Please be advised, that in accordance with the Contract Award Notification Update issued on November 20, 2017, Contract Users in the five boroughs of New York City are required to use a heating oil that is fuel grade no. 2 or [no. 4 or residual fuel] that contains no less than five percent biodiesel by volume, as of October 1, 2017. As a result of this mandate, OGS Procurement Services has authorized the sale of B5 in the five boroughs as a substitute for the awarded B2 fuel items for the above referenced contract. As per Appendix B (June 2014), Section 38 PRODUCT SUBSTITUTION, B5 will be offered at the same price as B2 for the remainder of the contract term.

Vendors are hereby reminded that prior to instituting a product substitution, OGS Procurement Services must be notified in order to approve the substitution. Additionally, Authorized Users should be notified of the substitution prior to the initial delivery of the new product.

All other terms and conditions of the contract remain the same.

The New York State Office of General Services, Procurement Services is notifying all Fuel Oil (Heating) Contract Users of a New York City mandate that states that the five boroughs are required to use heating oil that is fuel oil grade no. 2 or [no. 4 or residual fuel] that contains no less than five percent biodiesel by volume, on and after October 1, 2017 (link below).

<http://legistar.council.nyc.gov/LegislationDetail.aspx?ID=2170484&GUID=FB643430-AA04-4B48-BB0D-114D5B7395E7>

All contract users are recommended to review any local laws or mandates affecting the use of renewable fuels. For example, it is anticipated that B10 will be mandated by 2023.

Please be sure you are in compliance with this mandate or have a waiver to use other fuel types. If you determine that you need to change a recently submitted file requirement, please contact Jeffery Giocondo at 518-474-9621.

All other terms remain in effect.

Please be advised that as of November 17, 2017, the weekly fuel price adjustments for Number 2 (0.0015%) B2, have been changed to the Long Island low No.2 posting with a 2% soy factor providing the calculated price basis. This new price is based on the low posting published in OPIS's Oil Price Daily for Long Island No.2 from June 19, 2014, from the original bid. This is due to the deletion by OPIS of the Ultra Low Sul. No.2-2% bio-blend posting, N.Y. tank car reseller.

The state may periodically adjust pricing based on market conditions, as outlined in the "Price Revisions" clause from the IFB states, "Should postings differ from current description and/or format, a posting determined, by the Commissioner in his/her sole discretion; to be most reflective of market conditions will be used." OGS Procurement Services has determined that use of low Long Island No.2 posting with a 2% soy factor is in the best interest of the state, and is in keeping with the original bid price basis.

All other terms and conditions remain the same.

Procurement Services has been notified that some Authorized Users have been using the NYS (PCARD) to pay Fuel Oil (Heating) purchases.

Please note that the current contractors for this award (#22779) do NOT accept PCARD's for Fuel Oil (Heating) purchases.

Invoicing and payment shall be made in accordance with the terms set forth in Appendix B, §45, Contract Invoicing.

The New York State Business Services Center (BSC) is responsible for issuing purchase orders and processing payments on behalf of New York State agencies through the Statewide Financial System (SFS) which includes a vendor self-service portal that allows vendors to access information on payments. The following link is used to submit invoices to the BSC:

https://bsc.ogs.ny.gov/sites/default/files/BSC_Invoice_Submission_for_Vendors.pdf

Contractors should submit a PDF version of the invoice via email to:

accountspayable@ogs.ny.gov

The subject line should include the invoice number, name of agency being billed and the Unit id if applicable. If sending electronically, please do not send a paper copy of the invoices as this can cause duplication which may slow down the payment process.

If submitting a paper copy of the invoice, please send to:

Name of Agency indicated on PO

22779p16.docx15

Unit ID (if applicable):
C/o NYS OGS BSC Accounts Payable
Building 5, 5th Floor
1220 Washington Avenue
Albany, NY 12226-1900

The Contractor is required to provide one invoice for each Purchase Order. The invoice must include detailed line item information to allow Authorized Users to verify that pricing at point of receipt matches the Contract price on the original date of order. At a minimum, the following fields must be included on each invoice:

- Contractor Name
- Contractor Billing Address
- NYS Vendor ID Number
- Account Number
- Name of Authorized User indicated on the Purchaser Order
- NYS Agency Unit ID (if applicable)
- Authorized User's Purchase Order Number
- Order Date
- Invoice Date\
- Invoice Number
- Invoice Amount
- Product Descriptions
- Unit Price
- Quantity
- Unit of Measure
- Dates of Service (if applicable)

If the contract terms indicate political subdivisions and others authorized by law are allowed to participate, those entities are required to make payments directly to the contractor. Prior to processing such payments, the contractor may be required to complete the ordering non-State agency's own voucher form. See Appendix B, OGS General Specifications, § 45, Contract Invoicing.

For further information submitting invoices to the New York State Business Service Center, please visit the following link:

<https://bsc.ogs.ny.gov/content/vendor-information>

For future Awards, should an awarded contractor accept the PCARD, this will be notated within the Contract Award Notification next to the Contractor's contact information with the notation, PCARD.

All other terms of the contract remain in effect.

Please be advised that as of August 12, 2016, the weekly fuel price adjustments for No. 6.5% and No. 4.5% Heating Oil utilizing the Boston OPIS posting location will be based solely on the low due to a change in OPIS that no longer receives a high price submission.

The state may periodically adjust pricing based on market conditions, as outlined in the "Price Revisions" clause from the IFB states, "Should postings differ from current description and/or format, a posting determined, by the Commissioner in his/her sole discretion; to be most reflective of market conditions will be used." OGS Procurement Services has determined that use of the low kerosene price for the Boston location is in the best interest of the state, and is in keeping with the original bid price basis.

All other terms and conditions remain the same.

Please be advised that as of January 29, 2016, the weekly fuel price adjustments for Utica kerosene will be based solely on the low posting published in OPIS's Oil Price Daily, as was the basis of the original bid (June 19, 2014) and award (November 20, 2014), due to inconsistent reporting of both a high and a low posted price.

The state may periodically adjust pricing based on market conditions, as outlined in the "Price Revisions" clause from the IFB states, "Should postings differ from current description and/or format, a posting determined, by the Commissioner in his/her sole discretion; to be most reflective of market conditions will be used." Users of Natural Gas Interruptible supply that will switch over to Heating Oil during interruptible and/or curtailment events are reminded that before switching to heating oil it is a requirement that you must have a minimum of a 10 day supply on hand at all times.

Where a 10 day supply is not physically possible then there should be full tanks available during the upcoming coldest parts of the year.

In the colder months delivery delays may occur and we request that you plan ahead and work with your fuel oil supplier to ensure an adequate supply. During these events please be aware that other facilities may be designated a human needs customer placing them as a higher priority. Such as hospitals and nursing homes for which having heat is essential.

NYC Clean Heat Act - Authorized users of #4 and #6 fuels in NYC need to be aware of the NYC Clean Heat Act

Regulations

Regulations issued by the New York City Department of Environmental Protection will phase out the use of No. 4 heavy heating oil in New York City. The regulations were designed to balance near-term pollution reduction while minimizing costs for buildings.

- All new boiler or burner installations must utilize one of the cleanest fuels, which may include natural gas, ultra-low sulfur 2 oil, biodiesel, or steam.
- Beginning July 1, 2012, No. 6 oil Certificate of Operations will not be issued. At a minimum, buildings will be required to convert to a fuel as clean as No. 4 oil.
- All No. 6 oil Certificate of Operations expired on or before June 30, 2015.
- All buildings must convert to one of the cleanest fuels upon boiler or burner retirement or by January 1, 2030, whichever is sooner.

To find out when your building will be required to switch to a cleaner fuel go to the website at:

RECYCLED, REMANUFACTURED AND ENERGY EFFICIENT PRODUCTS:

The New York State Procurement supports and encourages the purchase of recycled, remanufactured, energy efficient and "energy star" products. If one of the following codes appears as a suffix in the Award Number or is noted under the individual Contract Number(s) in this Contract Award Notification, please look at the individual awarded items for more information on products meeting the suffix description.

RS,RP,RA	Recycled
RM	Remanufactured
SW	Solid Waste Impact
EE	Energy Efficient
E*	EPA Energy Star
ES	Environmentally Sensitive

NOTE TO AUTHORIZED USERS:

When placing purchase orders under the contract(s), the authorized user should be familiar with and follow the terms and conditions governing its use which usually appears at the end of this document. The authorized user is accountable and responsible for compliance with the requirements of public procurement processes. The authorized user must periodically sample the results of its procurements to determine its compliance. In sampling its procurements, an authorized user should test for reasonableness of results to ensure that such results can withstand public scrutiny.

The authorized user, when purchasing from OGS contracts, should hold the contractor accountable for contract compliance and meeting the contract terms, conditions, specifications, and other requirements. Also, in recognition of market fluctuations over time, authorized users are encouraged to seek improved pricing whenever possible.

Authorized users have the responsibility to document purchases, particularly when using OGS multiple award contracts for the same or similar product(s)/service(s), which should include:

- a statement of need and associated requirements,
- a summary of the contract alternatives considered for the purchase,
- the reason(s) supporting the resulting purchase (e.g., show the basis for the selection among multiple contracts at the time of purchase was the most practical and economical alternative and was in the best interests of the State).

DELIVERY:

Contractor must be prepared, at all times, to make prompt delivery as ordered. In emergencies, fuel must be delivered within twenty-four (24) hours of notification. Normal deliveries are considered to be Monday thru Friday (8:00 am - 5:00 pm). Saturday/Sunday deliveries are to be made on an emergency basis (and not a regular basis) ONLY.

Agencies shall be responsible to insure that tanks are accessible by the contractor. Failure of the agency to make appropriate arrangements, preventing delivery of product upon contractor's arrival at delivery site, may result in a charge to the agency for the contractor's transportation costs for that particular trip. Agencies should also make certain that receiving personnel are available at time of delivery.

PREVAILING WAGE:

This award is subject to the prevailing wage rate provisions of New York State Labor Law. See "WAGE AND HOUR PROVISIONS" in Appendix A paragraph 6. See "Prevailing Wage Rates - Public Works and Building Services Contracts" in Appendix B, OGS General Specifications. Any federal or State determination of a violation of any public works law or

regulation, or labor law or regulation, or any OSHA violation deemed "serious or willful" may be grounds for a determination of vendor non-responsibility and termination of award.

The applicable Prevailing Wage Rate Schedule for this project is **PRC # 2014900606**

For access to the Department of Labor (DOL) Public Works information including Prevailing Wage Schedule and updates, use the following link: <http://labor.ny.gov/workerprotection/publicwork/PWGeneralProvisions>.

IMPORTANT NOTE: The above PRC number MUST be noted on all purchase orders issued for purchases from this contract.
