May 21, 2025 – August 19, 2025

August 20, 2025

The following items were approved by OGS in accordance with SFL §162 and the Procurement Council Guidelines.

OGS PROJECT NUMBER	PREFERRED SOURCE FACILITATOR	PRODUCT DESCRIPTION	MEMBER AGENCY	ESTIMATED ANNUAL VALUE	ESD APPROVAL DATE
2556-C	NYSID	HALO-3C Smart Sensor-Vape & Air Quality Detection-Plug & Play Kit - Item D4445	AHRC Nassau & A+ Technology & Security Solutions	$340,377.00	04/22/2025

2556-C HALO-3C Smart Sensor-Vape & Air Quality Detection-Plug & Play Kit - Item D4445

This application represents a Corporate Partnership between AHRC Nassau County and A+ Technology and Security Solutions. Nassau AHRC offers a wide range of assembly, packaging and shipping, from dental kits, coffee boxes, beauty industry packaging and more. Located in Freeport, NY, Nassau AHRC has served the business community since 1966. A+ Technology & Security Solutions is a recognized provider of expertise in school and public safety and security. They currently hold contract PT68745 on OGS Centralized Contract Award 23150 - Intelligent Facility & Security Systems and Solutions (Statewide).

The NYSID product includes the HALO Sensor, the PoE Injector device and Internet Cable. PoE stands for Power over Ethernet, which is a feature that delivers both data and power to devices through an Ethernet cable. The PoE eliminates the need for separate power supplies and outlets.

The HALO-3C kit is designed as a plug & play device, ensuring a simple installation process. At the time of purchase, the customer will have installation and training documentation available. To operate the HALO-3C, the customer simply downloads an app on a smartphone or computer. NYSID will have one or more customer service representatives trained to answer basic questions regarding installation and operation of the Halo-3C. In the event the NYSID representative is unable to answer the customers inquiry, their Corporate Partner will be prepared to intercede to resolve the customer's issue.

The manufacturer, supplier, and Corporate Partner are all located in Bay Shore, Suffolk County, NY. Ninety-eight percent (98%) of the raw materials for this application are manufactured in New York State.

Approval of this item is expected to provide employment opportunities for one disabled employee of AHRC Nassau. The employee will perform a variety of tacks including testing and applying necessary tags and labels.

The new product line is expected to provide 150.00 direct disabled labor hours annually which equates to .077 annual FTEs. 65.21% of the total direct labor will be provided by the disabled employee. First year sales are estimated at $340,377.00.
