NYS Zero-Emissions Goals

• In 2021 Governor Hochul signed into law a goal for all new passenger cars and trucks sold in New York State to be zero emissions by 2035

• Under the law, zero-emissions targets are set for new vehicles sold in NYS in upcoming years
  – 2035 for off-road vehicles and equipment
  – 2045 for medium-duty and heavy-duty

NYS Zero-Emissions Goals

• The law also requires the development of a zero-emissions vehicle development strategy by 2023

• This will support New York's ambitious goal of reducing greenhouse gas emissions by 85 percent by 2050, as outlined in the Climate Leadership and Community Protection Act (CLCPA)
