The Office of General Services (OGS) would like you to be aware that due to infrastructure work at New York Penn Station, **Empire Service, Ethan Allen Express, Adirondack and Maple Leaf trains** will be rerouted from New York Penn Station (NYP) to Grand Central Terminal (NYG) between Saturday, May 26th and Tuesday, September 4th. **The Lake Shore Limited** will only operate between Boston and Chicago, with New York City and Hudson Valley customers connecting from Empire Service trains at Albany-Rensselaer.

Amtrak is in the process of updating its schedule to reflect the adjusted train service. Amtrak's reservation systems will be updated to reflect the reroute of trains to Grand Central Terminal once the schedule is determined, and any passenger already booked on a train will be contacted and accommodated on other scheduled services.

Additional information and updates will be posted on Amtrak.com and Amtrak.com/NYPrenewal. Amtrak will also have staff and Quik-Trak ticketing kiosks at Grand Central Terminal throughout the Summer.
