- Site assessment and preparation
- Installation
- Maintenance
- Parts and supplies
- Network services

Who Do I Ask For Help?
The Green Procurement Team is available to assist you with questions about these contracts:

Todd Gardner, NYS OGS Procurement Services (518)474-3540 | todd.gardner@ogs.ny.gov

Todd Kayser, NYS OGS Procurement Services (518)473-6469 | todd.kayser@ogs.ny.gov

Kelly Rothkopf, NYS OGS Procurement Services (518)486-1908 | kelly.rothkopf@ogs.ny.gov
Go Green with the eMarketplace and the GreenNY Icon!

OGS has developed a GreenNY icon to help you identify products quickly and accurately in the New York State eMarketplace. Labelled products meet Executive Order 4 (EO4) environmentally preferable product specifications.

The icon identifies environmentally preferable products such as:
- Recycled copy paper
- Janitorial paper
- Hand soaps
- General purpose cleaners
- Waste/recycling/composting liners
- Bagged ice melt
- Energy efficient lighting products
- And more!

Benefits of using the GreenNY icon include:
- Save time - we’ve done the research for you
- Save money - find products that cost less than conventional products
- Green products are less toxic, so harmful chemicals are reduced
- Green products use recycled content, so natural resources are conserved and less solid waste is generated

Visit the OGS website:
ogs.ny.gov/greenny

The GreenNY page on the OGS website has many green procurement resources including specifications, purchasing tips, case studies, educational resources and more!

Environmentally Preferable Purchasing:
- Environmental (EO4) specifications
- Buy Green: Frequently purchased green products and where to buy them

Energy Efficiency:
- Optimize building operations
- Using renewable energy
- Green your vehicle fleet
- Green your commute

GreenNY Knowledge Resources:
- Executive orders
- Case studies
- How-tos
- Quick guides
- Progress reports
- Reporting tools
- Sustainability plans
- Tip sheets
- Webinars

Toxics Reduction:
- Green cleaning
- Chemicals for your consideration

Waste Reduction, Reuse and Recycling:
- Evaluate your waste
- Reduce your waste
- Increase recycling and composting

Conserving Natural Resources:
- Sustainable landscaping
- Pollinator protection
