### Open Filed Requirements 2023 - 2025

The period for Filing Requirements for 2023 - 2025 is now open for Liquefied Petroleum Gases (LPG) Propane Group (RL-219).

If you plan on using the OGS contract, please submit your requirement online by **Friday, October 21, 2022** at: <https://online.ogs.ny.gov/psgfiledrequirements/default.aspx>

You will need your username and password to enter the Filed Requirements System. If you have not filed before and do not know your agency's OGS Customer ID number, you may contact Procurement Services Customer Service at 518-474-6717 or [customer.services@ogs.ny.gov](mailto:customer.services@ogs.ny.gov) to obtain it. If you do not currently have an OGS Customer ID number, you will need to contact Customer Service to register for one.

The filling of your fuel requirements will be considered authority for OGS Procurement Services to award contracts for these requirements for the full contract period. Once your requirements have been submitted, your agency is obligated to purchase its required fuel from the fuel vendor that is awarded a contract for that delivery location. You must not enter into any other contract during the full contract period.

When submitting your agency/building fuel requirements, please refer to the "Fuel Requirement Submittal Guidelines" and:

- Make sure to update your contact information.
- Your requirement should cover the volume of fuel your facility is expected to use in one (1) year.
- List volume requirements in gallons.
- Include storage capacity and explain any special delivery requirement(s) (e.g., gallons per week or month, hours of delivery, extra-long hose required due to location of tank, etc.).
- Once requirements have been submitted, **please print or save a copy of the confirmation page for your records.**

**Please note:** It may not be feasible to procure certain propane tank sizes via statewide fuel procurements, regardless of the submitted field requirements in either standby or non-standby quantities. If a propane tank size is

underutilized or obsolete, Procurement Services reserves the right, at its sole discretion, to remove it from the scope of the statewide fuel procurement at any time prior to contract award. If a decision is made to remove an item from the scope of the statewide fuel procurement, Procurement Services shall provide written notification through the Purchaser Notification System of such decision. Although requirements may be requested, bids and awards for all requirements may not be made.
