**RECYCLED, REMANUFACTURED AND ENERGY EFFICIENT PRODUCTS:**

The Procurement Services Group supports and encourages the purchase of recycled, remanufactured, energy efficient and "energy star" products. If one of the following codes appears as a suffix in the Award Number or is noted under the individual Contract Number(s) in this Contract Award Notification, please look at the individual awarded items for more information on products meeting the suffix description.

RS,RP,RA	Recycled
RM	Remanufactured
SW	Solid Waste Impact
EE	Energy Efficient
E*	EPA Energy Star
ES	Environmentally Sensitive

**NOTE TO AUTHORIZED USERS:**

When placing purchase orders under the contract(s), the authorized user should be familiar with and follow the terms and conditions governing its use which usually appears at the end of this document. The authorized user is accountable and responsible for compliance with the requirements of public procurement processes. The authorized user must periodically sample the results of its procurements to determine its compliance. In sampling its procurements, an authorized user should test for reasonableness of results to ensure that such results can withstand public scrutiny.

The authorized user, when purchasing from OGS contracts, should hold the contractor accountable for contract compliance and meeting the contract terms, conditions, specifications, and other requirements. Also, in recognition of market fluctuations over time, authorized users are encouraged to seek improved pricing whenever possible.

Authorized users have the responsibility to document purchases, particularly when using OGS multiple award contracts for the same or similar product(s)/service(s), which should include:

- a statement of need and associated requirements,
- a summary of the contract alternatives considered for the purchase,
- the reason(s) supporting the resulting purchase (e.g., show the basis for the selection among multiple contracts at the time of purchase was the most practical and economical alternative and was in the best interests of the State).

**DELIVERY:**

Contractor must be prepared, at all times, to make prompt delivery as ordered. In emergencies, fuel must be delivered within twenty-four (24) hours of notification. Normal deliveries are considered to be Monday thru Friday (8:00 am - 5:00 pm). Saturday/Sunday deliveries are to be made on an emergency basis (and not a regular basis) ONLY.

Agencies shall be responsible to insure that tanks are accessible by the contractor. Failure of the agency to make appropriate arrangements, preventing delivery of product upon contractor's arrival at delivery site, may result in a charge to the agency for the contractor's transportation costs for that particular trip. Agencies should also make certain that receiving personnel are available at time of delivery.

**PREVAILING WAGE:**

This award is subject to the prevailing wage rate provisions of New York State Labor Law. See "WAGE AND HOUR PROVISIONS" in Appendix A paragraph 6. See "Prevailing Wage Rates - Public Works and Building Services Contracts" in Appendix B, OGS General Specifications. Any federal or State determination of a violation of any public works law or regulation, or labor law or regulation, or any OSHA violation deemed "serious or willful" may be grounds for a determination of vendor non-responsibility and termination of award.

The applicable Prevailing Wage Rate Schedule for this project is **PRC # 2014900606**

For access to the Department of Labor (DOL) Public Works information including Prevailing Wage Schedule and updates, use the following link: <http://labor.ny.gov/workerprotection/publicwork/PWGeneralProvisions>.

**IMPORTANT NOTE: The above PRC number MUST be noted on all purchase orders issued for purchases from this contract.**
