(c) Notwithstanding the prior approval and continued operation of a federated community campaign manager, the Statewide SEFA Council may, at any time, issue an RFA for charitable organizations to apply in accordance with subdivision (d) of this section to act as the federated community campaign manager in any county, or groups of counties. The Commissioner will not approve a federated community campaign manager in any county or groups of counties, where, in the Commissioner's reasonable opinion and judgment, the number of state employees to be solicited by such campaign is too small to make deductions or contributions practicable or feasible.

[(c)] (d) Notwithstanding the prior approval and continued operation of a federated community campaign, in

the event a different charitable organization meets the general eligibility provisions, demonstrates the capability to fulfill the functions and duties set forth in section 335.7 of this Part, and is able to supply the information specified herein, [and determines that it has the capacity to conduct a more successful charitable solicitation of employees than the previously approved federated community campaign,] it may submit an application to the C[c]ommissioner pursuant to this section for its substitution in place of the existing federated community campaign. [The application, with notice to the existing federated community campaign, shall be made on or before February 15th of the year preceding the campaign.] The application shall include notice to any qualified federated community campaign currently serving that campaign area and an opportunity to be heard. The C[c]ommissioner [shall] may [also] solicit comments from the local SEFA committees, the S[s]tatewide SEFA C[c]ouncil and individual participant organizations concerning the application. The C[c]ommissioner's decision regarding acceptance or rejection of such proposed substitution shall be conclusive and binding. Written notice of the decision on an application for the substitution of a federated community campaign hereunder shall be given to the applicant, the previously existing federated community campaign, the local SEFA committees, and the S[s]tatewide SEFA C[c]ouncil. In the event the substitution is approved, the applicant will provide written notice to the affected participants. Such notice may be electronic.

(e) Upon the substitution, merger, or removal of a federated community campaign, the prior federated community campaign will continue to act as the fiduciary for the distribution of contributions and payment of approved expenses that relate to the campaign it conducted. The prior federated community campaign has the duty to account in the manner directed by the local SEFA committee or Commissioner. Any campaign funds remaining with the prior federated community campaign that were budgeted for administrative expenses but not

approved for expenditure by the local SEFA committee are to be transferred to the new federated community campaign with the accounting.

In the event that there is no qualified federated community campaign in a given county or group of counties, the local SEFA committee and Statewide SEFA Council will promptly inform the Commissioner in writing. The Commissioner may, in accordance with this section, accept applications from a substitute charitable organization to function as the campaign's federated community campaign or the Commissioner may attempt to merge the campaign with another campaign that has a qualified federated community campaign. The Commissioner may also cancel the local campaign, and in that event, no workplace solicitation of any employee in the campaign area is authorized and the Commissioner will provide notification to employee participants and cease all related deductions and further, no payroll authorizations may be accepted and honored during the duration of the cancellation.

Section 335.9 Recertification and [R]evocation of eligibility of a participant and appeal process.

The form of the certification, the information to be provided by individual participants, and the delegation of the receipt or review of certification information to a local committee, is at the discretion of the Statewide SEFA Council. The Statewide SEFA Council may use random sampling to review the certification information it receives to improve the efficiency of the recertification process. The Statewide SEFA Council may audit any participant at any time. If upon application by a local SEFA committee, or upon its own motion, the S[s]tatewide SEFA C[c]ouncil determines that a SEFA

participant, including any federated community campaign, has not maintained the eligibility qualifications of this part or requirement of the laws of the State of New York or the United States, such participant shall be removed from the annual solicitation campaign by majority vote of the S[s]tatewide SEFA C[c]ouncil. If such participant is removed, distribution of all funds to such participant shall be stopped, and all reasonable efforts will be made to inform affected donors of such removal and to give them an opportunity to withdraw payroll deduction authorization for contributions to such participant. The funds designated for the removed participant that have been collected, or that are received after the participant is removed, shall [be identified and distributed in accordance with section 335.10(b) of this Part] either be equally divided among the remaining charities that the donor has designated, or, if the removed charity is the sole designee, the donor shall be contacted, and either 1) select a new participant for the funds to be redirected to, or 2) withdraw the payroll deduction authorization for contributing to such participant.

(c) Removal shall be subject to the following terms and conditions:

[(1) The determination to remove a participant shall occur during the first quarter of the calendar year.]

[(2)] (1) The S[s]tatewide SEFA C[c]ouncil may require the submission of any additional statements or materials from any committee or the participant to aid in its determination of whether or not to remove the participant. Failure to timely provide requested submissions or materials may be considered in the decision to remove a participant.

[(3)] (2) The decision of the Statewide SEFA Council, to remove a participant shall contain a written justification. This justification shall be supported by specific references to the eligibility requirements set forth

in section 335.6 of this Part or the minimum contribution requirements set forth in this section as well as timely submission of materials to the Statewide SEFA C[c]ouncil. [In addition, the justification shall indicate the actual vote of the Statewide SEFA council on the question of continued eligibility and shall include the rationale or statement of any dissenting member.]

[(4)] (3) A copy of the removal determination shall be provided to the participant, any federation of charitable organizations to which the participant is a constituent organization, the federated community campaign for the campaign area where participation is removed, and the S[s]tatewide SEFA C[c]ouncil.

[(5)] (4) Any participating charitable organization[, or federation of charitable organizations [or federated community campaign] receiving notice of a determination of removal from the Statewide SEFA Council may appeal such determination in accordance with article 78 of the Civil Practice Law and Rules. The C[c]ommissioner is a necessary party to an appeal made in accordance with article 78 of the Civil Practice Law and Rules.

[(6)] (5) A participant removed from participation in the SEFA annual solicitation campaign shall be deemed to have been removed from participation in all campaign areas [in which it was previously eligible to participate].

(d) The Commissioner may, upon reasonable notice and opportunity to be heard, remove any participant, including any federated community campaign, found not to be in compliance with these regulations.

(e) [(d)] Re-application. A participant that has been removed from participation in a campaign may reapply for admission upon a showing of changed circumstances relevant to the determination of removal and after the expiration of a one-year period from the end of the annual solicitation campaign following the determination of removal.

Section 335.10 Distribution of contributions and pledges among participating organizations.

(a) Contributions and pledges that have been designated to specific participant charitable organizations and received by a federated community campaign must first be distributed to those organizations, minus only the deduction for the SEFA campaign's administrative costs.

[(b) In all campaign areas, undesignated contributions and pledges to the campaign shall be distributed in accordance with the following steps:

(1) The percentage of the total amount of contributions and pledges to the campaign that were designated to each specific participating organization shall be computed.

(2) Each participating charity shall be allotted the same percentage of total undesignated funds as it received as designated funds, minus only the deduction for the SEFA campaign's administrative costs.

(3) The calculation of the distribution of funds by the local SEFA committee shall be conclusive and binding on all participants.

(c) For the purposes of the calculations under the preceding subdivision, each constituent of a federation of charitable organizations shall be counted as a separate participant, but the federation of charitable organizations to which the constituent belongs shall receive that constituent's share, to be distributed in accordance with the federation's arrangement with its members, if any.]

[(d)] (b) *Administrative costs.*

(1) No later than May 1st of every year, each local SEFA committee shall review the financial report of the campaign for the previous year and proposed annual budget. (2) The administration cost percentage shall not exceed 15 percent of the sum of SEFA contributions received in the prior calendar year[, less pass through contributions received in such year]. A higher percentage may be permitted pursuant to paragraph (3) of this subdivision. The S[s]tatewide SEFA C[c]ouncil shall have

the right to review the administrative expenses of each federated community campaign, and to lower the percentage determined by the local SEFA committee if such percentage is deemed to be excessive. Such determination shall be made no later than ~~[June]~~July 15th of each year.

(3) If a local SEFA committee believes that a federated community campaign should receive more than 15 percent of the contributions received in the next SEFA campaign, such committee shall submit an application to the S[s]tatewide SEFA C[c]ouncil no later than May 15th, setting forth the percentage recommended and the reasons for such determination, as well as such data and documentation as the S[s]tatewide SEFA C[c]ouncil may require. The S[s]tatewide SEFA C[c]ouncil may permit a higher percentage amount only if it finds compelling reasons to believe that the reasonable and necessary costs of the next succeeding campaign must exceed 15 percent. Such determination, with the ~~[amount]~~percentage approved, ~~[shall]~~should be made by ~~[June]~~ July 15th of each year and is subject to the approval of the Commissioner.

(4) No later than May 15th, each federated community campaign will report its campaign's administration cost percentage and the planned time, or times, of distribution set out in its approved budget to the federated community campaign retained by the S[s]tatewide SEFA C[c]ouncil.

(5) ~~[Beginning in 2008, t]~~The federated community campaign or other charitable organization retained by the S[s]tatewide SEFA C[c]ouncil will provide notice of the administration cost percentage and planned distribution dates of each campaign, to each of the participants on the list provided under section 335.4(a)(5) of this Part. The method of notice will be determined by the S[s]tatewide SEFA C[c]ouncil. The method of notice may be limited to an electronic means such as web posting or e-mail, or limited to U.S. mail, or any other method reasonably determined to provide adequate notice. If the method of notice is limited to electronic means, the requirements of the State Technology Law will apply to such notice.

(6) ~~[Each participant shall remit the participant's share of the campaign costs from its distribution of funds.~~  
This amount shall be calculated by multiplying the sum of designated funds plus undesignated funds to be

received by the participant by the percentage for administrative costs determined pursuant to this paragraph]  
The administrative fees of the campaign shall be paid by the participants at the time of distribution of funds by the FCCM. The amount shall be calculated by multiplying the sum of the designated funds, by the percentage for administrative costs, determined pursuant to this section.
