**NOTE TO AUTHORIZED USERS:**

When placing purchase orders under the contract(s), the authorized user should be familiar with and follow the terms and conditions governing its use which usually appears at the end of this document. The authorized user is accountable and responsible for compliance with the requirements of public procurement processes. The authorized user must periodically sample the results of its procurements to determine its compliance. In sampling its procurements, an authorized user should test for reasonableness of results to ensure that such results can withstand public scrutiny.

The authorized user, when purchasing from OGS contracts, should hold the contractor accountable for contract compliance and meeting the contract terms, conditions, specifications, and other requirements. Also, in recognition of market fluctuations over time, authorized users are encouraged to seek improved pricing whenever possible.

Authorized users have the responsibility to document purchases, particularly when using OGS multiple award contracts for the same or similar product(s)/service(s), which should include:

- a statement of need and associated requirements,
- a summary of the contract alternatives considered for the purchase,
- the reason(s) supporting the resulting purchase (e.g., show the basis for the selection among multiple contracts at the time of purchase was the most practical and economical alternative and was in the best interests of the State).

PRICE:

Price includes all customs duties and charges and is net, F.O.B. destination any point in New York State as designated by the ordering agency including tailgate delivery.

In addition, upon mutual agreement, delivery locations may be expanded per the "Extension of Use" clause.

Price is expressed as a single percentage discount (**stated within two decimal places**) to the price list (or price catalog) stated herein for each LOT.

The price list bid shall remain firm for one year from contract issuance. Following the first year of the contract, the contractor may update the contract price list **ONE** (1) time during each subsequent year of the contract, to reflect manufacturer's price changes and the addition of new products as established by the manufacturer in their normal manner. (We will also allow contractors to make changes in servicing dealers/resellers at these times if you so desire. Please refer to the NEW YORK STATE VENDOR FILE REGISTRATION clause herein for further requirements regarding the proposed addition of dealers/resellers.) However, all percentage discounts bid shall either remain firm (unchanged) for the duration of the resulting contract or the contractor may increase percentage discounts. Contractors shall submit three (3) copies of their updated price list and a list of product additions on the price list (along with descriptive information) to the Office of General Services, Procurement Services, for review and approval. If approved, the updated (new) price list and contract changes shall become effective upon the issuance of a contract amendment by our office. Consideration will be given only to those outerwear products with demonstrated protective value in firefighting, safety, industrial or hazardous control environments. New York State's determination of acceptable products shall be final. Furthermore, we reserve the right to eliminate products in an updated price list that are not considered relevant or are available from Preferred Sources (refer to "PREFERRED SOURCE PRODUCTS" clause herein) and the remainder of the price list shall be considered at the percentage discount awarded for the respective LOT herein.

Upon request, contractor shall furnish without charge, copies of price lists identical to those accepted under this contract (and accepted future updated price lists) and catalogs or brochures, to all state agencies, political subdivisions, and others authorized by law to purchase from this resulting contract.

**All price lists should be marked to indicate products covered by the resulting contract and products excluded from the contract should be marked by obvious indication.**

Upon request the contractor shall assist authorized users in the use of price lists.

**CONTRACTOR; LOT NO. 23: RED WING BRANDS OF AMERICA, INC.**

**REQUEST FOR CHANGE:**

Any request by the agency or contractor regarding changes in any part of the contract must be made in writing to the Office of General Services, Procurement Services Group, prior to effectuation.

**CONTRACT PAYMENTS:**

Payments cannot be processed by State facilities until the contract products have been delivered in satisfactory condition or services have been satisfactorily performed. Payment will be based on any invoice used in the supplier's normal course of business. However, such invoice must contain sufficient data including but not limited to contract number, description of product or service, quantity, unit and price per unit as well as federal identification number.

State facilities are required to forward properly completed vouchers to the Office of the State Comptroller for audit and payment. All facilities are urged to process every completed voucher expeditiously giving particular attention to those involving cash discounts for prompt payment.

If the contract terms indicate political subdivisions and others authorized by law are allowed to participate, those entities are required to make payments directly to the contractor. Prior to processing such payment, the contractor may be required to complete the ordering non-State agency's own voucher form.

See "Contract Billings" in Appendix B, OGS General Specifications.

**ELECTRONIC PAYMENTS:**

The Office of the State Comptroller (OSC) offers an "electronic payment" option in lieu of issuing checks. To obtain an electronic payment authorization form visit the OSC website at [www.osc.state.ny.us](http://www.osc.state.ny.us) or contact them by e-mail at [epunit@osc.state.ny.us](mailto:epunit@osc.state.ny.us) or by phone at 518-474-4032.

**DEBRIEFING**

A bidder shall be accorded fair and equal treatment with respect to its opportunity for debriefing. Prior to contract award, OGS shall, upon request, provide a debriefing which would be limited to review of that bidder's proposal or bid. After contract award, OGS shall, upon request, provide a debriefing to any unsuccessful bidder that responded to the solicitation, regarding the reason that the proposal or bid submitted by such bidder was not selected for a contract award. The post-award debriefing should be requested in writing within 30 days of posting of the contract award on the OGS website.

**NOTE TO CONTRACTOR:**

In the event a specified manufacturer's product listed in the Contract Award Notification becomes unavailable or cannot be supplied to the State by the contractor for any reason (except as provided for in the "Savings/Force Majeure" clause in Appendix B, OGS General Specifications), a product deemed by the Office of General Services to be equal to or better than the specified product must be substituted by the contractor at no additional cost or expense to the State.

One product line cannot be substituted by another product line not awarded to the contractor in question. However, if products in a product line remain the same but the name of the product line changes perhaps due to new ownership or a similar circumstance, the Office of General Services reserves the right to review this matter for consideration of continued inclusion.

**EXCLUDED PRODUCTS:**

It is the contractor's responsibility to make sure excluded products are not sold under the contract. If a contractor is found not to be in compliance with contract terms and conditions, administrative action may be taken which may result in cancellation of contract.

**TOLL-FREE NUMBER:**

Contractors must provide a toll-free number for the state's procurement usage.

**NON-STATE AGENCIES PARTICIPATION IN CENTRALIZED CONTRACTS:**

New York State political subdivisions and others authorized by New York State law may participate in contracts. These include, but are not limited to local governments, public authorities, public school and fire

---

districts, public and nonprofit libraries, and certain other nonpublic/nonprofit organizations. See "Participation in Centralized Contracts" in Appendix B, OGS General Specifications. For purchase orders issued by the Port Authority of New York and New Jersey (or any other authorized entity that may have delivery locations adjacent to New York State), the terms of the "Price" clause shall be modified to include delivery to locations adjacent to New York State.

Upon request, all eligible non-State agencies must furnish contractors with the proper tax exemption certificates and documentation certifying eligibility to use State contracts. A list of categories of eligible entities is available on the OGS web site (<http://www.ogs.state.ny.us/purchase/snt/othersuse.asp>). Questions regarding an organization's eligibility to purchase from New York State Contracts may also be directed to OGS Procurement Services Group's Customer Services at 518-474-676.

**PREFERRED SOURCE PRODUCTS:**

Section 162 of the State Finance Law requires that agencies afford first priority to the products/services of preferred source suppliers such as Correctional Industries (Corcraft), Industries for the Blind of NYS, and NYS Industries for the Disabled, when such products/services meet the form, function and utility of the agency. Some products/services in the contract(s) may be available from one or more preferred sources. Agencies are reminded to comply with the statutory requirements and resulting guidelines with respect to affording first priority to the preferred sources.

Contractors will be required to prominently display the following language on all price lists and contract updates to agencies relative to the award:

**Agencies Note:** Some products/services in this contract may be available from one or more preferred sources. Agencies are reminded to comply with the statutory requirements under Section 162 of the State Finance Law and the guidelines issued by the State Procurement Council to afford first priority to products/services available from preferred sources which meet your form, function and utility.

The State has made the effort to identify products available from Preferred Sources to assist contract users in their procurement efforts. **TABLE 1: Preferred Sources and/or NYS Contract Overlaps** herein is a tool but, it is not intended to capture every instance at award or when contract offerings are updated. At time of purchase it is incumbent upon the contract user to identify Preferred Source offerings and comply with all applicable requirements and guidelines.

**OVERLAPPING CONTRACT ITEMS:**

Products/services available in this contract may also be available from other New York State contracts. Contract users are advised to select the most cost effective procurement alternative that meets their program requirements and to maintain a procurement record documenting the basis for this selection. The State has made the effort to identify products that may be available from other OGS Contracts to assist contract users in their procurement efforts. **TABLE 1: Preferred Sources and/or NYS Contract Overlaps** herein is a tool but, it is not intended to capture every instance at award or when contract offerings are updated. At time of purchase it is incumbent upon the contract user to review other contracts in an effort to identify overlapping contract items and comply with all applicable requirements and guidelines.

EXTENSION OF USE:

Any contract resulting from this bid solicitation may be extended to additional States or governmental jurisdictions upon mutual written agreement between New York State (the lead contracting State) and the contractor. Political subdivisions and other authorized entities within each participating State or governmental jurisdiction may also participate in any resultant contract if such State normally allows participation by such entities. New York State reserves the right to negotiate additional discounts based on any increased volume generated by such extensions.

MINIMUM ORDER:

Minimum order is as stated herein for each LOT. Contractor may elect to honor orders for less than the minimum order.

VOLUME DISCOUNTS:

Some contractors offer volume discounts. Volume discounts may be applied per purchase order, and cumulatively per customer agency as noted herein per Lot. Volume discounts shall be defined and applied as follows: Purchase order volume discounts shall be additional discounts applied to individual purchase orders over a specified dollar amount. Cumulative agency volume discounts shall be additional discounts applied to all future orders made by an individual agency once an established volume has been met by that agency. **It is the responsibility of the customer agency to maintain adequate records of orders placed to determine when volume discounts shall be applied on future orders.**

IRAN DIVESTMENT ACT:

As a result of the Iran Divestment Act of 2012 (Act), Chapter 1 of the 2012 Laws of New York, a new provision has been added to the State Finance Law (SFL), § 165-a, effective April 12, 2012. Under the Act, the Commissioner of the Office of General Services (OGS) will be developing a list (prohibited entities list) of “persons” who are engaged in “investment activities in Iran” (both are defined terms in the law). Pursuant to SFL § 165-a(3)(b), the initial list is expected to be issued no later than 120 days after the Act’s effective date, at which time it will be posted on the OGS website.

By entering into this Contract, Contractor (or any assignee) certifies that once the prohibited entities list is posted on the OGS website, it will not utilize on such Contract any subcontractor that is identified on the prohibited entities list.

Additionally, Contractor agrees that after the list is posted on the OGS website, should it seek to renew the Contract, it will be required to certify at the time the Contract is renewed or assigned that it or its assignee is not included on the prohibited entities list.

---

During the term of the Contract, should OGS receive information that a person is in violation of the above-referenced certification, OGS will offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment which is in violation of the Act within 90 days after the determination of such violation, then OGS shall take such action as may be appropriate including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

OGS reserves the right to reject any request for assignment for an entity that appears on the prohibited entities list prior to the award of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the prohibited entities list after contract award.

**DELIVERY:**

Delivery is expressed in number of calendar days required to make delivery after receipt of a purchase order.

Delivery shall be made in accordance with instructions on Purchase Order from each agency. If there is a discrepancy between the purchase order and what is listed on the contract, it is the contractor's obligation to seek clarification from the ordering agency and, if applicable, from the Office of General Services, Procurement Services Group.

**ESTIMATED QUANTITIES:**

The individual value of each contract is indeterminate and will depend upon the number of contracts issued. Agencies will be encouraged to purchase from contractors who offer the supplies, services, and pricing that best meet their needs in the most practical and economical manner. See "Estimated/Specific Quantity Contracts" and "Participation in Centralized Contracts" in Appendix B, OGS General Specifications.

**CONTRACT PERIOD AND RENEWALS:**

The contract is for the term as stated on page 1 of this Contract Award Notification.

Discounts quoted are to be firm for the entire period of the contract. Discount reduction will not be allowed and is specifically excluded from the terms and conditions of the Invitation for Bid, its specifications and subsequent contract award. Price decreases or discount increases are permitted at any time.

**SHORT TERM EXTENSION:**

In the event the replacement contract has not been issued, any contract let and awarded hereunder by the State, may be extended unilaterally by the State for an additional period of up to one month upon notice to the contractor with the same terms and conditions as the original contract including, but not limited to, quantities (prorated for such one month extension), prices, and delivery requirements. With the concurrence of the contractor, the extension may be for a period of up to three months in lieu of one month. However, this extension terminates should the replacement contract be issued in the interim.

**CONTRACT MIGRATION:**

State Agencies or any other authorized user holding individual contracts with contractors under this centralized contract shall be able to migrate to this contract award with the same contractor, effective on the contract begin date (retroactively, if applicable). Migration by an agency or any other authorized user to the centralized contract shall not operate to diminish, alter or extinguish any right that the agency or other authorized user otherwise had under the terms and conditions of their original contract.

**WARRANTIES:**

See "Warranties" in Appendix B, OGS General Specifications.

Where accessories are to be supplied, they must be compatible with the rest of the product.

**PRICE SHEETS AND CATALOGS:**

Contractor shall be required to furnish, without charge, catalog and price lists identical to those accepted with their bid, including any changes (additions, deletions, etc.) pursuant to the contract, to authorized users which request them. Catalogs and price lists provided must reflect all products excluded from the resultant contract either through the omission of those portions or by obvious indications within the catalogs and price lists.

Catalogs and price lists may be furnished in either hard-copy or electronic format. If available in both formats, they shall be furnished in the format preferred by the requesting authorized user. Upon request the contractor shall assist authorized users in the use of catalogs and price lists.

**REPORT OF CONTRACT PURCHASES:**

Contractor shall furnish quarterly reports containing total sales for both state agency and authorized non-state agency contract purchases no later than forty-five (45) days after the close of each calendar quarter.

In addition to contractor direct sales, contractor shall submit sales information for all resellers, dealers, distributors or other authorized distribution channels, where such contract sales are provided by other than the contractor. Contractors shall verify if each alternate vendor is a NYS Certified Minority (MBE) or Women (WBE) Owned Businesses. Contractors shall verify such status through the Empire State Development Minority and Women Owned Businesses Database web site at: <http://www.nylovesmwbe.ny.gov/cf/search.cfm>.

A separate report shall be provided in the following format for each authorized distribution channel. The sales report form is forwarded to each contractor at time of award for completion in accordance with the contract terms and conditions:

Item/ SubItem Number	Product or Catalog <u>Number</u> er	Product/ Service <u>Description</u>	Total Quantity Shipped to <u>State</u> <u>Agencies</u>	Total Quantity Shipped to		Total Sales \$ <u>State Agencies</u>	Total Sales \$ Authorized Non- State <u>Agencies</u> \$
				<u>Authorized</u>	<u>Non-State Agencies</u>		
				Grand Total Sales State and Non-State Agencies			\$

The report is to be submitted electronically in Microsoft Excel 2007 or lower format to the Office of General Services, Procurement Services Group, Tower Bldg., Empire State Plaza, Albany, NY 12242, to the attention of the individual shown on the front page of the Contract Award Notification and shall reference the Group Number, the Award Number, Contract Number, sales period, and contractor's (or other authorized agent) name.

The outlined sales report is the minimum information required. Additional related sales information, such as monthly reports, and/or detailed user purchases may be required and must be supplied upon request.

**EMERGENCY PURCHASING:**

In the event that a disaster emergency is declared by Executive Order under Section 28 of Article 2-B of the Executive Law, or that the Commissioner determines pursuant to his/her authority under Section 163(10)(b) of the State Finance Law that an emergency exists requiring the prompt and immediate delivery of products or services, the Commissioner reserves the right to obtain such products or services from any source, including but not limited to this contract, as the Commissioner in his/her sole discretion determines will meet the needs of such emergency. Contractor shall not be entitled to any claim or lost profits for products or services procured from other sources pursuant to this paragraph.

**PERIODIC RECRUITMENT:**

After one year from contract issuance, the State reserves the right to accept additional product lines not previously awarded and at twelve month intervals thereafter during the course of the contract or at any time determined by the State to be in its best interest.

The possible addition of product lines from existing contractors or new bidders should be on the same basis as stated in the bid solicitation and with the possible updating of certain requirements. Bidders shall be required to submit a bid document which may include an addendum containing additional applicable statutory requirements currently in effect at the time of the new bid solicitation. (See in particular "PRICE", "MINIMUM CRITERIA TO CONSIDER A BID FOR AWARD" and "METHOD OF AWARD").

"OGS OR LESS" GUIDELINES APPLY TO THIS CONTRACT:

---

Purchases of the products included in the Invitation For Bids and related Contract Award Notification are subject to the "OGS or Less" provisions of Section 163.3.a.v., Article XI, of the New York State Finance Law. This means that State agencies can purchase products from sources other than the contractor provided that such products are substantially similar in form, function or utility to the products herein and are:

1. lower in price  
-and/or-
2. available under terms which are more economically efficient to the State agency (e.g. delivery terms, warranty terms, etc.).

Agencies are reminded that they must provide the State contractor an opportunity to match the non-contract savings at least two business days prior to purchase. In addition, purchases made under "OGS or Less" flexibility must meet all requirements of law including, but not limited to, advertising in the New York State Contract Reporter, prior approval of the Comptroller's Office and competitive bidding of requirements exceeding the discretionary bid limit. State agencies should refer to Procurement Council Guidelines section "OGS or Less Purchases" for complete procedural and reporting requirements.
