NOTE TO AUTHORIZED USERS:

When placing purchase orders under the contract(s), the authorized user should be familiar with and follow the terms and conditions governing its use which usually appears at the end of this document. The authorized user is accountable and responsible for compliance with the requirements of public procurement processes. The authorized user must periodically sample the results of its procurements to determine its compliance. In sampling its procurements, an authorized user should test for reasonableness of results to ensure that such results can withstand public scrutiny.

The authorized user, when purchasing from OGS contracts, should hold the contractor accountable for contract compliance and meeting the contract terms, conditions, specifications, and other requirements. Also, in recognition of market fluctuations over time, authorized users are encouraged to seek improved pricing whenever possible.

Authorized users have the responsibility to document purchases, particularly when using OGS multiple award contracts for the same or similar product(s)/service(s), which should include:

- a statement of need and associated requirements,
- a summary of the contract alternatives considered for the purchase,
- the reason(s) supporting the resulting purchase (e.g., show the basis for the selection among multiple contracts at the time of purchase was the most practical and economical alternative and was in the best interests of the State).

Thereafter, contract prices shall be subject to increase or decrease during the contract period in accordance with changes which may be made by the manufacturer in their nationally published price sheet. Price Changes: (Cont'd)

Request for price changes at any other time will not be granted unless an “Unworkable Price Structure” situation develops (please see more on this below).

If no National price list exists or is not submitted for BODIES or PLOWS (and other products), then price changes for BODIES and PLOWS may be implemented based on changes in the U.S. Department of Labor, Bureau of Labor Statistics Producer Price Index (PPI) for:

Series ID: WPU1413
Group: Transportation Equipment
Item: Truck and Bus Bodies

Change would be based on dividing the PPI value for month listed by the PPI value for December 2006. Below is an example of how this would be implemented. All the values in this example are hypothetical.

Original Contract Price: \$10,000
December 2006 PPI: 162.0

<u>Date For PPI</u>	<u>PPI Value</u>	<u>Calculation</u>	<u>Adjustment Factor</u>	<u>New Price</u>	<u>Effective Date</u>
December 2006	162.0	162.0/162.0	1.0000*	\$10,000.00*	February 1, 2007*
July 2007	164.6	164.6/162.0	1.0160	\$10,160.00	August 1, 2007
December 2007	167.3	167.3/162.0	1.0364	\$10,364.00	February 1, 2008
July 2007	168.7	168.7/162.0	1.0414	\$10,414.00	August 1, 2008
December 2008	177.6	177.6/162.0	1.0963	\$10,963.00	February 1, 2009
July 2009	190.5	190.5/162.0	1.1759	\$11,759.00	August 1, 2009

* = No adjustment for first six months; original contract price is \$10,000 for this example.

DAS (Delivery Allowance Schedule) - All resultant contracts will be statewide, regardless of where the bidder is located. Contractors will be required to deliver vehicles anywhere within New York State boundaries. Each contractor will be reimbursed for this delivery only as shown by the following Delivery Allowance Schedule (DAS). The DAS indicates the maximum dollar amount that will be paid for delivery from the Contractor’s point of business (address on bid) or Contractor’s authorized dealer (if utilizing dealers) location that is nearest to the ordering entities desired delivery location.

For Out of State bidders, the Office of General Services, Procurement Services Group, will determine which region is closest to the location of the bidder, unless the bidder indicates differently.

Bidders are not to include the delivery charges listed below in the bid price. Only delivery charges, as noted in DAS below, will be added to the invoice when the vehicle is delivered in accordance with DAS.

The DAS will be used as follows. If the contractor point of business is in Albany (Region 3), and the desired delivery point is in White Plains (Region 5), the delivery charge will be \$230. This charge should be added to the invoice. Each contractor will only be concerned with their particular region (i.e., if the contractor point of business is in Region 1, the only row that will be utilized is the first one).

Each February 1, beginning with February 2007, the DAS chart shall be updated in accordance with changes in the CPI (Series Id: CUUR0100SA0, CUUS0100SA0; Not Seasonally Adjusted; Area: Northeast urban; Item: All items) by comparing the value for December of the year involved to the value for December 2005. For example, if the value for December 2006 was 220.4 and the value for December 2005 was 206.2, the DAS would increase by 6.89% (e.g., $220.4/206.2 = 1.0688965 = 6.89\%$ rounded increase), **effective February 1, 2007**. Values in chart will be rounded to nearest five dollar amount (e.g., \$160 would increase to \$170; \$230 would increase to \$245; etc.).

Government Mandated Program Price Adjustment - An adjustment in price may be permitted if a government mandated program such as a new standard for emissions takes effect and suitable documentation is furnished to the State and the State determines the requested price change is verifiable and is reasonable. Such a price adjustment may be permitted for only a limited time since such an adjustment would eventually be reflected in the MSRP.

Unworkable Price Structure - Should the price structure utilized by the parties become unworkable, detrimental or injurious to the State and/or Contractor or result in prices which are not truly reflective of current market conditions, and the price is deemed unreasonable or excessive by the Commissioner, and no adjustment in price is mutually agreeable, the Commissioner reserves the sole right upon 10 days written notice mailed to the contractor to terminate any contract resulting from this bid opening. If the contractor is unable or unwilling to meet contractual requirements in whole or in part based on an unworkable price structure, it shall immediately notify the State of that fact in order that the state may take appropriate action. Such notification shall be in writing and shall be directed to the Office of General Services, Procurement Services Group. Such notification shall not relieve the contractor of its responsibilities under the contract.

The State reserves the right to implement changes in price based on unforeseen factors such as dramatic changes in availability, delivery, costs, etc., for product, supplies, etc., that substantively affect the contractor's business processes or that may impact contract pricing. Such changes may be based on information from the U.S. Bureau of Labor Statistics, industry data, or other sources.

Limitation - Price adjustments are limited to changes as allowed for in this PRICE clause. Increases in contract costs or prices to compensate for other increases in the cost of doing business, regardless of the cause or nature of such costs to the contractor, will not be allowed during the contract period.

PSG's DISPUTE RESOLUTION POLICY:

It is the policy of the Office of General Services' Procurement Services Group (PSG) to provide the vendors with an opportunity to administratively resolve disputes, complaints or inquiries related to PSG contract awards. PSG encourages vendors to seek resolution of disputes through consultation with PSG staff. All such matters will be accorded impartial and timely consideration. NON-STATE AGENCIES PARTICIPATION IN CENTRALIZED CONTRACTS:

New York State political subdivisions and others authorized by New York State law may participate in contracts. These include, but are not limited to local governments, public authorities, public school and fire districts, public and nonprofit libraries, and certain other nonpublic/nonprofit organizations. See "Participation in Centralized Contracts" in Appendix B, OGS General Specifications. For purchase orders issued by the Port Authority of New York and New Jersey (or any other authorized entity that may have delivery locations adjacent to New York State), the terms of the "Price" clause shall be modified to include delivery to locations adjacent to New York State.

Upon request, all eligible non-State agencies must furnish contractors with the proper tax exemption certificates and documentation certifying eligibility to use State contracts. A list of categories of eligible entities is available on the OGS web site (www.ogs.state.ny.us). Questions regarding an organization's eligibility to purchase from New York State Contracts may also be directed to OGS Procurement Services Group's Customer Services at 518-474-6717.

GENERAL INFORMATION (Cont'd)

EXTENSION OF USE:

This contract may be extended to additional States or governmental jurisdictions upon mutual written agreement between New York State (the lead contracting State) and the contractor. Political subdivisions and other authorized entities within each participating State or governmental jurisdiction may also participate in any resultant contract if such State normally allows participation by such entities. New York State reserves the right to negotiate additional discounts based on any increased volume generated by such extensions.

DELIVERY:

General - Delivery is expressed in number of calendar days required to make delivery after receipt of a purchase order (ARO). Time is of the essence in regard to the delivery of vehicles. Vehicles will be required as soon as possible by an agency issuing a purchase order.

Purchase Order Instructions - Delivery shall be made in accordance with instructions on purchase order from each agency. If there is a discrepancy between the purchase order and what is listed on the contract, it is the contractor's obligation to seek clarification from the ordering agency and, if applicable, from the Office of General Services, Procurement Services Group.

Expansion of Delivery Points - Upon mutual agreement, delivery locations may be expanded per the "Non-State Agencies Participation in Centralized Contracts", "Extension of Use" and "Purchases by Consortium and Other Authorized Organizations" clauses incorporated herein.

Pre-Delivery Inspection - At the discretion of the Commissioner of General Services, and whether or not so stated in the Invitation for Bids, the contractor may be required to present a vehicle for pre-delivery inspection at such location as may be designated. When so required, the contractor shall make no delivery of it or similar contract units without written approval of the vehicle from the Commissioner of General Services or authorized agent thereof.

Delivery Condition - Vehicle must be delivered strictly in accordance with specifications and shall be "Ready for Use", and/or as requested by the purchaser. If vehicle is delivered with deviations or improper servicing, the contractor must arrange to have the necessary work done within five (5) days (exclusive of Saturdays, Sundays, and holidays) after receipt of written notification from the agency and/or the Office of General Services. Otherwise, the purchasing agency may have the corrections made at contractor's expense.

Delivery Certification - Contractor shall secure a signed receipt from agency certifying to delivery of vehicle. Special attention should be given to such items as:

- spare rim
- wheel lug wrench
- reflective kit
- bill of materials
- assignments of monies documents
- one set of manuals for accessory equipment.

In the event deficiencies are later noted and a properly signed receipt is not available, contractor will be responsible.

GENERAL INFORMATION (Cont'd)

DELIVERY: (Cont'd)

Shipping Dates And Delivery Time -

- Contractor shall provide written acknowledgement of orders within five (5) business days after receipt of order.
- Contractor shall provide ordering agency with anticipated shipping date of completed vehicle with written acknowledgement of order.
- Contractor shall furnish the agency with written acknowledgement of the shipping date at least two weeks prior to shipment.
- If shipment will not be made within the delivery time, the contractor is required to notify the agency in writing at least two weeks prior to the latest date of the original delivery obligation. This notification must include the reasons for the delay and the latest date the vehicle will be shipped. Should the delay not be acceptable to the using agency, appropriate contract default proceedings will be initiated. Failure to supply timely written notification of delay may be cause for default proceedings.
- All correspondence on shipping dates and delivery time shall be directed to the ordering agency's contact person.

CONTRACT PERIOD AND EXTENSION:

General - It is the intention of the State to enter into a contract for the term as stated on the Contract Award Notification.

Price Adjustment - Prices quoted are to be firm through JULY 31, 2006. Thereafter price adjustment (up OR down) may be made in accordance with provisions in the "PRICE" clause. Price decreases are permitted at any time.

Unilateral Short Term Extension by the State - In the event the replacement contract has not been issued, any contract let and awarded hereunder by the State, may be extended unilaterally by the State for an additional period of up to one month upon notice to the contractor with the same terms and conditions as the original contract including, but not limited to, quantities (prorated for such one month extension), prices, and delivery requirements. With the concurrence of the contractor, the extension may be for a period of up to three months in lieu of one month. However, this extension terminates should the replacement contract be issued in the interim.

Cancellation For Convenience By The State - The State of New York retains the right to cancel contract, in whole or in part without reason provided that the Contractor is given at least sixty (60) days notice of its intent to cancel. This provision should not be understood as waiving the State's right to terminate the contract for cause or stop work immediately for unsatisfactory work, but is supplementary to that provision. Any such cancellation shall have no effect on existing Agency agreements, which are subject to the same 60 day discretionary cancellation or cancellation for cause by the respective user Agencies.

Mutual Extension of Time Period - If mutually agreed between the Procurement Services Group and the contractor, the contract may be extended under the same terms and conditions for an additional three month, six month, or twelve month period(s).

This means that State agencies can purchase products from sources other than the contractor provided that such products are substantially similar in form, function or utility to the products herein and are:

1. lower in price
-and/or-
2. available under terms which are more economically efficient to the State agency
(e.g. delivery terms, warranty terms, etc.)

Agencies are reminded that they must provide the State contractor an opportunity to match the non-contract savings at least two business days prior to purchase. In addition, purchases made under "OGS or Less" flexibility must meet all requirements of law including, but not limited to, advertising in the New York State Contract Reporter, prior approval of the Comptroller's Office and competitive bidding of requirements exceeding the discretionary bid limit. State agencies should refer to Procurement Council Bulletin "OGS or Less Purchases" for complete procedural and reporting requirements.

- Contract Number
- Purchase Order Number
- Item Number
- Line item breakdown of all charges
 - If options are purchased, they must be listed separately, line by line on the same invoice as the vehicle.

Payment will be based on any invoice used in the supplier's normal course of business. However, such invoice must contain sufficient data including but not limited to contract number, description of product or service, quantity, unit and price per unit as well as federal identification number.

State facilities are required to forward properly completed vouchers to the Office of the State Comptroller for audit and payment. All facilities are urged to process every completed voucher expeditiously giving particular attention to those involving cash discounts for prompt payment.

If the contract terms indicate political subdivisions and others authorized by law are allowed to participate, those entities are required to make payments directly to the contractor. Prior to processing such payment, the contractor may be required to complete the ordering non-State agency's own voucher form.

See "Contract Billings" in Appendix B, OGS General Specifications.

PAYMENT:

Because of constantly increasing finance charges and other costs to the contractor it is imperative that ordering agencies make every effort to process the vouchers for payment by the Comptroller, within a reasonable period of time. However, if there are any problems which will delay payment, the contractor should be notified.

When a vehicle is delivered the agency may process the voucher for the full amount of the contract price if, in its opinion, the vehicle is in compliance with the specifications. However, if poor workmanship and/or minor deviations exist, the agency may withhold up to 20% of the contract price upon delivery and delay payment of the balance until the contractor has made all necessary corrections. The Agency may withhold the full amount of the contract price if, in its opinion, the vehicle contains major deviations from specification.

ELECTRONIC PAYMENTS:

The Office of the State Comptroller (OSC) offers an "electronic payment" option in lieu of issuing checks. To obtain an electronic payment authorization form visit the OSC website at www.osc.state.ny.us or contact them by e-mail at epunit@osc.state.ny.us or by phone at 518-474-4032.
