CHAPTER 22

AN ACT to amend the executive law, in relation to expanding opportunities for service-disabled veteran-owned business enterprises; and providing for the repeal of certain provisions upon expiration thereof.

Became a law May 12, 2014, with the approval of the Governor.
Passed by a majority vote, three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Legislative findings. New York state (the "state") is home to more than 900,000 veterans, seventy-two percent of whom have served during periods of conflict. Additionally, the state is home to approximately 30,000 active duty military personnel as well as 30,000 national guard and reserve personnel. In honor of their service to and sacrifice for our nation, New York state declares that it is the public policy of the state to promote and encourage the continuing economic development of service-disabled veteran-owned businesses. In the furtherance of this policy, the state aims to assist service-disabled veterans in playing a greater role in the economy of the state and to provide additional assistance and support to disabled veterans to better equip them to form and expand small businesses, thereby enabling them to realize the American dream they fought to protect. To achieve this objective without disrupting the procurement practice and priorities already in law, the legislature finds that it is in the best interest of the economic development of the state to enact the "Service-Disabled Veteran-Owned Business Act".
