# The 1122 Public Safety Program

November 12, 2019

@NYSPPro

@nysprocurement

# 1122 Program Overview

- The 1122 Program, owned and managed by the Department of Defense, allows states and local government entities access to federal sources of supply to purchase equipment to support counter-drug, homeland security, and emergency response activities.
- The Department of the Army (DOA), Defense Logistics Agency (DLA), and the General Services Administration (GSA) provide equipment for purchase to the participating states under this program.

# The 1122 Program Provides Participating State and Local Governments Access to Federal Sources of Supply

What makes the program unique is that it gives state and local governments access to federal stock items (equipment and supplies).

# Sources of Supply (SOS)

- Sources of Supply (SOS) fall into two categories:
  1. **Federal Stock Items** - direct buys from:
    - Department of the Army [Local Government Entities ONLY]
    - Defense Logistics Agency [Local Government Entities ONLY]
  2. **Third Party Vendors**
    - General Services Administration (GSA) Schedules

These are direct purchases!

# When Can Items Be Purchased?

The 1122 Program may be utilized any time an 1122-certified Public Safety Agency (PSA) needs to support one of the three specific mission types to:

Prepare

Respond

Recover

# How to Get Certified

## Just 3 Easy Steps!

1. Use one certification letter template for each category requested. The templates can be found on our website: <https://ogs.ny.gov/procurement>
2. Submit certification request letter(s) to the 1122 State Point of Contact (SPOC) [NY1122.SPOC@ogs.ny.gov](mailto:NY1122.SPOC@ogs.ny.gov). Agencies must ensure they have provided all the requested information as outlined in the template.
3. Upon receipt, the letter will be reviewed and if approved, a certification approval letter will be sent to the requesting entity.

**NOTE:** Authorized users must ensure that the requesting officer and public safety representative have signing authority and have secured authorization to purchase in accordance with purchasing guidelines before submitting the certification letter.

# Resources

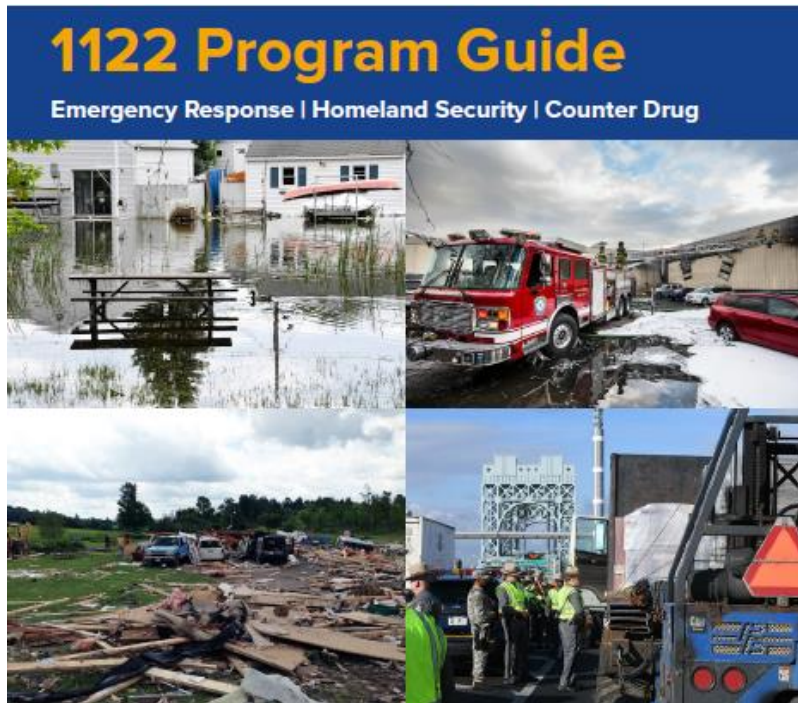

The GSA has published a catalog that provides a program summary and indexes products available through the program by their Source Of Supply (SOS) and other helpful links.

## 1122 Program Equipment and Supplies Catalog

# Resources

An 1122 Program guide will be located on the updated 1122 Program site page on the OGS Procurement Services website: <https://ogs.ny.gov/procurement>

The Guide document can be accessed here: [1122 Program Guide](#)

The 1122 Program Guide contains resources and detailed Program instructions to assist NYS Agencies with their purchase.

# Questions?

Additional information is available on the OGS website:
