.

DELIVERY

Delivery is expressed in number of calendar days required to make delivery after receipt of a purchase order.

Product is required as soon as possible and guaranteed delivery may be considered in making purchases.

Delivery shall be made in accordance with instructions on Purchase Order from each contract end-user. If there is a discrepancy between the purchase order and what is listed on the contract, it is the contractor's obligation to seek clarification from the ordering end user.

INSTALLATION

Where installation by contractor is required, it is the responsibility of the end user to prepare the site for installation bringing all utilities to within 4 feet of the site.

PERFORMANCE REQUIREMENTS

CUSTOMER SUPPORT

The contractor shall provide toll-free telephone support-assistance at no extra charge to all authorize users interested in ordering via EDI.

TOLL-FREE NUMBERS

The contractor must provide toll-free telephone numbers for the State's procurement usage. If contractor does not currently maintain toll-free numbers, the contractor must be willing to accept collect calls.

PRICE LISTS AND CATALOGS

The contractor shall provide, within 30 days of request during the first 45 days of the contract period, sufficient catalogs-media to service all customers who wish to use these contracts. After the first 45 days of the contract, additional catalogs, or updated catalogs when applicable, shall be provided within 10 calendar days of request.

DISCREPANCIES

The contractor shall resolve all order and invoice discrepancies (e.g., shortages, breakages, etc.) within five business days from notification.

CONTRACT PRICING INFORMATION AND RESPONSE TIME

All requests for pricing must be responded to in 48 hours or 2 business days from the date of request.

PRODUCT RETURNS, PROBLEM PRODUCT

Products returned because of quality problems, duplicated shipments, outdated product, etc., shall be picked up by the contractor within five business days after notification with no restocking charge and shall be replaced with specified products or the agency shall be credited-refunded for the full purchase price.

PRODUCT RETURNS, AGENCY ERROR

Standard stock products ordered in error by agencies must be returned for credit within 15 days of receipt.

Product must be in resalable condition (original container, unused). There shall be no restocking fee if returned products are resalable.

SUBSTITUTIONS

Unauthorized substitutions are not acceptable. Substitution of one catalog product for another catalog product shall require the approval of the ordering agency.

EMERGENCY SERVICE NUMBER AND EMERGENCY CONTACT INFORMATION

The contractor will provide a toll free product emergency service, available seven days a week, twenty-four hours a day. Given the nature of the products, an emergency contact including name, number, cell number, fax, and email must be provided.

SALE FLYERS

At the contractor's option, sale catalogs, and flyers based on the awarded catalog, that offer further price reductions, may be offered to contract users. Also, at the contractor's option, catalogs-price lists developed for a specific customer's specialized requirements may be offered.

CONTRACT PERIOD AND RENEWALS

The initial contract term was for 5 years and has been renewed for an additional 5 years, until May 31, 2015.

However, the State may unilaterally cancel the contract on a monthly basis any time after the initial twelve (12) months by providing written notification at least one (1) month prior to the effective date of cancellation. The minimum term of the contract shall be twelve (12) months. This provision does not affect the State's right of suspension or cancellation contained in the "Suspension of Work" and "Cancellation" clauses in Appendix B, OGS General Specifications.

CANCELLATION FOR CONVENIENCE

The State of New York retains the right to cancel any of the contracts, in whole or in part without reason provided that the Contractor is given at least sixty (60) days notice of its intent to cancel. This provision should not be understood as waiving the State's right to terminate the contract for cause or stop work immediately for unsatisfactory work, but is supplementary to that provision. Any such cancellation shall have no effect on existing Agency agreements, which are subject to the same 60 day discretionary cancellation or cancellation for cause by the respective user Agencies.

SHORT TERM EXTENSION

In the event the replacement contract has not been issued, any contract let and awarded hereunder by the Lead State, may be extended unilaterally by the State for an additional period of up to one month upon notice to the contractor with the same terms and conditions as the original contract including, but not limited to, quantities (prorated for such one month extension), prices, and delivery requirements. With the concurrence of the contractor, the extension may be for a period of up to three months in lieu of one month. However, this extension terminates should the replacement contract be issued in the interim.

CONTRACT MIGRATION

State Agencies or any other authorized user holding individual contracts with contractors under this centralized contract shall be able to migrate to this contract award with the same contractor, effective on the contract begin date (retroactively, if applicable). Migration by an agency or any other authorized user to the centralized contract shall not operate to diminish, alter or extinguish any right that the agency or other authorized user otherwise had under the terms and conditions of their original contract.

WARRANTIES

See "Warranties" in Appendix B, OGS General Specifications or manufacturer's standard warranty.

Normal wear and tear items shall be warranted in accordance with manufacturer's standard warranty.

Accessories supplied shall be compatible with the rest of the product.

RESERVATION

The State reserves the right to negotiate lower pricing, or to advertise for bids, any unanticipated excessive purchase.

The State reserves the right to negotiate and establish contracts directly with a third party manufacturer should their sales volume warrant. Additionally, the State reserves the right to delete products from a contract offering at any time it is considered to be in the best interests of the State.

PRICE SHEETS AND CATALOGS

Contractor shall be required to furnish, without charge, catalog and price lists identical to those accepted with their bid, including any changes (additions, deletions, etc.) pursuant to the contract, to authorized users which request them. Catalogs and price lists provided must reflect all products excluded from the resultant contract either through the omission of those portions or by obvious indications within the catalogs and price lists.

Catalog and price lists, either in paper format or electronic format, must be available to all end users upon request. Price lists provided to contract users under this contract should contain Net Prices reflecting the proper discounts for appropriate product lines.

INSTRUCTION MANUALS

Simultaneous with delivery, the contractor(s) shall furnish to the authorized user a complete instruction manual for the product and for each component supplied, if appropriate. The manual shall include complete instructions for unpacking, inspecting, installing, adjusting, aligning, and operating the product, together with layout and interconnection diagrams, preventive and corrective maintenance procedures, and complete parts lists, manufacturer's catalog numbers, and ordering information, if applicable.

REPORT OF CONTRACT PURCHASES

(Note: See also "Special Reporting Requirement" listed below)

Contractor shall furnish report of purchases made from contract the fifteenth of the month following the end of each six month period.

The reports of New York State sales and Total contract sales are to be submitted to the Office of General Services, New York State Procurement, Tower Bldg., Empire State Plaza, Albany, NY 12242, to the attention of the individual shown on the front page of the Contract Award Notification and shall reference the Group Number, the Invitation for Bids Number, Contract Number, sales period, and contractor's name. See Attachment 1B for copy of suggested report form. This format may be used or a printout generated by the contractor showing contract sales and including information on NYS sales and participating State sales for the six month period will be accepted. NYS reserves the right to request additional information if needed.

Participating State reports should be submitted to the participating state as required by the State.

SPECIAL REPORTING REQUIREMENTS

It is the responsibility of the end-user to notify contractors at time of order if Federal Grant money is being used detailed contract user purchase reports must be supplied (if requested by the State or Federal controlling agencies) for purchases made from these contracts using Federal Homeland Security or Law Enforcement Terrorism Prevention Federal grants. These reports must be supplied within 2 business days upon request by State or Federal controlling agency.

Failure to submit the required report may be cause for disqualification of contractor for future contracts or cancellation of any contract held under this award by that vendor format: (other information may be required and vendor will be notified in advance).

Date	Customer name	State	Item description	Item number	# purchased	List price	Discount	Net price

ADMINISTRATIVE FEE

Contractors have included in their pricing schedule an Administrative Fee of 0.5% of sales. The fee, along with the information in the table below, must be submitted to both the New York State Office of General Services on a semi-annual basis **and** to the National Association of State Procurement Officials.

Contractors are required to submit a sales report to both NYS and NASPO. NYS sales listed, other participating State sales and total sales must be shown (see format below).

Period: Date from - Date to	NYS sales	Other participating state sales	Total sales (both NYS and participating States)

Note: The Administrative Fee must be submitted and paid within 30 days after the end of each six month period. Two checks must be cut. One check should go to NYS for NYS sales only and the second check for all other participating State sales shall go to NASPO. Vendors will receive schedule of dates. Checks for 0.5% of sales for each preceding 6 months shall be sent, along with a copy of information in the table above. Check stub should state the dates which the payment covers. The above sales report shall be sent along with the payment check to:

NYS- 0.5% of NYS sales	NASPO-0.5% of all other participating State sales

EMERGENCY PURCHASING

In the event that a disaster emergency is declared by Executive Order under Section 28 of Article 2-B of the Executive Law, or that the Commissioner determines pursuant to his-her authority under Section 163(10)(b) of the State Finance Law that an emergency exists requiring the prompt and immediate delivery of products or services, the Commissioner reserves the right to obtain such products or services from any source, including but not limited to this contract, as the Commissioner in his-her sole discretion determines will meet the needs of such emergency. Contractor shall not be entitled to any claim or lost profits for products or services procured from other sources pursuant to this paragraph.

CONTRACT DUPLICATION

Contractors holding contracts for items offered under this award must offer the same or better pricing on those items if they are offered for inclusion in any award. If awarded, the items may be purchased under the already existing contract number or under this award.

"OGS OR LESS" GUIDELINES APPLY TO THIS CONTRACT

Purchases of the products included in the Invitation for Bids and related Contract Award Notification are subject to the "OGS or Less" provisions of Section 163.3.a.v, Article XI, of the New York State Finance Law. This means that State agencies can purchase products from sources other than the contractor provided that such products are substantially similar in form, function or utility to the products herein and are:

1. Lower in price
and/or

-
2. Available under terms which are more economically efficient to the State agency (e.g. delivery terms, warranty terms, etc.).

Agencies are reminded that they must provide the State contractor an opportunity to match the non-contract savings at least two business days prior to purchase.

PERIODIC RECRUITMENT

The State reserves the right to consider additional vendors starting six months from the contract award beginning date and at six month intervals during the course of the contract or at any time determined by the State to be in its best interest. Vendors shall be required to submit an original bid document which may include an addendum containing additional applicable statutory requirements currently in effect at the time of the new bid solicitation. Bids shall be evaluated under similar terms and conditions. Once awarded a contract, a vendor may not resubmit a bid for future consideration until the original bids have been evaluated and contracts awarded.

MERCURY-ADDED CONSUMER PRODUCTS

Contractors are advised that effective January 1, 2005, Article 27, Title 21 of the Environmental Conservation Law bans the sale of fever thermometers containing mercury and the sale of elemental mercury for other than research purposes due to the hazardous waste concerns of mercury. The law further states that effective July 12, 2005, manufacturers are required to label mercury-added consumer products that are sold or offered for sale in New York State by a distributor or retailer. The label is intended to inform consumers of the presence of mercury in such products and of the proper disposal or recycling of mercury-added consumer products. Contractors are encouraged to contact the Department of Environmental Conservation, Bureau of Solid Waste, Reduction & Recycling at (518) 402-8705 or the Bureau of Hazardous Waste Regulation at 1-800-462-6553 for questions relating to the law. Contractors may also visit the Department's web site for additional information: <http://www.dec.ny.gov/>

OVERLAPPING CONTRACT ITEMS (NYS contract users only)

Products available in this contract award may also be available from other NYS State contracts. Agencies should select the most cost effective procurement alternative that meets their program requirements and maintain a procurement record documenting the basis for this selection. See additional NYS Homeland Defense Contracts at: <http://ogs.ny.gov/purchase/search/default.asp>

PRICELIST UPDATE PROCEDURE

The following guidelines are subject to change at the discretion of NYS OGS:

- (1) **PRICE LIST UPDATES:** In order to expedite processing of a price list update, please follow these instructions:
 - Access the Price list Update Template found on the State Contract Award Notice page, or ask your Contract Administrator for a copy.
<http://ogs.ny.gov/purchase/spg/awards/3823219745Can.htm>
 - Complete the appropriate tabs for product additions, deletions, pricing increases, and decreases, and include your new complete updated price list.
 - Complete the Price list Update Form (below), or ask your Contract Administrator for a copy.
 - Review and complete the following; Items 2 through 5.
 - Verify your information.
 - Send your completed Price list Update, Update Form and Cover Letter electronically to: Melissa.gretten@ogs.ny.gov.

PRICE JUSTIFICATION - FORMAT: Contractor is required to submit the product and price information for the update in the Excel spreadsheet template provided and forward electronically via e-mail to the OGS Purchasing Officer. The list must be dated. The price list should separately include and identify by use of separate worksheets: Last approved complete price list, price list additions, price list increases, price list decreases, and price list deletions, complete updated price list (including additions, deletions and price changes).

The State reserves the right to require a revised NYS Net Price List at any time during the Contract period. Each updated price list must include the date the price list was prepared.

- (2) **SUPPORTING DOCUMENTATION:** Each update request must include the current U.S. commercial price list relevant to the products included in the update. If the NYS contract prices are based on a GSA Schedule, the current GSA Schedule must also be included with the update request. Requested price increases not based on an approved GSA schedule must also include a copy of the current National Consumer Price Index as described in the "Payments-Pricing" section of the contract.
- (3) **COVER LETTERS:** A Contract update must be accompanied by a completed Contract Update Form (below). Contractor should include a cover letter to briefly describe the nature and purpose of the update; to increase, decrease pricing, or add or delete products.
- (4) **CONTRACTOR'S SUBMISSION OF CONTRACT UPDATES:** In connection with any contract update, OGS reserves the right to:
 - request additional information
 - reject contract updates
 - remove products from contracts
 - remove products from contract updates
 - request additional discounts for new or existing products
