PART 1 – Our Agency’s Services

We prepared this Language Access Plan (“Plan”) to comply with New York State Executive Law Section 202-a, which establishes New York’s Statewide Language Access Policy. This Plan explains how we make sure that people with Limited English Proficiency (“LEP”) have meaningful access to agency services, programs and activities.

In this Plan, individuals with LEP are understood as people who do not speak English as their primary language and who have a limited ability to read, speak, write or understand English.

Our agency’s services to the public include:

The mission of the Department of Economic Development/Empire State Development (DED/ESD) is to promote economic development and increase job opportunities throughout the State of New York. This is accomplished by numerous programs that attract new businesses to New York State and support the expansion of existing businesses in the State. These services include the certification of businesses as women and/or minority owned and the inclusion of such businesses in State contracting opportunities.

PART 2 – The Population with Limited English Proficiency in Our Service Area

The Statewide Language Access Policy requires state agencies to translate vital agency documents into the top 12 most commonly spoken non-English language among New Yorkers with limited English proficiency. Our agency uses U.S. Census data (including data from the American Community Survey) to determine the top 12 languages most commonly spoken by individuals with LEP in New York State.

The top 12 languages spoken by individuals with LEP in New York State are:

#	Language	Estimated Number of Speakers with LEP (ACS 2018-2022)
1	Spanish	1,198,032
2	Chinese	377,524
3	Russian	124,422
4	Yiddish	90,199
5	Bangla	74,342
6	Haitian Creole	51,947
7	Korean	48,581
8	Arabic	42,907
9	Italian	41,155
10	French	34,304
11	Polish	33,122
12	Urdu	29,983

New York’s language access law also provides agencies, in consultation with the Office of Language Access, the option to add up to four more languages of translation beyond the top 12. The assessment about whether to include additional languages must be based on factors that are identified in the language access law. Our agency, in consultation with the Office of Language Access, has made the following determination with regard to the addition of languages beyond the top 12:

ESD’s assessment as to the necessity of additional languages of translation beyond the top 12 will remain on a as needed basis.

Our agency tracks encounters of individuals with LEP in the following ways:

Interpretation services are documented by our contractor by keeping track of the number of interactions, their duration, and the language(s) interpreted.

- “I Speak” posters or visual aids that provide information about free interpreting services in multiple languages
- Reception staff make those determinations based on training and experience
- Bilingual staff members, where available, assist in identifying the language of individuals with LEP

- Other (describe)

Our agency’s protocols for assessing whether an individual needs *oral interpreting* services in different service situations is as follows:

- During office in-person encounters:** Staff solicits informal assistance from bilingual staff, when available, to determine language spoken. “I Speak” cards and language identification posters or an NYS Office of General Services (OGS) approved language service contractor are utilized as needed.
- At initial contact in the field:** Staff utilizes “I Speak” cards/posters and NYS OGS approved interpretation contractors to determine whether interpretation services are needed.
- When speaking on the telephone:** Staff utilizes an NYS OGS interpreting service contractor, the Department of Taxation and Finance Call Center (“Call Center”) or solicits informal assistance from bilingual staff when available to determine language spoken.

For pre-planned appointments of individuals with LEP: When appointments are scheduled, the language needs should already be identified. The certification analyst utilizes an NYS OGS interpreting service contractor to connect to an interpreter.
