NYSID Fall Protection Kits: All items are produced by Herkimer ARC, a NYSID affiliated agency. Suppliers for this commodity include McQuade & Bannigan Inc. and Guardian Fall Protection. Disabled employees at Herkimer ARC remove individual components from incoming shipping bags, assemble kit components, place the complete kit in the carrying sack, create a shipping container, and prepare for shipment. This new product line will provide 162 direct (disabled) labor hours annually, which equates to 0.083 FTE's. 100% of the labor will be provided by disabled employees. The Seraph and Velocity harnesses have multiple points of adjustment, dorsal and side rings, and improved flexibility in the shoulder and back for added comfort and are ideal for typical construction work. The Kevlar harness adds arc flash protection needed by welders. These kits all include lanyard keepers to secure excess webbing, they serve as retrieval hoists and torso buckles for fast and easy resizing.
