To All State Agencies and others authorized to use State Contracts:

The Professional Grade Tools (Snap-On) Contract bearing Group # 39000 and Award # PGB-23144 ending on June 30, 2023; there are no plans to extend this contract or conduct a new solicitation.

Authorized Users are advised there is the possibility of you independently piggybacking off the NASPO Contract for similar products. Piggybacking is when you use an existing contract to acquire the same commodities or services at the same or lower price from another public entity contract. If you are interested in piggybacking, the best place to start is by reading the contract and then contacting the contracting agency. For state agencies and New York City entities who want to piggyback off another existing contract you may need to receive approval prior to buying off the other contract. You should review the Procurement Services Guide for Piggybacking and then complete the Contract Use Request Form. You will need to submit the Contract Use Request Form along with a copy of the contract and other supporting documentation to customer.services@ogs.ny.gov. Once submitted, you should receive a notice of receipt from Customer Services.

All other local governments and other entities wishing to piggyback or use cooperative contracts should refer to the guidance from The Office of the State Comptroller. This includes the October 2021 memo with a subject of "Piggybacking" Law – Exception to Competitive Bidding (Updated)". Said memo can be found at this link:

<https://www.osc.state.ny.us/files/local-government/publications/pdf/piggybacking-law.pdf>

More information on piggybacking, including the Contract Use Request Form, can be found at this link:
