Contract Award Notification Update

Subject: Contract Updates (Contractor Information, Auto Add Requests)

DATE: August 24, 2018
AWARD #: 20191
GROUP #: 77201

AWARD DESCRIPTION: Security and Facility Systems & Solutions (Statewide)

CONTRACT PERIOD: August 7, 2007 – August 26, 2020

CONTACT: Michael DeCicco | 518-474-3562 | michael.decicco@ogs.ny.gov

CONTRACT NO.: All contracts

CONTRACTOR: All Contractors

Contract users please note the following changes/updates to the aforementioned contracts:

All contracts, other than those that provide maintenance, available in Lots 2 and 3, will expire on February 26th, 2019. Maintenance on Lots 2 and 3 will expire on August 26th, 2020 OR when a new award is issued, whichever happens first. **Authorized Users will NOT be able to obtain Product, Installation and Systems Integration after February 26th, 2019 and should plan accordingly.** It is anticipated that a replacement procurement will be released before the end of the year.

Effective August 30th, 2018, Procurement Services will no longer accept Auto Add Requests. Any contract holder, who requires Products or Services to be added to their contract, must have the Authorized User reach out directly to Procurement Services via email (Michael.de Cicco@ogs.ny.gov with a CC to joseph.better@ogs.ny.gov), to indicate the specific items needed as part of their project. Once the request has been received and reviewed, OGS will provide further information and guidance on how the Contractor and Authorized User should proceed.

Please be reminded that Section 69-M of the General Business Law and Title 19 NYCRR Reg. 195.2 provide that any person engaging in the business of installing, servicing or maintaining security or fire alarm systems must be licensed. Additional information regarding these requirements may be obtained from the New York State Department of State at: [http://www.dos.state.ny.us/lcns/professions/sec-fireinstallers/install1.htm](http://www.dos.state.ny.us/lcns/professions/sec-fireinstallers/install1.htm). At the time of purchase, Authorized Users should verify that contractors engaging in the business of installing, servicing, or maintaining security or fire alarms are licensed to do so.

All other terms and conditions remain the same.

</table>
The following Percent Discounts have been increased as follows:

A) Barco: either
   i. 10% to 11%, or
   ii. 10% to 12%

B) Haivision: 5% to 6%

**2. The following contractors have declined to renew their contracts:**

*Maintenance only can be purchased from the entities for up to three (3) years after the expiration of the contract until August 26th, 2020.*

**3. The following Value-Added Resellers (“VARS”) have been removed from PT63201:**
A. A+ Technology Solutions, Inc.
B. Adirondack Cabling, Inc.
C. Digital Surveillance Solutions, Inc.
D. Macro Digital Technology Corp.

4. Additionally, effective August 27th, 2017 upon approval of the contract extensions by the NYS Office of the State Comptroller (“OSC”), the following additional provisions shall come into effect:

A. For any contractor awarded either:
   i. Lots 2-5, or
   ii. A combination of Lot 1 and either Lots 2, 3, 4, or 5
   Where any job title includes the onsite programming, commissioning, integrating, etc. or products/systems which are hardwired/affixed to buildings is now classified as Public Work and therefore requires the payments of NYS DOL Prevailing Wage Rates and Supplemental Benefits.

B. NYS Department of Labor (DOL) is now requiring that Authorized Users MUST obtain a separate PRC # for each purchase from this contract where prevailing wage rates apply. The PRC # provided for the Security and Facility Contract is for informational purposes and for use by OGS in managing the Centralized Contract.

Worker Notification

Labor Law § 220(3-a) (a)(ii) requires Contractors and subcontractors to provide written notice to all laborers, workers or mechanics of the prevailing wage rate for their particular job classification on each pay stub*. It also requires Contractors and subcontractors to post a notice at the beginning of the performance of every public work Contract on each job site that includes the telephone number and address for the Department of Labor and a statement informing laborers, workers or mechanics of their right to contact the Department of Labor if he/she is not receiving the proper prevailing rate of wages and/or supplements for his/her particular job classification. The required notification will be provided with each wage schedule and may be downloaded from www.labor.state.ny.us or made available upon request by contacting the Bureau of Public Work at 518-457-5589.

C. For state agencies and state authorities, OGS will be issuing updated MWBE Utilization Requirements.

D. All Authorized Users should review the “How to Use” Guidelines (see below) which are the binding interpretation of the Scope of these contracts.

https://www.ogs.ny.gov/purchase/snt/awardnotes/7720120191HowToUse.pdf

E. The terms and conditions of RFP 20191, dated August of 2014, and all addenda issued with the same, as well as other terms outlined in the contract renewal letters, are the binding contract documents.

F. Appendix A dated January 2014 and Appendix B, dated April 2016 are expressly incorporated into all renewed contracts.

All other terms and conditions remain the same.

Contract Award Notification Update

Subject: Contract Updates (Price List Update)

DATE: July 25th, 2017  AWARD #: 20191  GROUP #: 77201

AWARD DESCRIPTION: Security and Facility Systems & Solutions Systems

CONTRACT PERIOD: August 7, 2007 – August 26, 2017/2020

CONTACT: Joseph Better | 518-473-7101 | joseph.better@ogs.ny.gov

CONTRACT NO.: All  CONTRACTOR: All Contracts

1. Currently the ability to purchase new products, obtain installation, and obtain systems integration on Group 77201, Award 20191 is set to expire on August 27th, 2017.

2. OGS is in the process of renewing the contracts under award 20191 to allow for the purchase of products, performance of installation, and the performance of systems integration through February 26th, 2019.

3. Maintenance (as defined below,) on contracts awarded for Lots 2 or 3, may continue to be purchased, unless OGS specifically notifies authorized users that the contract has expired. Maintenance is either:
   i. Preventative Maintenance such as testing, inspection, monitoring, etc., and
   ii. Remedial Maintenance such as repair/replacement of similar products

4. OGS strongly encourages all authorized users to have all orders for the purchase, installation, and systems integration to issued prior to August 27th, 2017, when all contracts are still in effect, so as to avoid any potential lapses in coverage.

5. All Executive State Agencies which utilize the OGS Business Services Center (BSC) should contact them to discuss the status of any pending purchase orders/payments.

6. Additionally, effective August 27th, 2017 upon approval of the contract extensions by the NYS Office of the State Comptroller (“OSC”), the following additional provisions shall come into effect:

A. For any contractor awarded either:
   i. Lots 2-5, or
   ii. A combination of Lot 1 and either Lots 2, 3, 4, or 5

   Where any job title includes the onsite programming, commissioning, integrating, etc. or products/systems which are hardwired/affixed to buildings is now classified as Public Work and therefore requires the payments of NYS DOL Prevailing Wage Rates and Supplemental Benefits.

B. NYS Department of Labor DOL) is now requiring that Authorized Users MUST obtain a separate PRC # for each purchase from this contract where prevailing wage rates apply. The PRC # provided for the Security and Facility Contract is for informational purposes and for use by OGS in managing the Centralized Contract.
Worker Notification

Labor Law § 220(3-a) (a)(ii) requires Contractors and subcontractors to provide written notice to all laborers, workers or mechanics of the prevailing wage rate for their particular job classification on each pay stub. It also requires Contractors and subcontractors to post a notice at the beginning of the performance of every public work Contract on each job site that includes the telephone number and address for the Department of Labor and a statement informing laborers, workers or mechanics of their right to contact the Department of Labor if he/she is not receiving the proper prevailing rate of wages and/or supplements for his/her particular job classification. The required notification will be provided with each wage schedule and may be downloaded from www.labor.state.ny.us or made available upon request by contacting the Bureau of Public Work at 518-457-5589.

C. For state agencies and state authorities, OGS will be issuing updated MWBE Utilization Requirements.

All other terms and conditions remain the same.
Subject: Contract Update (Contract Assignment)

DATE: June 8, 2017  AWARD #: 20191  GROUP #: 77201

</tr>
</tbody>
</table>

Finally, contract holder’s Annual Services have been broadened and all new services have been added to the list attached to its material and labor pricing as follows:

**Tyco Integrated Security added Annual Services items**

**Hosted Access:** Enables customer to remotely control its security management tasks in real time over the Web. It can help reduce infrastructure and training costs, reduce personnel costs, and professionally and properly maintain the customer’s system with transparent platform updates and without user intervention.

**Video Verification: Indoor & Outdoor** – Upon receipt of an intrusion alarm signal from the customer premises, Tyco IS operators begin observing activities through a live video feed (Verification). The operator can also open a 2-way audio communication, where audio services are installed (Voice Down). Based on what the operator observe and converse, Tyco IS can determine if a security Breach or criminal activity is taking place and then follow the customer’s security protocols. In the case of Outdoor Verification, Tyco IS can determine if the activity that triggered the intrusion alarm signal is criminal and not a false alarm triggered by an animal or other natural event.

**Video Assistance:** Provides customer employee assistance when he/she is confronted with a person or group whose behavior arouses concern. Tyco IS installs an assistance button in a discreet but accessible location at your facility. When an employee presses that button, a Tyco IS Special Operations Security professional will look at a live video feed, announce via 2-way voice equipment that they are security and ask the employee if they require assistance. Depending on the situation, the Tyco IS operator may ask the person in question to leave the premises or state that the authorities will be notified if the person does not
cooperate with the request and leave immediately. All incidences are recorded and maintained. The customer can view them through the Tyco IS web-based customer portal.

**Video Escort:** Provides customer employees with the kind of security they need to help them feel safer as they enter and exit the customer’s facilities. Video Escorts are initiated upon request by the employee at the site. The employee contacts Tyco IS using his/her cell phone, which helps ensure that the employee can remain safely in their vehicle upon arrival at the site or in the building before he/she leaves. Once a Tyco IS operator receives the call and confirms that a video connection has been established, the operator can “escort” the employee to or from his/her vehicle.

**Video Unattended Delivery:** Tyco IS can monitor any delivery, any time from the Remote Monitoring Center. A special security professional watches as the driver enters the facility and can make 2-way audio contact to provide instructions to the driver.

**Video Guard Tours:** Tyco IS Special Operations Security Professional, using video cameras, can visually sweep entire facilities at regularly scheduled intervals from their remote monitoring center. Tyco IS Operators observe and record all activities, day and night. These carefully programmed tours are conducted and timed on the customer’s schedule, with scripted audio announcements based on need. Upon discovery of any suspicious activity during these tours, Tyco IS operators follow security protocols based on the customer’s requirements. Plus, Tyco IS provides the customer with access to a web-based portal that provides the customer with recorded video footage of alarm events or other security footage.

Please refer to the [Pricing Section](#) of the Contract Award Notification (CAN) for a link to the updated product/price list. Please refer to the [Subcontractor List](#) for a link to the updated listing of Subcontractors. All other terms and conditions of the original contract award notification remain the same.

Price List Update- Addition of Manufacturers (Unlimited Technology)

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:
Ber-National Controls, Inc. has requested and the State has approved an update to the product/price list on the above-referenced contract, PT63535, which includes the product addition of a new manufacturer, Digital Payment Technologies, as well as updated Prevailing Wage and Total Hourly rates. Please refer to the Pricing Section of the Contractor Award Notification (CAN) for a link to the updated product/price list. Please refer to the Contractor Information section of the Contract Award Notification for a link to the updated Subcontractors list. All other terms and conditions of the original Contract Award Notification remain the same.
HENRY BROTHERS ELECTRONICS, INC. has requested and the State has approved Lenel product line updates consisting of line item pricing to equal that of the company’s GSA contract offering, excluding IFF. In addition, multiple items on the Lenel product line have been removed from the above-referenced contract PT64381. This update also includes price increases and decreases for certain Pelco product offerings which are already incorporated under contract PT64381 and based on Pelco’s commercial price list dated October, 2012 submitted herewith. Please refer to the Pricing Section of the Contractor Award Notification (CAN) for a link to the updated product/price list.

LPC, INC. has requested and the State has approved the addition of new products, deletion of obsolete parts, products and accessories as well as price increases and decreases for certain Pelco product offerings which are already incorporated under contract PT64315 and based on Pelco’s commercial price list dated June, 2012, submitted herewith. In addition, the following Manufacturers’ product line have been added to the above-referenced contract PT64315: ComNetCommunications Networks. Please refer to the Pricing Section of the Contract Award Notification (CAN) for a link to the updated product/price list. All other terms and conditions of the original contract award notification remain the same.

JOHNSON CONTROLS, INC. has requested and the State has approved the addition of the following-named subcontractors to the above-referenced contract PT63103:

<table>
<thead>
<tr>
<th>NAME OF COMPANY</th>
<th>SCOPE OF WORK</th>
<th>REGIONS</th>
</tr>
</thead>
<tbody>
<tr>
<td>Sub-City Electrical Inc.</td>
<td>Electrical, low voltage and communication installations</td>
<td>6,7,8,9</td>
</tr>
<tr>
<td>Navsim Services, Inc.</td>
<td>Maritime Simulation and Electronics Integration Specialists</td>
<td>Statewide</td>
</tr>
</tbody>
</table>

Please refer to the Contractor Information section of the Contract Award Notification for a link to the updated subcontractors list. All other terms and conditions of the original Contract Award Notification remain the same.

SI TECHNOLOGIES, INC. has requested and the State has approved the addition of new products, deletion of obsolete parts, products and accessories as well as price increases and decreases for certain Arecont Vision and Zebra Raco product offerings which are already incorporated under contract PT63302 and based on both Manufacturers’ commercial price list dated 2012, submitted herewith. Please refer to the Pricing Section of the Contract Award Notification (CAN) for a link to the updated product/price list. All other terms and conditions of the original contract award notification remain the same.

TECHNICAL SYSTEMS GROUP has requested and the State has approved the addition of new products, deletion of obsolete parts, products and accessories as well as price increases and decreases for certain ADI, AXIS COMMUNICATIONS, EST, LENEL and TSG product offerings which are already incorporated under contract PT64310 and based on each Manufacturer’s commercial price list dated September 2012, submitted herewith. In addition, the above-referenced contract has updated approved job titles and NYS Prevailing Wage schedules pursuant to the Department of Labor increases published on July 1, 2012. The following named subcontractor has also been added to the above-referenced contract PT64310:

<table>
<thead>
<tr>
<th>NAME OF COMPANY</th>
<th>SCOPE OF WORK</th>
<th>REGIONS</th>
</tr>
</thead>
<tbody>
<tr>
<td>Billtier Electric, Inc.</td>
<td></td>
<td>7,8,9</td>
</tr>
</tbody>
</table>

Please refer to the Pricing Section of the Contractor Award Notification for a link to the updated product/price list. Please refer to the Contractor Information section of the Contract Award Notification for a link to the updated Subcontractors list. All other terms and conditions of the original Contract Award Notification remain the same.
UNLIMITED TECHNOLOGY, INC. has requested and the State has approved the addition of the following-named manufacturers and their respective products to the above-referenced contract PT65442:

<table>
<thead>
<tr>
<th>Manufacturer</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Sargent Hardware</td>
<td>10%</td>

Contemporary Computer Services, Inc. PT65383:

The following product line has been added to PT65383:
1. Milestones

Day Automation Systems, Inc. PT64059:

The following product line has been updated on PT64059:
1. Bosch

Diebold Enterprise Security Systems, Inc. PT63536:

The following product lines have been updated on PT63536:
1. American Dynamics
2. Lenel
3. NVT
4. Sightlogic
5. Verint

The following new product lines have been added to PT63536:
1. ComNet
2. Designated Security
3. Orion Controls
4. Smarter Security
5. Zeiler Associates

Digital Surveillance Solutions, Inc. PT65344:

The following product lines have been updated on PT65344:

- Check fire alarm control unit, power supply, lamps, indicators, batteries and fuses.
- Check operation of fire alarm initiating devices (except valve tamper and sprinkler flow switches).
- Check operation of fire alarm notification appliances.
- Confirm receipt of fire alarm, trouble and supervisory signals to your supervising station.
- Furnish completed paper inspection forms to you.
- Advise in writing of any required

Davis Ulmer Sprinkler Co., Inc.
7633 Edgecomb Drive
Liverpool, NY 13088

or recommended work.
- Design Work
Any other work except for:
- Inspection of fire alarm equipment located in inaccessible or concealed spaces.
- Evaluation of specific hazards.
- Repair or modification of any equipment.
- Sensitivity testing of detectors – this can be done at an additional charge.

**Nfrastructure**  
5 Enterprise Ave  
Clifton Park, NY 12065

- Run ethernet cables and other necessary cables and/or wires and test their connections
- Install, point, and focus cameras
- Install electrical outlets
- Respond to service calls
- Other services necessary to complete a project

**Care Security Systems, Inc**  
28 Parker Blvd.  
Monsey NY 10950

Video surveillance, integrated-network IP digital recording, and access management control represent our core competence. Automated parking gates, lobby turnstiles, intrusion and fire detection systems, physical guard services are among the systems and services we designed and implemented on behalf of our many clients. Additional security measures such as bollards and structural hardening are also incorporated in our recommendations and designs. When involved in any or all of these disciplines we fully project manage all aspects of the project.

We also review current electronic security systems including the CCTV system, access control system, code blue phones, voice activated security systems, photo-ID systems, entrance/egress door lock hardware, key control, visitor access into facilities and additional areas of importance.

**Electronic Technologies Corp. USA PT64383:**

The following product lines have been removed from PT64383:
1. Altronix
2. American Dynamics
3. Commend
4. Magal Senstar
5. Millenium Group
6. Pelco
7. Schlage
8. Software House
9. Sure Action

The following product line has been added to PT64383:
1. Trane

The following labor rates have been added to PT64383:

<table>
<thead>
<tr>
<th>Position</th>
<th>Description</th>
<th>Rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>HVAC Field Technician</td>
<td>Responsible for retrofit and repair of environmental-comfort systems, utilizing knowledge of air conditioning theory, pipe fitting, and mechanical layouts.</td>
<td>$142.11</td>
</tr>
<tr>
<td></td>
<td>Performs hardware and software design activities for building automation systems. Applies engineering principles and practices for work on assigned projects. Designs cost effective control solutions to meet project requirements. Works directly on the project team to assist the Project Manager with project commissioning.</td>
<td></td>
</tr>
<tr>
<td>Project Engineer - Controls</td>

CONTRACTOR(S): Various
CONTRACT NO(S): Various

SUBJECT: Clarification Semi-Annual Contract Usage Reporting Requirements

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

All NYS Contracts require that Contractors furnish a report containing both state agency and authorized non-state agency contract purchases. These reports are due by the fifteenth (15th) day of January and July for the previous six month period (e.g. January 1 – June 30). In addition to contractor direct sales, Contractors are also required to submit sales information for all resellers, dealers, distributors or other authorized distribution channels, where such contract sales are provided by other than the Contractor.

The sales reports need to reflect all sales (invoicing/billing) for Contracts awarded during the six month period. This includes the following information:

A. Purchase of products
B. Installation/systems integration of products
C. Training
D. Maintenance (including preventative and remedial), testing, inspection, and monitoring, etc.)
E. Prepaid maintenance agreements (for preventative and remedial maintenance). Please Note: even though the billing for prepaid maintenance precedes the commencement of work, contract holders should report the sale in the actual period the billing occurs.

Please see below the Semi-Annual Contract Usage Report Forms:

customer.services@ogs.state.ny.us

GROUP: 77201 Security Systems and Solutions

CONTRACT PERIOD: August 27, 2007
August 26, 2012

CONTRACTOR(S)/ADT Security Services, Inc.

CONTRACT NO(S): PT63073

SUBJECT: Price List Update/Solutions Update

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:
The aforementioned contractor requested, and OGS has approved the following price list update requests:

The following product lines have been added to PT63073:

Aiphone
Seenex

The following product line currently on PT63073 has been updated to include new products:

CooperWheelock

The following solutions have been added to PT63073

1. All REPLACEMENT of "NON CONTRACT PARTS" shall be charged as cost plus a 25% markup.

2. In the event that an ADT technician determines that a piece of equipment can not be field repaired it will be necessary to return such piece of equipment to the manufacturer for evaluation. If the manufacturer can repair the piece of equipment or any component of such equipment an estimate will be provided to ADT by the Manufacturer. ADT will then determine the cost of the repair, which is not to exceed 50% of the replacement cost. If the repair cost exceeds 50% of the replacement cost, ADT will recommend replacement. If the piece of equipment or any component can be repaired by the manufacturer for less than 50% of the replacement value, ADT shall authorize such repair via a Purchase Order to the Manufacturer. The final repair cost will be the cost of the repair plus an additional fee of 25% of the manufacturers repair cost and will include all shipping and handling charges. Any field repair charges incurred will be billed at the hourly labor rates posted.
on our current contract. Upon request, ADT will furnish the Purchase Order provided to the manufacturer as
verification of the repair charge.

3. In the event that ADT chooses to use a manufacturer’s representative, field advisor, or sub contractor to
perform a service call or site visit, the cost shall be the same as our sub contractor provision which is cost plus
a 25% markup.

Please review the section of the award website titled “Pricing Information” in the Tab titled “ADT Security Services,
Inc.” for the updated Price List.

All other terms and conditions remain the same.

**New Item: Offender ID Server and Workstation Software**
Offender-ID™ is an advanced inmate identity management system that incorporates state-of-the-art iris technology for fast and accurate identification. Critical processes such as booking and release can be now be quickly and securely executed preventing inmates from falsifying their identities. The Offender-ID system can be integrated into an existing JMS/Mug Shot system or other “Systems of Record” or can operate as a standalone biometric and biographic repository. In both the integrated and stand-alone setup, officers are able to create audit trails of subject enrollments/identifications; query records with text based biographic searches, and generate customizable reports.

### New Item: Offender ID Hardware

</table>

**Subcontract Utilization**

As a provider of turn-key Security Systems & Solutions installations, SimplexGrinnell will at times utilize subcontractors to provide additional work that is outside our core business. This additional work may require, but not be limited to, the utilization of the following subcontracting services to accommodate the overall design requirements in conjunction with the provision of turn-key solutions:

- Heating, ventilating, air conditioning (HVAC) specialists to install, modify, and/or furnish material for HVAC systems including, but not limited to, building management controls, fan control, smoke control, smoke/fire dampers, ductwork, etc. as necessary.
- General contractor specialists to install, modify, and/or furnish material for structural changes, soffits, painting, patching, etc. as necessary.
- Electrical contractors to install, modify, and/or furnish material for electrical systems including, but not limited to, raceway, cabling, line voltage supply, control wiring, trenching, duct banks, etc. as necessary.
- Locksmiths to install, modify, and/or furnish material including, but not limited to, door strikes, door closures, etc. as necessary.
- Cabling specialists to install, modify, and/or furnish material including, but not limited to, fiber optic cabling, fiber optic connectors, duct banks, etc. as necessary.

SimplexGrinnell is permitted under the Security Systems & Solutions procurement contract (Group 77201, SimplexGrinnell Contract PT63104) to utilize subcontracting services as defined above. SimplexGrinnell will work in conjunction with the authorized user to ensure the utilization of qualified subcontractors is of best value, and to ensure the highest quality and best services when providing a turn-key solution.

In doing so, SimplexGrinnell will act as the single point of contact for the authorized user. SimplexGrinnell will take full ownership of the installation including the warranty provisions as set forth in the contract. SimplexGrinnell will oversee all aspects of the project as it relates to our scope of work including that of the subcontractor.
SimplexGrinnell will offer these services at a fee not to exceed **cost plus 25%** of the subcontractors invoice. Subcontractors will provide services on a fixed price/lump sum basis, and will be required to meet current prevailing wage mandates for their respective trade.

SimplexGrinnell will demonstrate the cost of these services by submitting the original subcontractors’ quote to the authorized user for review prior to the commencement of work. In addition, SimplexGrinnell will attach a copy of the subcontractors’ invoice, with our fee clearly noted, when applying for payment.

This fee includes direct expenses to manage the subcontractor including, but not limited to:

- Developing a scope of work.
- Procuring subcontracting services including walkthrough’s as necessary.
- Managing project documents - (time sheets, certified payroll, as-built documentation, etc.)
- Coordinating project activity between trades.
- Ensuring project plans & specifications are met.
- Overseeing all aspects of the installation to ensure projects are completed in a timely manner.

A list of approved subcontractors qualified to perform work associated with their respective trade is attached. All of the subcontractors listed will have a minimum of two years experience in their discipline. The list details the company name and services they provide.

Please review the section of the award website titled “Pricing Information” in the Tab titled “SimplexGrinnell, L.P.” for the updated Price List.

All other terms and conditions remain the same.
